J. K. Steel Ltd., Rishra, Hooghly, and their workmen represented by J. K. Steel Mazdoor Union, Rishra,

Hooghly, relating to the following issue to this Tribunal for adjudication:

Issue

Bonus for 1957-58.

2. Notices were issued on both the parties, who appeared and filed written statements setting forth their respective cases.

3. The pleadings of the parties will be discussed at the decision of the issue herebelow.

4. The appearances for the parties were as follows:—

For the Union: Shri Ram Sen, President, assisted by Shri Jadugopal Sen, Secretary.

For the Company: Shri S. K. Bose, Counsel, assisted by Shri K. P. Mookerjee, Advocate of Messrs. Khaitan & Co., Solicitors.

5. The issue that appears for decision is the same as that mentioned in the order of reference, and is as follows:—

Issue

Bonus for 1957-58.

AWARD

Decisions

6. **Issue No. 1.**—The Union states in its written statement as follows: The Company is one of the promising engineering units in West Bengal, and it has its factories well-equipped with up-to-date plants and machineries. There was a dispute over bonus for 1956, which was referred to Tribunal and a claim for 3 months' basic wage as bonus was awarded by the Fourth Industrial Tribunal. The Company refused to pay even 3 months pay as bonus even for the year 1957-58. The Union submits that the Company can easily pay at least 3 months' basic wage as bonus for the year 1957-58. The Company paid only one month's basic pay as bonus pending final decision on the bonus dispute by the Tribunal. The Union claims that the Company should be directed to pay additional 3 months' pay as bonus for the year 1957-58.

7. The Company, in its written statement, states as follows: Certain plants and machineries belonging to J. K. Iron & Steel Co., Ltd., Kanpur, was leased out to the Company by a lease, dated 25th May 1954, which was renewed on 30th December 1957. Most of the plants and machineries taken on lease were used by the said lessor for a long time and as such, the Company had to replace and modernise some of the machines and to take care for its proper maintenance. The Company denies that its factory is well-equipped with up-to-date plants and machineries. The Company further states that apart from the plants and machineries taken on lease from time to time, it had to purchase further plants and machineries which were essential for the purpose of expansion. In view of the financial strain through which the Company is passing, it approached the State of West Bengal for a loan and after execution of an indenture, dated 7th March 1957, it obtained a loan of Rs. 26½ lakhs from the State of West Bengal. The learned Fourth Industrial Tribunal, who made an award on bonus on a reference, dated 15th October 1957, overlooked various questions of facts and the Company craves leave to refer to the various matters including the omissions as mentioned in the award, dated 18th September 1958, made by the said Fourth Industrial Tribunal. The Company is ready and willing to pay the workers a reasonable amount as bonus considering the financial position of the Company for the working year in question. The balance-sheet of the Company is prepared by auditors in terms of the provisions of the Companies Act. Considering the trading position of the Company for the year 1957-58, and in terms of the Full Bench formula of the Hon'ble Labour Appellate Tribunal in the Millowners' case for available surplus, no bonus is payable to the workers for the year 1957-58. The Company states that the workers are not entitled to claim any customary bonus and the same is not the condition of service of the workmen.

8. Evidence was adduced on both sides. No oral evidence was adduced on behalf of the Union. Documents, Exts. 1 to 3(a) were marked for the Union. O.P.W. 1 Prof. Jatindra Nath Basu, retired Professor of Mechanical Engineering, Jadavpur University and at present a Consulting Engineer in the field of Mechanical Engineering, O.P.W. 2 Shri P. R. V. Ramani, Manager of the Company, O.P.W. 3 Shri Hariprosad Chatterji, Secretary of the Company and O.P.W. 4 Shri Bishan Saran, a retired Superintending Engineer and at present an Engineer in the employment of the Company, deposed for the Company. Documents, Ext. A to Ext. I(2) were marked for the Company.

9. O.P.W. 1 Prof. J. N. Basu inspected the factory on two days when he went through the operation of the plants and studied the long books of the machineries that were available. He prepared a report after discussions with the Engineers of the Company, and this report is Ext. A. The report states that from his experience of operation data of other plants of engineering industries, the witness assessed the future life of the machines as stated in the report. The future service life of the machineries were fixed from 1 to 13 years in the case of most of the machineries, 15 years in the case of the Spot Welding Machine and 22 years in the case of a Transformer. The claim of the Union is for bonus for the year 1957-58. Ext. B is the annual report with balance-sheet of the Company for the year 1957-58. The financial year of the Company is from 1st July to the 30th June of the following year. The case of the Union is that the workmen are entitled to four months' wages as bonus for the year in question in accordance with the principles enunciated by the Full Bench formula in the case of the Millowners' Association, Bombay, reported in 1952 L.A.C., 433. The Union has already got one month's pay as bonus and its claim is for an additional three months' pay as bonus for the year in question. The Company filed documents in support of its statement for the various prior charges which are necessary for consideration in working out the available surplus according to the Full Bench formula enunciated in the Millowners' case, and approved of by the Hon'ble Supreme Court in the case of A.C.C. Ltd., reported in 1959(1) L.L.J., 644. Ext. E(15) is the statement of the prior charges as submitted by the Company, and it is shown that instead of an available surplus, there is a defecit to the extent of

Rs. 4.79 lakhs and that, in consideration of the provisions for repayment of loan and provisions for replacement of leased machineries, the total defecit would be about Rs. 9.66 lakhs. The Union filed its calculations in Exts. 2 to 2(d), and it was pressed that the available surplus on a consideration of the various prior charges would amount to about Rs. 2.96 lakhs and the Company would have sufficient surplus to pay bonus to the extent of 4 months' basic wage. It appears from the Memorandum of Settlement, Ext. 3(a), which was arrived at between the Union and the Company on 16th October 1958 during conciliation proceedings over the dispute in question that the parties agreed to have the issue for bonus for 1957-58 referred to the Tribunal for adjudication and that, without prejudice to the Union's claim for bonus equivalent to three months' basic wage for 1957-58, the Union and the workmen agreed to accept one month's basic wage as bonus for 1957-58 as already declared by the Management, subject to the decision of the Tribunal on the issue of bonus. It is admitted by both the parties that bonus equivalent to one month's basic wage has already been paid for the year 1957-58 and this amount appears to be Rs. 21,952 in Ext. E(15).

10. I shall first consider the deductions claimed by the Company in Ext. E(15) for the provisions for repayment of loan from the Government of West Bengal to the extent of Rs. 20.5 lakhs to be repaid in 10 years' time and the deficit calculated on account of the provisions for replacement of leased machineries as per Schedule G. The Company has claimed a prior charge of Rs. 2.05 lakhs against the provision for repayment of loan to the Government of West Bengal and Rs. 2.80 lakhs against the provision for replacement of leased machineries. The document of lease is Ext. C, dated 30th December 1957. The Company took some machineries in lease from J. K. Iron & Steel Co., Ltd., in 1952 and started this factory at Rishra. The anunal rental of the machineries leased to the Company in 1952 appears to be Rs. 78,000 in the year. Ext. F is an indenture between the Company and the Government of West Bengal by which the Company took a loan of Rs. 20.5 lakhs and odd in March 1957. This money was utilised in the expansion of the mill in the year 1957 and 1958, in which years the Company erected two new plants, viz., (1) for the production of cold rolled strips and (2) for the production of wire ropes, as shown in the balance-sheet, Ext. B. It appears that these plants commenced production in April, 1958. It has been decided by the Hon'ble Supreme Court in the case of A.C.C. and others, reported in 1959(I) L.L.J., 644, that if any fund is used by the employer for the purpose of expanding his business, he is not entitled to claim any return on such fund under the items of prior charges. I do not consider that the Company is entitled to any provision for repayment of loan from the Government of West Bengal as per Ext. F. I also do not consider that the provision for replacement of leased machineries as per Schedule G, as claimed in Ext. E(15) may be a prior charge in calculating the available surplus under the bonus formula. This item is unrelated to the trading profits of the year and cannot be claimed over and above the provision of rehabilitation of plants and machineries.

11. The statement of prior charges, as submitted by the Company in Ext. E(15), suffers from a variety of infirmities. I shall take up the question of normal depreciation as made out by the Company in Ext. E(15) and as calculated in Ext. E(1). The chart Ext. E(1) for the calculation of normal depreciation on the 'straight line method' for the year ended 30th June 1958 is not correct. The calculation is to be made according to the decision of the Hon'ble Supreme Court in the A.C.C. case on the notional normal depreciation as enunciated in the case of Surat Electricity Co., reported in 1956 L.A.C., 443, being the same case as reported in 1957(II) L.L.J., 648. The Surat Electricity Co. case was decided by the Hon'ble Labour Appellate Tribunal. The Hon'ble Judges of that Tribunal state that for the purpose of bonus formula, the initial and additional depreciation must be ignored in fixing the written down value and in determining the period over which the normal depreciation will be allowed. The result will be a notional amount of normal depreciation. It is stated that the bonus formula itself is a notional formula. Under the Income-tax Act, normal depreciation is a sum equivalent to such percentage of the written down value as may be prescribed [section 10(1)(vi) of the Income-tax Act]. This method is popularly called the "straight line method". The percentage, however, is to be calculated on the written down value of the buildings or machineries. It will appear from Ext. E(1) that the Company calculated 10 per cent. of the second class factory buildings on the original value of the buildings on 30th June 1957, which is stated to be Rs. 7.66 lakhs. The value at that date of first class buildings is stated to be Rs. 2.04 lakhs, making the total value of buildings at Rs. 9.70 lakhs. It will appear from Ext. B, the balance-sheet for the year ended 30th June 1958 that Rs. 9.70 lakhs is the original cost on 30th June 1957 of buildings. It is not the written down value of these buildings on 30th June 1957, on which alone the normal depreciation is to be calculated. The normal depreciation on original value as calculated here in Ext. E(1) is the percentage on the original value of the buildings and machineries, and ignores the age of the assets and ignores the depreciation which these assets earned in previous years. The depreciation calculated at Rs. 2,87,992 must be much in excess of the normal depreciation as contemplated by the Hon'ble Judge in the Surat Electricity Co.'s case. I have no doubt that the normal depreciation as set out in Ext. E(1) is unacceptable and the real amount of normal depreciation will be much less than Rs. 2.88 lakhs. In coming to the chart of rehabilitation of machineries, as shown in Ext. E(6), it appears that the Company accepted the future life of the machineries as stated by Prof. J. N. Basu, O.P.W. 1 and then found out replacement cost as shown from papers and invoices filed by the Company and thereafter distributed the total replacement cost on the residuary life of the machines as on 30th June 1958. The process has been entirely mistaken. As for example, in item No. 1, Furnace 1, is shown to have a total life of 9 years. It was installed in 1952. The age of the machine on 30th June 1958 is shown to be 6 years. The original price is Rs. 2.13 lakhs. The replacement cost is shown to be Rs. 2.34 lakhs. The residuary life on 30th June 1958 is shown to be

3 years. The rehabilitation requirement per year is shown to be one-third of the total replacement cost of Rs. 2.34 lakhs and is shown to be Rs. 78,000 and odd. It will be evident that the Company is not entitled to claim rehabilitation requirements by distributing the total replacement cost on the residuary life of the machines. It is in evidence of Shri J. N. Basu that his report does not show when the machines were purchased and after the years of life-time mentioned in the chart, these machines can give service but not efficient or good service. O.P.W. 2 Sari Ramani states that he has taken the total life of the machineries as 15 years. In the chart of Prof. J. N. Basu, very few of the machines have been shown to have a life of 15 years. In the circumstances of the case, I do not consider that the life of the machineries as shown in the chart, Ext. A of Shri J. N. Basu, should be acepted for the purpose of calculation of rehabilitation reserve in working out the available surplus under the Full Bench formula. It has been stated by the Hon'ble Labour Appellate Tribunal in the case of Rustom & Hornsby Ltd., reported in 1955 L.A.C., 87 at page 90 that "the proper allowance to be made on account of rehabilitation is always a matter of difficulty; no one can be certain what the price of machinery will be when the replacements come to be made and present provision for this purpose is frankly based on intelligent anticipations." The Full Bench formula recognised this in the Textile Bonus case. It observes that it was for the advantage of labour that plant and machinery should be kept continually in good working order and having regard to the uncertain tendency of the price level, expressed the view that a liberal estimate should be adopted. Similar views were expressed by the Hon'ble Supreme Court in the A.C.C. case, where the Hon'ble Judges approved of the statements of the Hon'ble Labour Appellate Tribunal in the case of Metal Box Co. of India (1952 L.A.C., 315) where it has been observed that all calculations of the Court as to rehabilitation may be disproved by subsequent events and it was impossible to say what the trend of world prices would be in the next 15 years or which circumstances would intervene before that period to upset such calculation one way or the other, and no calculations of this kind are capable of mathematical accuracy. Considering all these circumstances, I find that the life of machineries should, in the justice of the case, be taken to be 15 years and not less for the purpose of working out of the bonus formula. As has been mentioned above, I do not consider that the chart of rehabilitation, Ext. E(6), is of any help in this proceeding, as the original price of the machineries have been distributed only on the suggested residuary life at the date of bonus payment, that is 30th June 1958. There can be no doubt that the replacement cost should be distributed over the entire period of life of the machines. The same defect attaches to the chart of rehabilitation on precision machinery, Ext. E(12), which is not acceptable. The same defect has also crept in the chart of rehabilitation of buildings, railway sidings, etc., in Ext. E(13) where the replacement cost has been sought to be distributed on the residuary life of the buildings and railway sidings, etc. The price is to be distributed over the entire life of the assets. In view of these circumstances, there can be no doubt that the claim of rehabilitation as suggested by the Company in Ext. E(15) has been excessive and unworthy of acceptance. The amount of normal depreciation as mentioned in Ext. E(15) is also excessive. The Company also claimed rehabilitation charges for the newly constructed buildings, which were erected in 1957 and 1958, and the newly purchased machineries which were purchased and installed in 1957 and 1958 for the purpose of expansion by way of setting up the two new plants, as mentioned in the balance-sheet. These machines and buildings were productive only for two months in the year in question and that is the reason why normal depreciation for these machineries and buildings were claimed by the Company only for two months in Ext. E(1). The question that arises is whether the Company is entitled to claim rehabilitation reserve upon the entire value of these buildings and machineries for which depreciation was claimed only from April to June 1958. The learned Counsel for the Company argued on the authority of the Hon'ble Supreme Court in the case of Indian Oxygen, reported in 1959 (II) L.L.J., 540, that if in the relevant year the asset is in existence and use, a claim for its rehabilitation would not become inadmissible. It appears to me that the observation of the Hon'ble Court is applicable to the asset which is in existence and use and was productive for the whole bonus year. The Hon'ble Court in this case enjoins that the Tribunal should give effect to the Court's judgment in the Associated Cement case. The Associated Cement case, [1959 (I) L.L.J., 644] shows at page 669 that the claim under the item of rehabilitation is confined to rehabilitation, replacement and modernisation and not expansion of plants and machineries. I have no doubt that the additional expenses in buildings and machineries made by the Company in 1957 and 1958 for the purpose of expanding its works and starting two new plants are not to be considered in full for the purpose of determining the rehabilitation reserve in consideration of the fact that it gave production only for two or three months in question. The learned spokesman for the Union considered in his statement Ext. 2(a) that the new block in buildings and machineries were productive for one-fourth of the year, i.e., for three months and he has given the chart, as shown in Ext. 2(a) for the purpose of finding out the rehabilitation reserve.

12. In view of the fact that the normal depreciation according to the Surat Electricity Co. case has not been submitted by the Company, I pointed out this matter to the learned Counsel but no new chart was supplied. For the purpose of calculating the notional amount of available surplus, I shall take a reasonably approximate sum as the normal depreciation in the circumstances of the case. The claim in Ext. E(1) is for Rs. 2.87 lakhs as normal depreciation. In the calculation for provision for Income-tax in Ext. E(2), the Company shows statutory depreciation as Rs. 1,89,686, i.e., approximately, Rs. 1.90 lakhs. I shall take for the purpose of the formula that the normal depreciation is Rs. 2.20 lakhs. I accept the Wealth Tax to be Rs. 8,000 as shown in Ext. E(3). Ext. E(4) shows the statement of reserve as utilised as working capital and it shows that the entire reserve was utilised as working capital, and evidence was adduced by O.P.W. 3,

the Secretary of the Company, in support of this statement. I shall consider that the old block of buildings would have a multiplier of 1.5 in the calculation of its replacement costs. The new block which will be ¼th of the total new additions, shall have a multiplier of one, as shown in Ext. 2(a). In regard to the plants and machineries, the old block shall have a multiplier of 2 and the new block shall have a multiplier of 1, as shown in Ext. 2(a). I find that the Ext. 2(a) is quite correct, except for the fact that no reserve should be deducted in finding out the available fund in regard to the replacement cost of the plant and machinery. In view of the fact that the reserve has been used as working capital, it cannot be deducted from the rehabilitation amount, in view of the decision of the Hon'ble Supreme Court in the case of Khandesh Spinning and Weaving Mills, reported in 1960 (I) L.L.J., 541.

13. The calculation for rehabilitation reserve shall, therefore, be like this—

		In lakhs of rupees.
(1) Building—		
Old Block	6·69×1·5	10·03
New Block—		
1/4 of the total new additions for expansion (new factor)	3·62×1	3·62
1/4 of 14·51	10·31 —	13·65
Less—		
Depreciation up to June 1957 ..	4·48	4·99
Breakdown value at 5 per cent.	·51	
	4·99	8·66
So the rehabilitation cost of the year.	8·66	
	30 years	·29

Plant and Machinery

		In lakhs of rupees.
Old Block	7·25×2	14·50
New Block—1/4 of total new additions for expansion.	10·34×1	10·34
		24·84
Available Fund—		
Less—		
(i) Depreciation up to June 1957	5·01	
(ii) Breakdown value ..	·87	
		5·88
		18·96
So, rehabilitation cost for the year is	18·96÷15=1·26 lakhs	
Total rehabilitation cost is therefore	·29 lakhs	
	1·26 lakhs	
	1·55 lakhs.	

In view of the fact that the Company is given a normal depreciation of Rs. 2.20 lakhs, it is not entitled to any additional rehabilitation reserve for the year.

14. The calculation for available surplus should, therefore, be as follows:—

			In lakhs of rupees.
Gross profit as shown in Ext. 15 ..			6·77
Less—		(In lakhs of rupees.)	
Extraneous income as shown in Ext. E.		·11	
Less—			
National normal depreciation taken at a reasonably approximate sum.		2·20	
Income-tax as shown in Ext. E(2)		2·53	
Wealth tax as shown in Ext. E(3)		·08	
		4·92	4·92
Less—			1·85
Prior charges—Return on paid-up capital at 6 per cent. on Rs. 6 lakhs.		·30	
Return at 2 per cent. on the reserve used as working capital of Rs. 16 lakhs.		·32	
Reserve for rehabilitation ..		nil	
		·62	·62
			1·23

Available surplus Rs. 1·23 lakhs.

It has been decided in the case of Burn & Co., reported in 1960 (1) L.L.J., 585, that in the case of awarding interest on working capital, the decision should be left to the discretion of the Tribunal. The statement Ext. E(4) showing allocation of reserves as having been used as working capital was taken from the balance-sheet, Ext. B, which shows the state of affairs as on 30th June 1958. The oral evidence of O.P.W. 3 the Secretary of the Company, does not give any further details. I have accepted the statement, Ext. E(4), but allow only 2 per cent. return on the sum in the circumstances of the case. The statements submitted in evidence by the Company in respect of prior charges suffer from the infirmities of exaggeration and I have mentioned above some of the salient features of this error. Even then, I have made the greatest endeavour to find out all the items of prior charges of notional sums for bonus year by way of "intelligent anticipation", which to my mind, will meet the ends of justice in the present case.

15. From what has been detailed above, the available surplus comes out at Rs. 1.23 lakhs. The total monthly basic wage of the employees is about Rs. 22,000. I consider that an allocation of a sum of Rs. 66,000 for bonus payment and of Rs. 57,000 for the Company will be a fair distribution of the surplus between the Company and its labour. That being so, the workers would be entitled to three months' basic wage as bonus for the year 1957-58. The allocation will leave a little more than 50 per cent. of the surplus in favour of the Company, considering the rebate of income-tax which will be available to it on the amount paid as bonus.

16. In view of all circumstances, I award that the workers of the Company shall be paid three months' basic wage as bonus for the year 1957-58. As they have been already paid one month's basic wage as bonus before the date of this award, the workers shall be paid an additional sum equivalent

to two months' basic wage over and above one month's basic wage where such a sum has been already paid.

17. This issue is accordingly answered.

By order No. 2326-I.R./IR/10L-40/58, dated the 7th June 1958, as amended by order No. 4704-I.R./IR/10L-40/58, dated the 11th November 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. National Iron & Steel Co. Ltd., Belur, Howrah and their associated concerns, namely, (1) National Screw and Wire Products Ltd., (2) Britannia Buildings and Iron Co. Ltd. (Belur Works), and (3) Tatanagar Foundry Co. Ltd. (Belur Works), all of Belur P.O., Howrah, on the one part and their workmen represented by (1) NISCO Karmachari Sangha, Ramnabamitala Lane, Bally, Howrah and (2) Belur Iron & Steel Workers' Union, 80 Dawnagazi Road, Bally, Howrah, on the other, regarding the matter specified in the schedule to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Production Bonus.

The present reference for adjudication relates to a dispute over production bonus between Messrs. National Iron & Steel Co. Ltd., and their three associated concerns, namely, (1) National Screw and Wire Products Ltd., (2) Britannia Buildings & Iron Co. Ltd. (Belur Works), and (3) Tatanagar Foundry Co. Ltd. (Belur Works), on the one hand and their workmen represented by two Trade Unions, namely, (1) NISCO Karmachari Sangha, and (2) Belur Iron & Steel Workers' Union. The original reference was received by this Tribunal on 11th June 1958 under Government of West Bengal, Department of Labour, order No. 2326-I.R./IR/10L-40/58, dated 7th June 1958. Under that order the dispute which was referred to this Tribunal was one

between Messrs. National Iron & Steel Co. Ltd., Belur, Howrah, and their workmen represented by (1) NISCO Karmachari Sangha and (2) Belur Iron & Steel Workers' Union. By a subsequent addendum of the appropriate Government No. 4704-I.R./IR/10L-40/58, dated 11th November 1958, the original reference was amended by adding the three associated concerns, namely, (1) National Screw and Wire Products Ltd., (2) Britannia Buildings & Iron Co. Ltd. (Belur Works), and (3) Tatanagar Foundry Co. Ltd. (Belur Works) as parties on the employer's side.

After the original reference was received on 11th June 1958 notices were duly served upon the parties. One of the two Unions, namely, Belur Iron & Steel Workers' Union filed its written statement of claim on 24th July 1958 and the other Union, namely, Karmachari Sangha filed its written statement of claim on 6th August 1958. The Company, i.e., National Iron & Steel Co. Ltd., filed its written statement on 16th September 1958. On 17th November 1958 a copy of the Government order No. 4704-I.R./IR/10L-40/58, dated 11th November 1958, was received by this Tribunal and necessary amendment was made in the original reference and parties were asked to file their additional written statements. The Karmachari Sangha did not file any additional written statement but merely filed on 10th December 1958 copies of itis original written statement of claim filed earlier. The Workers' Union filed its additional written statement of claim on 24th December 1958. The three added Companies, namely, National Screw and Wire Products Ltd., Britannia Buildings & Iron Co. Ltd., and the Tatanagar Foundry Co. Ltd., filed a joint written statement in answer to the claim of the Workers' Union and Karmachari Sangha on 2nd February 1959. Thereafter pleadings having been completed, documents filed and inspected, negotiations for settlement having failed, and several petitions filed by the Companies having been disposed of after opening of the case on 7th April 1960, the hearing was resumed on 8th April 1960. Further hearing was adojurned to 11th April 1960 and from 11th April 1960 the hearing continued from day to day till 14th May 1960 and then from 17th May 1960 to 19th May 1960. The arguments were heard from 30th May 1960 to 3rd June 1960 when arguments were concluded and award was reserved.

Findings

Now I take up the only issue under this reference, namely, "Production Bonus." The issue is in general terms. As I have stated in my order No. 32, dated 8th April 1960, I shall confine my adjudication only to those points raised in the pleadings of the parties, namely, the points raised in sub-paragraph (i) to (ii)(b) and (c) of paragraph 18 of the written statement filed by NISCO Karmachari Sangha and also to the points raised in the prayer portion in paragraph 25 of the written statement of Belur Iron & Steel Workers' Union upon due consideration of the relevant objections therto by the Companies concerned.

In order to appreciate the pleadings of the parties I must set forth in nut-shell the respective cases of the Workers' Union and the Karmachari Sangha as pleaded in their written statements filed on 24th July 1958, 24th December 1958, and on 6th August 1958, 10th December 1958, respectively. The Workers' Union filed its original written statement on 24th July 1958 and the Karmachari Sangha filed its original written statement on 6th August 1958 when the only Company under the order of reference was Messrs. National Iron & Steel Co. Ltd. After corrigendum an amendment was made of the original order of reference on 17th November 1958 by adding three other Companies, namely, National Screw and Wire Products Ltd., Britannia Buildings and Iron Co. Ltd., and Tatanagar Foundry Co. Ltd., as associated concerns of Messrs. National Iron & Steel Co. Ltd. After this amendment the Karmachari Sangha did not file any additional written statement but merely filed a copy of its original written statement on 10th December 1958. The Workers' Union filed an additional written statement on 24th December 1958 reiterating what had been stated in its original statement and claiming same relief as claimed in the original written statement against Messrs. National Iron & Steel Company Ltd., as also against their three associated Companies. The gist of the written statements filed by the Workers' Union is that the production bonus scheme which is in vogue in different departments of Messrs. National Iron & Steel Co. Ltd., and in Britannia Buildings and Iron Co. Ltd., and in National Screw and Wire Products Ltd., is defective and that an award may be made directing these Companies to introduce production bonus scheme in such a manner as to cover all workmen who are presently out of it, to remove all anomalies in the existing scheme and to remove differences where it exists. The second prayer of the Workers' Union is that the target fixed for production should be refixed so as to bring it down to the level of target which was in vogue in 1948. The Union gives a concrete example of this when it says that the existing target which is fixed in the Steel Foundry Department of Messrs. National Iron & Steel Co. Ltd., should be brought down to 20 pounds per head instead of 25 pounds per head which is now in existence.

The gist of the case of the Karmachari Sangha as pleaded in its written statement is as follows:—

The Karmachari Sangha does not attack the target or the standard of performance or production existing in the different departments of Messrs. National Iron & Steel Co. Ltd. All that it wants is that the scheme of production bonus should be extended to all productive departments at the same rate without making any distinction between an alleged direct, productive workmen and alleged indirect productive workmen; secondly, that it should be extended to all workmen of the alleged indirect productive departments at same the rate at which it is paid to the productive workmen of the particular productive departments to which the particular indirect productive departments are attached; thirdly, that the scheme should be extended to all workmen of the Maintenance Department of Messrs. National Iron & Steel Co. Ltd. at one-half of the total rate arrived at by adding the rates at which all the alleged

productive departments of the said Company as also at which the workmen of the three other Companies may be paid; fourthly, that the scheme should be extended to all workmen employed in the Civil Maintenance and Siding Maintenance Departments of Messrs. National Iron & Steel Co. Ltd. so as to pay them the same rate of bonus as may be paid to the workmen of the Maintenance Department; fifthly, that the scheme should be extended to all workmen of the non-productive departments of Messrs. National Iron & Steel Co. Ltd. at 1/4th of the total rate arrived at by adding the rates at which all the alleged productive departments as also at which the workmen of the three other Companies may be paid; sixthly, that the scheme should be extended to four workmen of the Shipping Department solely employed in the rolling mill, at the rate at which the workmen of the rolling mill may be paid, seventhly, that the scheme may be extended to 3 chemists of the Laboratory Department solely employed for electric furnace work at the rate at which the workmen employed in the electric furance may be paid; and lastly, the Sangha pays that all the four Companies may be directed to pay production bonus on the basis of basic wages and dearness allowance earned by the workmen and also on the basis of the total earning including the earnings for the days described as non-productive days.

The Company Messrs. National Iron & Steel Co Ltd. in its written statements filed on 16th September 1958 meets the claims of the Workers' Union and Karmachari Sangha in the following manner:—

This Company and the three associated Companies, namely, Britannia Buildings & Iron Co. Ltd., National Screw and Wire Products Ltd. and Tatanagar Foundry Co. Ltd. are four distinct and separate units engaged in different types of manufacture although their factories are located in the same premises at Belur, Howrah. The production bonus scheme of Messrs. National Iron & Steel Co. Ltd. was introduced on its own initiative and discretion and was made applicable to the workmen in consultation with the workers' representatives. Different bonus schemes were introduced in different departments from time to time as a result of which the earnings of the workmen covered by the scheme have substantially increased. These schemes have been introduced to suit the requirements of different departments and nature of work of the said departments. Under these schemes payment of production bonus has been directly linked up with production targets and the schemes have been revised from time to time as and when additions have been made to plant and machinery or certain additional facilities provided or more working space made available or improvement effected in the technique of manufacture. With regard to the targets this Company's contention is that the targets have been fixed by direct negotiations between the Company and workers' representatives in respective departments and that the target in the steel foundry in particular was increased from 20 pounds to 25 pounds per head per day at the end of 1956 through direct negotiations and having regard to certain additions made to plant and machinery and provision of additional facilities and working space and improvement in the technique of manufacture. The production bonus is paid only to those workers who are directly engaged in production or in maintenance of plant and machinery. The Company also contends that there are no anomalies or defects in the existing production bonus incentive schemes and that introduction of production bonus scheme being entirely a management function the Company is not under any legal or normal obligation to extend the same to all workmen. So, according to this Company, the claims made by the Workers' Union for revision of target and for removal of anomalies and differences in the existing bonus scheme are wholly unfounded and that no relief can be granted to this Union as the existing production bonus schemes have been revised by direct negotiations with the workers' representatives and are not operating to the prejudice of the workmen.

With regard to the written statement of the Karmachari Sangha the contentions of Messrs. National Iron & Steel Co.Ltd. are that the classification of the departments into direct productive, indirect productive and non-productive departments is sound and in conformity with the existing practice in the industry, that under the existing schemes a workman of an indirect productive department working in the productive department is paid at the full rate which is normally payable for that job and that there is no practice of employing direct productive workers in indirect productive departments, that the workers employed in Maintenance Department are paid at 75 per cent. of the average plant bonus. The production bonus is paid only to such workers who are directly engaged in production works or in maintenance and non-productive workmen are not covered under the existing scheme, that the four clerks of the Shipping Department referred to in the Karmachari Sangha's written statement have nothing to do with the actual production in the rolling mills and so are the three chemists who are not at all concerned with the actual production of electric furance or other productive departments, that the workers in the Civil Maintenance Department get production bonus at the prescribed rates, that there is no obligation on the part of the Company to extend the benefit of existing scheme to all workmen of all departments or to pay production bonus to different categories of workmen at a uniform rate, and that the existing schemes of production bonus are quite fair and reasonable and in conformity with the practice in the industry. Thus the Company's case is that the claims made by Karmachari Sangha regarding production bonus should be rejected.

The three associated Companies, namely, National Screw and Wire Products Ltd., the Britannia Buildings & Iron Co. Ltd. and Tatanagar Foundry Co. Ltd. filed their joint written statements on 2nd February 1959 in reply to the written statements filed by the Workers' Union and the Karmachari Sangha. Their main contentions are that these three Companies are separate and independent units although they are associated concerns of National Iron & Steel Co. Ltd. that the production bonus schemes existing in the Britannia Buildings & Iron Co. Ltd , and

the National Screw and Wire Products Ltd., are fair and reasonable and have been evolved by agreement and revised from time to time in consultation with the representatives of workmen concerned, as regards the Tatanagar Foundry Co. Ltd., there was a bonus scheme in existence before 1952 but as the entire workshop had to be closed down on 1st February 1952 and it was restarted in October 1953 and there has been no production bonus scheme in operation since 1953, the Company cannot be compelled to reintroduce the bonus scheme as introduction of such a scheme is entirely a management function and finally that the existing production bonus schemes obtaining in the two of the aforesaid Companies are fair and equitable both to the workers concerned and the management, as they are primarily based on agreement between the parties there cannot be any question of further modification or revision of the scheme; and lastly that these Companies cannot be compelled to introduce same type of production bonus scheme as obtaining in the National Iron & Steel Co. Ltd., to different departments of associated concerns inasmuch as the type of manufacture done by these Companies is different from that of Messrs. National Iron & Steel Co Ltd. These Companies finally contend that there is no justification for extending the existing bonus schemes to these workmen who are already out of the schemes.

Thus on the pleadings of the parties the following points broadly fall for adjudication:—

(1) If the target of production should be refixed so as to bring it down to the level of target which was in vogue in 1948 and if, in particular, the target in Steel Foundry Section of National Iron & Steel Co. Ltd., should be reduced from 25 pounds per head per day to 20 pounds per head per day.

(2) Removal of anomalies in the existing bonus schemes of National Iron & Steel Co. Ltd., and its associated concerns, if any.

(3) Extension of bonus schemes to those who are outside the present schemes in vogue in the Companies concerned and rates of such production bonus.

(4) Rates of production incentive bonus to all categories of workmen whether employed in direct productive or indirect productive depratments if to be uniform.

(5) Introduction of same production schemes for all the four Companies concerned.

Point No. 1: Fixation of target.

I take up point No. 1, namely, the question of fixation of target first. So far as the National Iron & Steel Co. Ltd., is concerned there are admittedly two types of production bonus schemes in existence, namely, one for workers directly engaged in production and the other for workers engaged in the maintenance of plant and machinery [vide paragraph 6 of written statement by Workers' Union filed on 24th July 1958, paragraph 6 of Karmachari Sangha's written statement filed on 6th August 1958, paragraph 4(5) of National Iron & Steel Co. Ltd.'s written statement filed on 16th July 1958 in reply to Union's written statement and in paragraph 4(6) of the written statement by the said Company of the same date in reply to the written statement by Karmachari Sangha]. It is not disputed either that the workers who are not directly engaged in maintenance or production are not covered under any production incentive bonus schemes

There is also no dispute amongst the parties regarding the fact in Britannia Building and Iron Co. Ltd., there is a scheme of production bonus in existence as revised by a settlement between the management and its workmen, dated 14th June 1958, incorporated in the award passed by Shri G. Palit, Chairman, Fifth Industrial Tribunal in terms of the said settlement on 12th August 1958 (Ext. F/1). So far as the National Screw & Wire Products Ltd., is concerned the Company introduced in its own discretion a production incentive bonus scheme which was revised in July 1958, in consultation with the representatives of the workmen concerned by an agreement, dated 24th July 1958 (Ext. G), after objection. The Workers' Union does not accept this agreement but it accepts the position that there is a production bonus scheme in existence in National Screw & Wire Products Ltd., in paragraph 2 of its additional written statement filed on 24th December 1958. So far as the 4th Company, namely, Tatanagar Foundry Co. Ltd., is concerned, it is an admitted fact that there was a production bonus scheme in existence in this Company. It has been discontinued since the restarting of the Company in October 1953 after its closure in February 1952.

So far as the existing target of production fixed for different departments of the aforesaid Companies, namely, National Iron & Steel Co. Ltd., Britannia Building & Iron Co. Ltd , and National Screw & Wire Products Ltd., is concerned it is challenged only by the Workers' Union and not by the Karmachari Sangha. The Karmachari Sangha does not attack the existing target which is in existence in the different departments of the aforesaid Companies concerned but its grievance is relating to the rates of production bonus now existing and to the fact that there are categories of employees who are not covered by the existing production bonus schemes. Therefore, so far as the dispute relating to the fixation of target of production in the different departments of the Companies is concerned, it is between the Workers' Union on one hand and the Companies concerned on the other.

With regard to the Britannia Building & Iron Co. Ltd., there is no specific case of the Workers' Union as to the fixation of target of production. Only in paragraph 5 of its additional written statement the Union prays for relief to the workers of the associated units including Britannia Building & Iron Co. Ltd., in the same line with that of National Iron & Steel Co. Ltd. On the other hand, it is admitted that the dispute regarding production bonus for workmen of this Company was raised before the Fifth Industrial Tribunal in the year 1957 and that this dispute ended in

a settlement between the workmen and the Company and was embodied in the award of the learned Tribunal, dated 12th August 1958 (Ext. F/1). The terms of agreement regarding the production bonus and other issues raised in that reference were accepted by the learned Tribunal as fair and reasonable and were incorporated as a part of the said award. In that settlement the minimum production of 50 tons per month was fixed, below which no worker would be eligible to any production bonus and for every one ton production over 50 tons per month the production bonus of 1 per cent. of the basic wage of individual worker could be awarded. According to this Company the then existing production bonus scheme for workmen of the said Company was revised by mutual negotiations to the benefit of the workmen and was incorporated in the award, dated 12th August 1958. The Company's contention is that the terms of this agreement regarding the production bonus are fair and reasonable as also held by the Tribunal concerned and that the said award is still in operation and has not been terminated by any written notice by either of the parties, and, therefore, the production bonus as fixed by that agreement cannot be altered now within a short period of time. The position taken by the Company appears to me to be reasonable and proper. The Workers' Union has not placed any materials before this Tribunal to show why and how the target of production fixed in this consent award (Ext. F/1) should be altered or lowered to the benefit of the workmen concerned. From the statements filed by the Company concerned on 17th February 1960 regarding the machinery purchased and actually put to work since 1957 (Ext. A/1) and the two following charts regarding monthly statement of production figure from 1957 to 1959 and the average number of workmen on the rates between 1955 and 1959, it is found that although there was increase in the strength of men and machinery since November 1956, the minimum tonnage of production was not increased although under the terms of the agreement this was liable to alteration. It is, of course, found from the aforesaid charts that tonnage as to production was above 50 in some months of 1957 and 1958 but it was below the minimum of 50 tons per month during the year 1959 as the maximum figure rose up to 45.84 tons. Even then I am not prepared to lower down the minimum tonnage of production per month as fixed in the consent award Ext. F/1 as there is no sufficient evidence to show that the workmen exerted themselves to their utmost capacity or that this minimum tonnage is impossible to reach and further because the scheme should be given a fair trial for a year or two more to come. In fact, none of the workmen of this particular Company comes and pledges his oath before this Tribunal to say that this scheme of production bonus as per Ext. F/1 was or is causing hardship to the workmen concerned. So, for the present the target of production as fixed in the award Ext. F/1 for the workmen of Messrs. Britannia Building & Iron Co., Ltd., should remain where it is, as I do not find sufficient and cogent reasons for interfering with the scheme. This is my finding with regard to revision or fixation of target of production so far as Messrs. Britannia Building & Iron Co., Ltd. (Belur) is concerned.

Next with regard to the fixation of target of production for workmen employed in National Screw & Wire Products Ltd., Belur; the Workers' Union does not make any pointed case for revision of target. According to the said Company it introduced on its own initiative a production incentive bonus scheme in the Wire Drawing and Wire Stranding Section which has resulted in substantial addition to the earnings of the workmen concerned and that the said scheme was revised in July 1958 in consultation with the workers' representatives concerned by an agreement, dated 24th July 1958 (Ext. G after objection), which according to the Company is still binding between the parties and is fair and equitable to both the workers and the management (vide paragraph 3 of the written statement of the Company filed on 2nd February 1959). The agreement Ext. G, dated 24th July 1958, shows the revised production bonus scheme. It is challenged on behalf of the Workers' Union and the Karmachari Sangha. Shri T. P. Jha (D.W. 11) the Labour Officer of the Company concerned has proved the signatories to the agreement Ext. G. He could not, of course, say in his cross-examination if the six signatories to this agreement on behalf of the employees were duly authorised by all the workmen concerned to make this agreement on their behalf. But he has also said that these six signatories were elected as representatives of the workmen for the purpose of making this agreement. Be that as it may, none of the workmen of this Company comes forward to say that this agreement is not genuine or that the signatories were not authorised to sign this agreement on behalf of the workmen. In the circumstances, I accept this document as an agreement which was actually entered into between the representatives of the workmen on one hand and by the management on the other. The scheme of production bonus as revised by this agreement Ext. G does not appear to be unfair or unreasonable. It was given effect to on 1st of May 1958 just after the present original reference and no change of circumstances have been proved on behalf of the Workers' Union or the Karmachari Sangha, to justify any interfenence with this production bonus scheme. I, therefore, feel no need for revision of target of production so far as Messrs. National Screw & Wire Products Ltd., is concerned for the present.

Next I come to the question as to the fixation of target of production in regard to the third associated Company, namely, Tatanagar Foundry Co., Ltd. It is an admitted fact that there was a production bonus scheme in existence in this Company but it has been discontinued since restarting of the Company in October 1953 after its closure in February 1952. It is also admitted by P.W. 4 Shri Bishnu Pada Mukherji, the Secretary of Belur Iron & Steel Workers' Union, that at present there is no production bonus scheme in vogue in Tatanagar Foundry Co., Ltd. The contention of the Company is that the Company cannot be compelled to reintroduce the previous bonus scheme inasmuch as introduction of production bonus scheme is entirely a management

function. It has been observed by the Hon'ble Supreme Court in the case of Titaghur Paper Mills Co., Ltd., reported in F.J.R., Vol. XVI, page 316 at page 336 that "where a production bonus scheme is in force and has become a term of employment the Tribunal has got power to vary its terms if circumstances justify it", and it has further been observed by the Hon'ble Supreme Court that "Initiation of a production bonus scheme is an exclusive management function and a final decision with respect to its introduction rests initially with the management." So, in the present case there being no production bonus scheme in existence at the present moment, the question of revision or refixation of target of production does not arise at all. So, no relief can be given to the Workers' Union on the question of fixation of target of production so far as this Company is concerned.

Now, I come to the question of fixation of targets of production for different departments of the remaining Company, namely, Messrs. National Iron & Steel Co. Ltd. It is the specific case of the Workers' Union that the production bonus schemes which are in operation in the different departments of this Company are defective on several grounds, one of which is that the target of production fixed for different departments of this Company is arbitrary and high and not based on any scientific basis and that it is causing hardship to the workmen concerned. In paragraph 11 of its written statement filed on 24th July 1958, the Union states "In the factory in general and in steel foundry, bolt nut shop, machine shop in particular, the workmen have been experiencing another hardship and that is increase of target and this has been done in spite of repeated protest by the workmen and the Union." As I have already stated above, there is no dispute as to the fact that there are two types of production bonus schemes in existence in this Company, namely, one for workers directly engaged in production and the other for workers engaged in the maintenance of plant and machinery. By the expression "productive workers" this Company means those workers who are directly engaged in production. In this Company admittedly there are certain departments which are known as productive departments, certain departments which are known as indirect productive departments and certain departments which are known as non-productive departments. This will be clear from paragraph 4 of the written statement of Karmachari Sangha filed on 6th August 1958 and paragraph 1(4) of the written statement of Messrs. National Iron & Steel Co., Ltd., dated 16th September 1958, in reply to the written statement of Karmachari Sangha.

Productive departments in this Company are—

(1) Electric furnace, (2) rolling mills, (3) steel foundry, to which pattern and die shop is attached, (4) bolt and nut shop and (5) machine shop.

Incentive production bonus schemes are in vogue with respect to these productive departments. The Company's case is stated in paragraph 1(5) of its aforesaid written statement.

Messrs. National Iron & Steel Co., Ltd. (hereinafter to be simply described as NISCO), has not furnished the scheme of production bonus in vogue in different productive departments of this Company. But this is admitted by the Company that the existing production bonus schemes in several productive departments mentioned above are departmentwise and the productive capacities are also fixed likewise. Only in case of Steel Foundry Department the target has been fixed per capita per day.

I shall, therefore, discuss the question of targets, department by department so far as NISCO is concerned.

Steel Foundry Department: I take up the Steel Foundry Department first. There are some admitted facts regarding fixation of target of production of this department from time to time. The evidence, both oral and documentary, has been furnished by the Company and the Workers' Union on this point. This department came into existence in 1938 and incentive production bonus was introduced in this department as early as in 1942. At that time the target of production was 45 tons per month; while the number of workmen employed in that particular department varied between 100 and 130. This target continued for 4 or 5 years till the target was raised to 60 tons per month when the number of workmen was more or less 250. Thus in 1948 the target fixed for the Steel Foundry Department of NISCO was 60 tons per month; while its labour force was more or less 250. About the year 1952 the target was raised to 20 pounds per day per head when the total number of workmen was roughly about 400. This continued till December 1956 when the target was revised and raised to 25 pounds per capita per day and this target is still continuing. These facts are proved by D.Ws. 1 to 4, employees of the Steel Foundry Department.

Although the general complaint of the Workers' Union is that the targets fixed for different productive departments of NISCO are arbitrary, unscientific and unjustified and have been causing hardship to the workmen of the departments concerned and that these targets should be brought down to the level that was in vogue in 1948, the specific case of the Union with regard to the target of the Steel Foundry Department is that the target raised to 25 pounds per capita per day in December 1956 is arbitrary, and unjustified and that it should be brought down to 20 pounds per capita per day as it was before this enhancement. In 1948 the target fixed for Steel Foundry Department was 60 tons per month which being worked out would be less than 16 pounds per capita per day. But in this reference, on the pleadings of the parties, namely, the NISCO and the Worker's Union, I am only to consider whether the target fixed at 25 pounds per capita per day in December 1956 which is still in vogue was justified and whether this target should be reduced to 20 pounds per capita per day as claimed by the Workers' Union.

The Company, namely, NISCO justifies the enhancement of the target from 20 pounds to 25 pounds per capita per day in December 1956 on two grounds, namely, (1) that it was fixed by negotiations and verbal agreement between the

management and the representatives of the workmen of the department concerned and (2) that there were changes of circumstances, namely, certain additions made to plant and machinery, additional facilities made available for materials handling and machines moulding, provision of additional facilities and increased working space or improvements having been made in the technique of manufacture [vide paragraph 4(10) of the written statement of NISCO filed on 16th September 1958]. It is argued on behalf of the Workers' Union that the target of 25 pounds per capita per day in December 1956 was not fixed by any direct negotiations with the representatives of the workmen concerned and that it was done in spite of the protest by the Union and the workmen themselves and secondly that the Company has failed to prove that there has been any change for the better in the technique of manufacture or that there has been increased space or installation of additional machinery and plants for minimisation of manual labour and enhancement of production. The union further argues that, in fact, the fixation of target at 25 pounds per capita per day has caused immense hardship to the workmen of the department concerned and that, therefore, in the interest of social justice and harmony between the workmen and the employer the target should be reduced to 20 pounds per capita per day so that the workmen may be benefited by the scheme of production bonus.

It is admitted that there is nothing in writing to show how and on what considerations the change in the target was made in December 1956. But some of the employees of the department concerned, namely, D.W.s 1 to 4, Rama Raut, Khetro Ghose, Gopal Singh and Shiv Krishna Mondal who have deposed on behalf of the Company, have said in their evidence that the target was raised to 25 pounds per capita per day in December 1956 by direct negotiation between the Director of the Company Shri N. D. Agarwala on one hand and the representatives of the workmen of the departments numbering about 16. Be that as it may, the sum and substance of the evidence of these four employees of the department concerned is that the target was raised from 20 pounds to 25 pounds per head per day in December 1956 as a result of discussion between the Director of the Company and some of the leading employees. These employees have further said that even after the enhancement of the target the rate of incentive production bonus which the employees were drawing was the same as it was when the target was 20 pounds per head per day. Whatever may be the worth of the evidence of these witnesses the fact is that the target was raised to 25 pounds from 20 pounds in December 1956 and that the said target is still in force. The Union's contention is that it was raised in spite of protest from the Union. But from the documents filed by the Union, namely, several letters (Ext. 3 series) it is clear that the protest was first made in August 1957, i.e., some 9 months after the target had been enhanced. In these letters it was vaguely asserted that the target fixed was arbitrary and no grounds were set forth as to why the target should not have been enhanced. But all these contentions are immaterial in view of the proved fact that the target fixed in December 1956 could not be accepted by all the workmen concerned or by the Union as beneficial to all the workmen concerned. That this enhancement of target was causing hardship to the workmen concerned will be evident from the testimony of D.W. 2 Shri Khetro Mohan Ghosh who admitted that the workmen had to work harder to earn the same production bonus in 1957 as in 1956. So the mere fact that this enhancement of target was made by negotiations between the Director of the Company and some of the leading workmen of the department concerned is no ground while the justifiability of this increase in target should not be questioned before this Tribunal when the evidence on the side of the Company shows that it was causing hardship to the workmen of the department concerned. So, the first ground taken by NISCO in defence of this enhanced target is of no substance.

Now I come to discuss the next ground, namely, additions to plant and machinery, increase in the working space and improvement in the technique of manufacture in and after 1956, which the Company sets up as the second line of defence to support the enhanced target of 25 pounds per capita per day in the Steel Foundry Department. With regard to the first point, namely, additions to plants and machinery in and since 1956 the Company has produced a chart Ext. A and examined witnesses, namely, D.W.s 1 to 7 in support of its contention. But the evidence of D.W.s is not fully corroborated by the lists of machines and plants Ext. A which show the number of machines and plants and the year of their installation. To take one illustration, it will be profitable to notice, that while D.W. 1 Shri Rama Raut speaks of installation of the 7 moulding machines in the steel foundry in 1956 Ext. A shows that, in fact, only four moulding machines were set up in 1959 and the other were of 1953 and 1954. The evidence of this witness with regard to installation of two compressers and one sandblasting machine in or after 1956 find support from the chart Ext. A. The evidence of D.W. 6 Shri Bankim Chandra Banerji regarding installation of four motor-fitted machines in the pattern shop in the year 1956 is also corroborated by the chart Ext. A which shows that four machines were set up in the pattern shop in 1956. As admitted by P.W. 1 Shri Sailendra Nath Chatterji one of the new 10 tons cranes has been erected in the Steel Foundry Department after 1956. This is also found from the chart Ext. A. Thus considering the evidence of P.W. 1 and of D.W.s 1, 6 and 7 it can be safely concluded that in and after 1956 that there were certain additions to the plants and machinery in the Steel Foundry Department which according to the D.W.s have speeded up production and saved manual labour thereby increasing the productive capacity of the workmen concerned. Therefore, on this ground there was some justification on the side of the management for enhancement of the existing target in the Steel Foundry Department at the close of the year 1956. D.W. 7 Shri Hari Kinkar Ghosh, the Manager of the Steel Foundry Department, has made a study of the existing machineries and plants in the Steel Foundry Department and have made calculations as per chart of the machines Ext. A installed up to the end of 1959. He has prepared some charts, Ext. C

series, which he filed on 14th May 1960 after a week of study of the machineries concerned and his evidence is that he has made this job study on the universally accepted principles of such study. He observed each and every item of machine and has ascertained the capacity of the machines that are in the factory at present. He has come to the conclusion that the present machine capacity of the different sections in the steel foundry is 300 tons per month of finished castings while the present strength of workmen in this department is 560. With reference to this productive capacity per month he says that the target should be 48 pounds productive capacity for individual per day. The exact calculation made upon 300 tons per month divided by the strength of the labour force namely 560 and taking 50 per cent. of the same as the target gives the figure of 23 pounds per head per day as the target of production in the Steel Foundry Department. This witness admits that the chart Ext. A was not prepared in consultation with him. On behalf of the Union it is contended that the charts produced by Shri Ghosh (D.W. 7) regarding the productive capacity per month of machine and man-power taken together are not correct as these are not based upon scientific job study or motion and time study as recognised today. But from the evidence of D.W. 7 I find that he has taken pains in examining each and every machine and he has included and excluded factors which are necessary to include and exclude. He has also made a discount of 25 per cent. in calculating the figure of 300 tons per month regarding different factors like fatigue, breakdown, etc. So, on the evidence of the Company the total capacity for production in the Steel Foundry Department is 300 tons of finished castings per month. If this calculation is taken for the purpose of fixing the target that would bring down the target to 23 pounds per capita per day and not 25 pounds per capita per day as the Company fixed in December 1956. From the statement of monthwise and departmentwise production for the years from 1956 to 1959 and the average number of workmen on the rolls in the years 1955 to 1959 filed by the Company on 17th February 1960 as part of Exts A and A/1 it will be clear that in the steel foundry average number of workmen employed in a year on the basis of this figure given by the Company will be 470 and the average annual production would be 2,222 tons. On this basis the monthly target would be worked out at 92 tons and the per capita target per day would work out to be 16 pounds. The Union does not want to reduce the target below the level of 20 pounds per capita per day. The Company's own calculation as furnished in the charts Ext. C series read with the oral and other documentary evidence adduced by the Company, would go to show that the monthly productive capacity in the Steel Foundry Department would be nearabout 300 tons. On this figure if the target is to be worked out keeping in view the factors that the present labour force in the Steel Foundry Department is 560 and that under the accepted principles of fixation of target the target is to be taken as the 50 per cent. of the total productive capacity of the individual in such departments, the reasonable and proper target for the Steel Foundry Department of NISCO should not exceed 23 pounds per capita per day. This target, in my opinion, is proper and reasonable and in keeping with the present human and machine capacity of the Company in this department. As regards the other two grounds taken by the Company in the defence of the target of 25 pounds per capita per day, the evidence regarding the improvement in the technique of manufacture is not at all convincing. D.W. 7 the Manager of the steel foundry has given some indication as to how the machine moulding has improved the quantum and speed of production as compared to handmoulding and how by mechanism a lot of labour has been saved and productivity of workmen has increased. But this evidence is not sufficient to go in favour of enhancement of the target by itself. As regards the remaining other ground, namely, increased working space evidence of Shri K. N. Mondal (D.W. 8), the Civil Engineer, employed in NISCO and evidence of D.W.s 1 and 2 are not in agreement. The plan submitted by D.W. 8 (Ext. D) has been shown by the Union to be not correct regarding extension of floor space in the shed. From the evidence on this point I am not convinced that the Company has succeeded in proving the extension of shed or floor space since 1956 in the Steel Foundry Department. As such, this ground cannot be taken to be a ground for enhancement of target from 20 pounds to 25 pounds per head per day in December 1956. In these circumstances, I feel that the proper target for Steel Foundry Department should be 23 pounds instead of 25 pounds per capita per day. I, therefore, reduce the target of steel foundry from 25 pounds to 23 pounds per capita per day. This fixation of target is in keeping with 50 per cent. of the total productive capacity of the individual workman in the light of evidence and circumstances disclosed in this case. This target shall take effect from 1st of August 1960. The rates for calculation of production bonus upon this target will remain as they are.

Rolling Mills: Next I take up the rolling mills. The rolling mills form one of the direct productive departments in NISCO. According to Karmachari Sangha there are four relays of rolling mills. In the written statement of NISCO in answer to the written statement of claim of Karmachari Sangha, two rolling mills are mentioned under the heading of productive departments, namely, rolling mill No. II and rolling mill No. III. It is admitted that in rolling mill No. II, the relay target was 20 tons and in mill No. III it was 9 tons in 1956 and 1957. This is admitted by P.W. 4 Shri Bishnupada in his cross-examination and also found in the award by Shri M. C. Banerji in a dispute between Messrs. National Iron and Steel Co., Ltd. and their workmen represented by Belur Iron and Steel Workers' Union published in the "Calcutta Gazette", dated 3rd October 1957. Evidence of D.W. 10 Shri Santi Prosad Sukla, the Manager of the rolling mills and of roll turning and mill general, which are indirect departments attached to the rolling mills, is that the subject of manufacture in rolling mill is steel rolls. According to his evidence ingots and billets are heated and passed through certain sand groover and rolls of different kinds are manufactured. No evidence has been adduced on either side to show if rolling mill Nos. I and IV are in operation now. On the other hand, the evidence of P.W. 4 goes to show

that in December 1956 only mill Nos. II and III were in operation and no other. Be that as it may, I have before me no evidence regarding what is the actual target fixed for the rolling mill Nos. I and IV. But it is found that the target fixed for mill Nos. II and III are 20 tons and 9 tons respectively. The Workers' Union does not question seriously this target. But all that it wants to say, through P.W. 4 is that 50 per cent. of the efficiency of a workman should be the target in the rolling mills. From the statements which are part of Exts. A and A/1, of monthly production in the rolling mills and its average number of workmen during the period from 1955 to 1959 it appears that average number of workmen employed in a year is 260; while the average annual production is 16,936 tons. From this monthly target for the rolling mills (4 relays) would work out to be 705 tons taking 50 per cent. of the productive capacity or efficiency as the target. Now, in the absence of better evidence on this point, I lay down that 50 per cent. of the total productive capacity per month in these mills should be fixed as the monthly target for the rolling mills and that the calculation of production incentive bonus shall be made at the present rate on the quantum of production in excess of this target. If the existing target in any of the mills is below the standard of 50 per cent. of the productive efficiency that should be continued for the benefit of the workmen. This fixation of target shall take effect from 1st August 1960.

Electric Furnace: D.W. 9 Shri Prabir Kumar Sarkar, the Manager of electric furnace and the refractory attached to it, has been examined by the Company. This witness says that the main function of this department is steel making or steel melting. With regard to the existing target for this department I have no positive evidence before me. From the statements of average monthly production in this department and the average number of workmen employed therein during the years from 1955 to 1959 (vide Exts. A and A/1) it is found that the average annual production in this department in a year is 15,992 tons, and the average number of workmen on the rolls is about 131. The monthly target from this quantum of average annual production can be worked out at 666 tons. Be that as it may, proper target for this department should be 50 per cent. of the total productive capacity or efficiency per month and that should be the target of production and the production bonus shall be calculated at the present rates in vogue upon any excess of production over this target. But if the target in vogue is below this 50 per cent. of the productive efficiency per month, that should be continued to the benefit of the workmen. This target shall take effect from 1st of August 1960.

Bolt Nut Shop: With regard to the existing target or standard of production for this department, there is no positive evidence adduced on either side. Only from the statements of average monthly production in this department and its average labour strength between the years from 1955 to 1959 as shown by Exts. A and A/1, this much is found that the average number of men employed is 16 and the average annual production is 68 tons. If this figure is worked out on the principle of 50 per cent. of the productive capacity as the target, the target will be worked out to be 3 tons per month. But as I have said elsewhere, there being no available material for fixing the target positively, I feel that it will meet the ends of justice if the target is fixed at the point of 50 per cent. of the productive capacity or efficiency of the workmen of the department per month due regard having been made to the human and machine capacity. The calculation of production bonus shall be made at the existing rates upon any excess of production over the target which is hereby fixed. If the existing target in this department is more favourable than what is fixed now, it should continue to the benefit of the employees. The target fixed for this department shall take effect from 1st August 1960.

Machine Shop: Last of all I take up the remaining productive department, namely, the machine shop. It is an admitted fact that the production incentive bonus scheme is in operation in this department. No evidence has been adduced on either side to show what is the existing target of production fixed for this department. According to the workers' union the production bonus scheme which is in existence in this department suffers from a glaring defect, namely, that the helper to the machine operator is given production bonus but not the operator of the machines (vide paragraph 9 of the written statement of workers' union filed on 24th July 1958). To this the answer of the Company, namely, NISCO, in paragraph 4(8) of its written statement filed on 16th September 1958 is that under the existing production incentive bonus scheme applicable to the machine shop, all machine operators work in piece-rate system and are not covered by general production incentive bonus scheme and that the helpers to the machine operators who are transferable from one job to another or from one machine to another do not work under the piece-rate system but are covered by general production incentive bonus scheme. Except these bare statements in the pleadings of the Union and NISCO, there is no positive evidence regarding the detailed operation of the production bonus scheme in the machine shop. But this much is admitted that while the helpers to the machine operators get general production incentive bonus, the actual machine operators working under a piece-rate system are not given the benefit of this production incentive bonus scheme.

This anomaly in the distribution of production bonus should not continue. In the absence of better and positive evidence on the point I am of opinion that the requirements of justice would be met if the target is fixed at 50 per cent. of the actual turnover of finished products per day or per month as the case may be in this particular department. The actual machine operators and non-operators will get the production bonus on the basis of production in excess of this target to be calculated at the existing rates. This fixation of target for the purpose of production bonus in the machine shop will take effect from 1st of August 1960. This award will not disturb the existing benefits of the workmen of the department if they are more favourable than the benefit which is given to them by this award.

Before I leave the point No. 1, namely, fixation of targets in the different departments of NISCO, I must say that the targets laid down by this award for the different departments may be revised in future by negotiations and agreement between the management and the workmen concerned in case there be a scientific job study or increase in the labour force or in new and modern machines of more productive capacity or improvement in the technique of production resulting in more production in the different departments concerned.

Points (2) and (3)—Removal of anomalies in the existing bonus schemes in the four companies concerned and extension of the scheme to those who are outside the same.

While discussing those two points with regard to the three associated companies, namely, Britannia Buildings and Iron Co., Ltd., National Screw and Wire Products Ltd. and Tatanagar Foundry Co., Ltd., I must say that I shall not decide anything on these two points with regard to these three associated companies. The reasons are that the existing production incentive bonus scheme which is in operation in Britannia Building and Iron Co., Ltd. as per consent award (Ext. F/1, dated 12-8-58) cannot and should not be disturbed, that so far as the National Screw and Wire Products is concerned bonus scheme as fixed by agreement between the management and the representatives of the workers, dated 24-7-58 (Ext. G after objection), need not be disturbed for the present and that in respect to Tatanagar Foundry Co., Ltd., the admitted fact is that no production bonus scheme is in existence in that Company at the present moment and as such the question of revision or refixation of target or removal of anomalies or extension of any existing scheme to persons uncovered by the same does not arise at all.

But I must discuss these two points with regard to NISCO having regard to the pleadings of the parties and in the light of evidence disclosed in this case.

I take point No. 2 first. The alleged anomalies in the existing bonus schemes of National Iron and Steel Co., Ltd. are as follow:

(a) According to the Workers' Union one of the instances of anomalies is with regard to the machine operator and helper to the machine operator in machine shop as discussed in connection with the fixation of target in the machine shop above. This anomaly is expected to be solved by the directions given by me under the heading "machine shop". The other anomalies according to this union are stated to be that a certain type of clerks attached to certain departments get production bonus, whereas the clerks doing the same type of job in another department do not get the same benefit. But on this point no convincing evidence has been led. Therefore, no decision can be given.

(b) According to the Karmachari Sangha all the workmen employed in the alleged productive departments of the Company are not given the benefit of production bonus as some are deprived of this benefit. To this the Company's reply is that there are certain workers in the inspection section of the steel foundry who are not covered under production incentive bonus schemes as they were taken in through a special agreement arrived at with the workers of that department [vide paragraph 10 of the written statement of Karmachari Sangha and paragraph 1(10) of NISCO's written statement filed on 16th September 1958]. On this point there being no positive evidence on the side of Sangha, I negative the claim of the Karmachari Sangha and accept the defence taken by the Company.

(c) Another anomaly alleged by the Karmachari Sangha is that the Company is paying production bonus on the basis of basic wages earned on days when actual production is effected while most of the workmen had to attend on Sundays when actual production is not effected and they being holidays on working days in lieu of Sundays, they suffer a double loss. This point is made clear in the evidence of P.W. 2 Shri R. K. Bhaduri who says that most of the employees of the Maintenance Department have got to work on Sundays. To this the reply of the Company is that the production incentive bonus is paid only to such employees who work on Sundays in lieu of their "weekly offs" and only in respect of actual productive working days during the month. It further states that only such maintenance work is done by a few workers who come on Sundays when the plant and machinery remain idle and which cannot normally be carried on on normal working days in the week. This alleged anomaly does not appear to me to be of any substantial prejudice to the workmen concerned. I, therefore, do not like to interfere with this practice.

Point No. 3

Next I take up point No. 3, namely, extension of the bonus schemes to those who are outside the schemes. It is admitted by the Company that only those workers who are directly or indirectly engaged in production work or in maintenance are given the benefit of production incentive bonus scheme and that the non-productive employees, namely, those who are not directly connected with the actual production or maintenance are not covered under the existing schemes. The Karmachari Sangha mentions some specific cases in the prayer portion of its written statement. But the common case of the Karmachari Sangha as also of the Workers' Union is that there are a number of workmen who are outside the production bonus scheme of the Company and that they should be included within the scheme. According to the Workers' Union there are about 300 or 350 workmen including clerical and watch and ward staff who are not covered by the present scheme of production bonus. According to Karmachari Sangha the workmen employed in the non-productive departments of this Company are not covered by existing bonus scheme. This is admitted by the Company also. The non-productive departments are mentioned in paragraph 1(4)C of the Company's written statement filed on 16th September 1958. These include the clerks and watch and ward staff who are admittedly outside the scheme of production bonus both according to the Workers' Union and the Company. Both the Union and the Karmachari Sangha pray that the

workmen of this non-productive department should be included within the scheme of production bonus. The union states that the men including clerks, darwans, sweepers, etc., not attached to productive departments, outside the production bonus scheme should be paid such bonus at the rate of 75 per cent. of the bonus given to productive workmen and that workmen not attached to productive departments should get a bonus on total pool production. The specific case of the Karmachari Sangha is that the scheme of production incentive bonus should be extended to the workmen of the non-productive departments of this Company at the rate of 1/4th of the total rate arrived at by adding the rates at which all the alleged productive departments of the Company as also at which the workmen of the 3 other Companies may be paid. The Company vehemently opposed this claim on the ground that the workmen of the non-productive departments are not at all connected with the production and as such they are not entitled to any benefit under the existing production bonus scheme. But the modern trend is to introduce a system of production bonus or incentive bonus for betterment of production and in several cases such bonus has been granted to workmen who have not direct connection with the production. Creation of a favoured group of employees will tend to disturb the industrial harmony and peaceful relation between the employer and employees and also will affect production. In a recent dispute between Messrs. Burn & Co., Ltd. and its workmen the Hon'ble Supreme Court has confirmed the award of the learned Tribunal by which the benefit of incentive production bonus has been extended to the clerical and subordinate staff who are not directly connected with production. It has been observed by the Hon'ble Supreme Court that there can be no doubt that economically speaking the clerical staff and subordinate staff also take part in the production. Therefore, having regard to the fact that the production bonus scheme in vogue in the different departments of the Company embrace majority of the workmen employed under the Company and a minority of them is only left out of the scheme and also to the fact that recent trend of decisions is towards extension of such incentive bonus scheme to employees who are not directly connected with production, I feel it just and proper that the benefit of the incentive bonus scheme in vogue in this Company should be extended to the workmen of the non-productive departments also. This incentive production bonus shall be paid to workmen of the non-productive departments at the rate of 12½ per cent. of the total rate to be arrived at by adding the rates at which all the productive departments may be paid. This rate is allowed in consideration of the fact that the workmen of the non-productive departments are not directly connected with production but only remotely. The calculation of this bonus will be made with reference to basic pay only excluding dearness allowance. This award will take effect from 1st of August 1960. This extension of production bonus scheme to non-productive departments will also cover the four workmen of the Shipping Departments and 3 Chemists of the Laboratory Department mentioned in the prayer portion of the written statement of the Karmachari Sangha.

Next I take up the indirect productive departments. The indirect productive departments comprise refractory attached to electric furnace, mill general and roll turning attached to the rolling mills, yard mazdoors attached to rolling mills and Maintenance Departments (civil, electric and mechanical). Although the Karmachari Sangha has placed the civil maintenance under the Group C, i.e., non-productive departments, the Maintenance Departments are found to be included within the indirect productive departments. There is no siding Maintenance Department according to the Company. So far as the Maintenance Departments (civil, electric and mechanical) are concerned, it is admitted by the parties that the workmen employed in the Maintenance Departments are paid at the rate of 75 per cent. of the average bonus, i.e., the rate is 75 per cent. of the total bonus of the productive departments divided by 8, i.e., the number of productive departments (vide the unchallenged evidence of Shri R. K. Bhaduri, an employee of the Maintenance Department). So, with regard to the Maintenance Department there should not be any change in the rate of production bonus. With regard to the rates of production bonus which is being paid to the workmen of the other indirect productive departments, namely, refractory, mill general, roll turning and yard mazdoors, the case of the Karmachari Sangha is that all the workmen of the alleged indirect productive departments should be paid at the same rate at which the workmen of the productive departments to which the particular indirect productive department is attached. To this the reply of the Company is that this cannot be done. The Company has not led any evidence to show at which rate the employees of these four indirect departments are being paid production incentive bonus at present. On the side of the Karmachari Sangha, there is the sworn testimony of P.W. 2 Shri R. K. Bhaduri is to the effect that the workmen of these productive departments are being given the production bonus at the rate of 75 per cent. of the production bonus of that particular department to which the particular indirect productive department is attached. By this this witness certainly means that the workmen of the refractory get 75 per cent. of the production bonus allowed to the workmen of the electric furnace and that workmen of mill general, roll turning and yard mazdoor get 75 per cent. of the production bonus allowed to the workmen of the rolling mills. This evidence is not challenged by NISCO. But I have already seen that the claim of Karmachari Sangha is that the workmen of all the indirect productive departments should be paid production bonus at the same rate at which the workmen of the corresponding productive departments are paid production bonus. This claim appears to me to be exorbitant and unreasonable. It is clear from the evidence of P.W. 2 Shri R. K. Bhaduri himself as also of D.W. 9 Shri Prabir Kumar Sarkar, the Manager of electric furnace and refractory of NISCO, and of D.W. 10 Shri Santi Prosad Sukla, the Manager of rolling mills, roll turning and mill general, that the nature of work which the workmen of these indirect productive departments are required to do are not the same as the nature of work which the workmen of

the corresponding productive departments are required to do. It is no doubt true that the workmen of these indirect departments help the productive departments in an effective manner. The yard mazdoors sort and classify the finished products and carry them to the yard and as such their work is evidently essential to the productive departments. Similarly the workmen of the refractory manufacture dolomite and channel bricks which are required for manufacturing ingots in the electric furnace (vide D.W. 9) and that the function of the workmen of the mill general is maintenance and they also make certain parts, namely, guides, guards and pipes which are used in a rolling mill. D.W. 10 admits that the mill general and roll turning departments are directly connected with the subject of manufacture in the rolling mills. So, the workmen of this indirect productive departments have got to work to help the productive departments indeed. But their task is not as arduous and important as that of the workmen of the productive departments. Therefore, it will not be fair and proper to give incentive production bonus to the workmen of the productive departments and to the workmen of the indirect productive departments at one and the same rate. I accordingly find that the existing rate of 75 per cent. of the production bonus paid to the workmen of the productive departments which is now being paid to the workmen of indirect productive departments is fair and reasonable and it should not be disturbed. Hence I lay down that the workmen of all the indirect productive departments excluding the three Maintenance Departments shall be paid production bonus at the rate of 75 per cent. of the production bonus which is being paid to the workmen of the productive departments to which these indirect productive departments are respectively attached. As regards the three Mantenance Departments they will get the production bonus at the existing rate as are already observed.

Point No. 4: Rates of production incentive bonus to all categories of workmen whether employed in direct productive or indirect productive have to be uniformed.

In view of my findings on point Nos. 2 and 3 this point need not be discussed afresh because my findings on this point are already included in the findings made on point No. 3.

In this connection I only like to add that the calculation of production bonus will be made only with reference to the basic wage or basic pay of the workmen concerned and in making this calculation dearness allowance shall not be taken into consideration. In view of the reliefs already granted to the workmen of different departments inclusion of dearness allowance in the calculation of production will create hardship to and impose "additional" heavy financial burden on the Company. I do not like to disturb the present system in vogue in the company, namely, NISCO, i.e., calculation of production bonus on the basic wage only.

Point No. 5: Introduction of same production schemes to all the four companies concerned.

With regard to the three other Companies, Britannia Building and Iron Co., Ltd., National Screw & Wire Products Ltd. and Tatanagar Foundry Co., Ltd., I have already recorded my findings. I am not going to disturb the existing production bonus scheme in Britannia Building and Iron Co., Ltd., as contained in the consent award, dated 12th August 1958 (Ext. F/1), and the scheme of production bonus in vogue in National Screw and Wire Products Ltd. as per agreement, dated 24th July 1958 (Ext. G after objection). With regard to Tatanagar Foundry Co., Ltd., there being no scheme of production incentive bonus in existence at present the question of introduction of production bonus scheme in the line of what is in existence in NISCO does not arise at all. So, points Nos. 2 to 5 are answered against the claims of the union and Karmachari Sangha and in favour of the contentions raised by these three companies concerned.

This is my award.

NOTIFICATION

No. 3467S.—16th September 1960.—The Governor is pleased to award the "Dr. Harendra Coomar Mookerjee Silver Medal" for outstanding acts of courage and self-sacrifice to the undermentioned persons:—

Name and address of the person

(1) Shri Abani Kumar Basu, M.L.A., Vill. and P.O. Birshibpur, Howrah.

Statement of the act performed for which the decoration has been awarded

During the floods in September 1959, Shri Abani Kumar Basu, M.L.A., remained constantly present in the flood-affected areas in Uluberia P.S. of Howrah district for a period of over 12 days urging the local people and helping by his own physical efforts to protect the embankments in those areas from being overflowed and breached. In the October floods when the flood waters of the Damodar exceeded all previous recorded level by over two feet, Shri Basu once again by his own example created fresh energy and enthusiasm not only amongst the villagers but also in the ranks of Government officers. While a disaster of the severest magnitude was being apprehended in consequence of the Abhirampur Bundh on Guzarpur Canal and the main Damodar embankment at Madhabpur being overtopped by flood water from the night of 1st October, he exerted himself and exhorted his fellow workers for a continuous period of 72 hours to raise the levels of those embankments which, if breached, would have engulfed not less than 30,000 people. By his example and exertion the Damodar embankment was raised by over 21 inches, earth being obtained readily and freely through his intervention and assistance from the homesteads affected by the floods. Shri Abani Kumar Basu thus displayed outstanding gallantry in saving the lives of his fellowmen at great personal risk.

Names and addresses of the persons

(2) Late Galia Bhuimali, son of Shri Susaru Bhuimali, Vill. Sonapur, P.S. Gazole, Dist. Malda.

(3) Shri Temka Bhuimali, son of Shri Haria Bhuimali, Vill. Sonapur, P.S. Gazole, Dist. Malda.

Statement of the acts performed for which the decorations have been awarded

On September 9, 1959, at about midnight, a gang of about 25 dacoits, armed with unlicensed guns and other deadly weapons, raided the house of Shri Janaki Nath Chakraborty of Sonapur, P.S. Gazole of Malda district. While some of the dacoits mounted guard on the various approaches to the house to keep away the villagers, the rest of them broke into the house and began to ransack it assaulting the inmates brutally. When as a result of this assault the lives of Shri Chakraborty and his son were in danger, Shrimati Chakraborty (wife of Shri Chakraborty) tactfully slipped out of the house and ran towards the village raising an alarm for help. On hearing this alarm some members of the Village Resistance Group including Shri Galia Bhuimali and Shri Temka Bhuimali at once proceeded towards Shri Chakraborty's house to resist the dacoits. Near the eastern approach to the house, Shri Galia Bhuimali who took the leading part came forward boldly and challenged the four armed dacoits on guard and was replied with a gun shot. Disregarding the injuries inflicted on him he ran up to render immediate help to the inmates of the house but succumbed to his injuries. Notwithstanding the death of the leader, Shri Temka Bhuimali who was following Shri Galia Bhuimali did not hesitate to rush towards the house to save the life and properties of the inmates. He was also shot at by the dacoits and injured. Owing to the bold resistance of these two active members of the Village Resistance Group, the dacoits found no further time to plunder and had to retreat. While Shri Galia Bhuimali lost his life on the spot, Shri Temka Bhuimali became invalid due to the gun shot injuries sustained by him. Thus, both Shri Galia Bhuimali and Shri Temka Bhuimali performed outstanding acts of courage and self-sacrifice at great personal risks in saving the lives and properties of Shri Chakraborty and the members of his family.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Burn and Co., Ltd., P.O. Raniganj, District Burdwan, and their workmen represented by the Refractory and Ceramic Workers' Union, Cirjapara, P.O. Raniganj, District Burdwan. (Case No. VIII-133 of 1959.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Company: Shri S. C. Sen, Advocate of Messrs. Orr Dignam and Co., Solicitors, instructed by Capt. T. Mukherji, Administrative Officer of the Company.

Present for the Union: Shri Patit Paban Pathak, an officer of the Company, instructed by Shri Haradhan Roy, Secretary of the Union.

1. By Government order No. 3826-I.R./IR/10L-125/59, dated the 7th August 1959, the above industrial dispute was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication of the following issues:—

(i) Are the workmen who were retrenched in 1955 due to the closure of No. 1 Works of the Company entitled to retiring gratuity?

(ii) Are the workmen entitled to a supply of coke or cinder for their domestic consumption free of cost or at a cheap rate?

Subsequently by a corrigendum No. 5070-I.R./IR/10L-125/59, dated the 24th October 1959, issue No. 2 of the reference was amended by the addition of the words "or any cash payment in lieu" thereto. The case was heard from 2nd August 1960 to 5th August 1960. One witness was examined for the Union and two for the Company. Certain documents filed by the parties were marked as exhibits without any objection.

2. The employer Messrs. Burn & Co., which will hereafter be referred to as the Company, had three factories at Raniganj known as Lalkuthi Works, Works No. 1 and Works No. 2. In the year 1954 the Company decided to close Works No. 1 and as an industrial dispute was pending before the Fourth Industrial Tribunal at the time between the Company and its workmen an application was filed before that Tribunal under section 33 of the Industrial Disputes Act for permission to retrench 392 workmen of the said Works. The said application was allowed on 15th March 1955 and the Works No. 1 was closed and the said workmen were retrenched. They were paid retrenchment compensation according to the provisions of section 25F of the Industrial Disputes Act. There was an appeal against this order to the Labour Appellate Tribunal which was dismissed and thereafter an application was made to the Supreme Court for special leave to appeal which was also rejected. The Union then raised a dispute that the Company was bound to pay gratuity to those amongst the 392 retrenched workmen who were entitled to it under the gratuity scheme which the Company had adopted in 1948 and advanced a claim for gratuity on behalf of 39 workmen whose names will be found in Annexure A to the Union's written statement. According to the said written statement, the gratuity scheme of the Company provided for payment of gratuity at the rate of half month's wages for each completed year of service to a workman who had put in 15 years of service. The Union's case is that the retrenchment compensation paid by the Company was a different kind of relief and that the payment of such compensation could not prejudice the right of the workmen named in Annexure A to obtain gratuity in addition thereto. This claim for gratuity forms the subject-matter of issue No. 1 of this reference.

3. On the second issue the Union's case is that the Company had for a long time past been supplying coal to the monthly paid staff and the Watch & Ward and Durwans free of cost and that every daily-rated workman was also allowed by the Company to collect one basket or bag of burnt coal free of charge every week from the Company's factory premises. It is claimed that the daily-rated workmen had a right to get this coal free from the Company and that the Company had admitted this right in a chart which it had filed before the Fifth Industrial Tribunal in 1955 in connection with another adjudication. The grievance of the Union is that while the Company is still supplying coal to the monthly-paid staff and the Watch and Ward and Durwans, as it did in the past, it is creating difficulties for the daily-rated workmen who are sometimes not allowed to pick up coal and even when allowed the quantity allotted is insufficient for their requirements. The Union wants that the Company should ensure

regular and proper supply of coal to the daily-rated workmen free of cost as before and in the event of failure to ensure such supply, pay them cash compensation in terms of Annexure B to the written statement.

4. The Company in its written statements contends that the retrenched workmen were not entitled to claim gratuity under the existing gratuity scheme of the Company and that even if the said scheme were applicable to them, as they had been paid more by way of retrenchment compensation they could not legitimately claim any gratuity in addition to it under section 25J of the Industrial Disputes Act. It was also contended that the retrenched persons could not be deemed to be workmen for the purpose of adjudication under the Industrial Disputes Act, but this contention was not pressed at the hearing.

5. As regards the second issue the Company's case is that for a long time past the workmen are being allowed to pick up cinder or burnt coal for their domestic consumption from the ashes discharged from kilns and boilers of the factory every Sunday as a matter of grace and that the Company has never hindered nor proposed to hinder them from picking up cinder in the same manner as before. It is denied, however, that the Company ever gave any assurance that each and every workman would be supplied with a fixed quantity or any quantity of cinder. It is also denied that the workmen collect the cinder as of right or that the Company is bound to compensate them in the event of short supply. The Company has no objection to the workmen picking up cinder as and when available, on Sunday mornings as before. The demand for cash payment in lieu of cinder is also resisted on the ground that this would be an indirect way of increasing the scales of wages which had been fixed by the award of the Fifth Industrial Tribunal and affirmed by the Supreme Court on appeal which award is still binding.

Issue No. 1.—Are the workmen who were retrenched in 1955 due to the closure of No. 1 Works of the Company entitled to retiring gratuity?

6. The first objection of the Company on this issue is that the existing gratuity scheme is not applicable to retrenched workmen and that as such no gratuity can be claimed on behalf of the 39 workmen named in Annexure A to the Union's written statement. There has unfortunately been an acute controversy in this case as to what the existing gratuity scheme is. It is, however, admitted by the Administrative Officer of the Company that the present scheme of gratuity was adopted as the result of an agreement between the Company and the present Union on 22nd July 1948. A copy of this agreement is Ext. F which is also admitted by the Union. This document records the minutes of a meeting held on 22nd July 1948 that between the representatives of the Company and those of the Union and purports to be signed by them. It recites that certain offers made by the Company had been accepted by the Union and clause 3 thereof runs as follows:—

"Gratuity—Will be paid to all workers with 15 years' unbroken service or more at the rate of half month's salary for each year of service. Workers who are retired due to old age, or on medical grounds certified by the Company's Doctor, will be paid the gratuity bonus after ten years of unbroken service. The gratuity is intended for and will, in all cases, be granted to those eligible workers who qualify as a result of long and satisfactory service, and not for workers who are discharged for any form of misdemeanour".

7. It appears from Ext. 1 that there had been a previous conference between the representatives of the Company and those of the Union on 12th July 1948 in which the Union had demanded a lower period of qualifying service for men who would retire on account of old age or on medical grounds and this was agreed to on 22nd July 1948. Ext. 2 is a copy of a letter written by the Deputy Labour Commissioner to the Company containing certain terms of settlement which the Company was requested to accept. The terms included gratuity also and contained the same rates and the same minimum qualifying periods as in Ext. F. The document which the Company has filed before me as a copy of the existing gratuity rules (Ext. A), however, contains the following:—

"A workman who retires or resigns after 15 years' unbroken and satisfactory service receives a retiring gratuity of half month's basic pay for every year of service. In case of retirement or resignation due to old age or on medical grounds, if certified by the Company's Medical Officer, the workman in question is entitled to get this retiring gratuity, if he has completed 10 years of unbroken and satisfactory service. In case of death also the minimum qualifying period is 10 years of unbroken and satisfactory service to entitle his legal heir or nominee to get the gratuity in question.

In the case of a daily-rated worker, half month's basic wage will be calculated as 13 days' basic pay on the basis of 26 working days in a month."

8. It will appear from the opening words of the above document (Ext. A) that gratuity is payable only to a workman who retires or resigns after the qualifying period of service mentioned therein. On the strength of the said words it has been contended on behalf of the Company that the workmen who have been retrenched are not entitled to gratuity under the existing rules because they have neither retired nor resigned. But clause 3 of Ext. F quoted above does not contain the words "who retires or resigns" and there is nothing in the clause restricting the payment of gratuity only on retirement or resignation. On the other hand, the last sentence in the clause that "the gratuity is intended for and will, in all cases, be granted to those eligible workers who qualify as a result of long and satisfactory service" shows that no workman who had qualified himself for grautity by the required number of years of satisfactory service could be excluded from this benefit excepting those who are discharged for any form of misdemeanour as mentioned therein. The Union does not accept Ext. A as a true copy of the gratuity rules actually adopted by the Company in 1948 and contends that the qualifying words "who retires or resigns" have been introduced by the Company for the first time for this case. There is no evidence that these rules were ever communicated to the Union or published for information of the workmen. Nor has any evidence been

adduced by the Company showing when and how and by whom these rules were promulgated or these qualifying words were introduced in the draft contained in clause 3 of Ext. F. The original rules have not been produced. The Administrative Officer said that these rules were communicated to all officers of the administration and were being followed since 1949. But no such letter or communication is forthcoming.

9. In the year 1955 several disputes between the Company and this Union were referred to the Fifth Industrial Tribunal for adjudication and one of the issues in the reference (No. 15) related to the revision of the existing gratuity scheme. That Tribunal made its award on 30th November 1956 which was published in the "Calcutta Gazette" on 27th December 1956 (vide Awards made by the Tribunals for the quarter ending December 1956 published by the Government of West Bengal). Admittedly the Company filed a copy of the gratuity scheme before that Tribunal which was marked as Ext. L. The Union has produced before me a copy of that document (Ext. 5) and it has been admitted on behalf of the Company. This document described as "Gratuity Rules" runs as follows: "Workers with 15 years' unbroken and satisfactory service will receive a retiring gratuity of half month's pay for every year of service, and in the case of retirement/resignation due to old age or on medical grounds, if certified by the Company's doctor, after 10 years of unbroken and satisfactory service". These rules do not contain the qualifying words "who retires or resigns" after the word worker as in Ext. A and if these were the gratuity rules in force in 1955 there is justification for the Union's complaint that the Company has since made an unwarranted change in the said rules by introducing the condition that in order to be entitled to gratuity a workman should either retire or resign. The Fifth Industrial Tribunal did not accept the demand of the Union for modification of the gratuity rules by reduction of the qualifying period of service by increase of the rates and in other ways but it introduced a ceiling, viz., 15 months' pay to the amount of gratuity. That award is still binding and so the gratuity rules which were produced by the Company before that Tribunal with the modification made by the said Tribunal should be taken as the existing gratuity scheme and the Company cannot be allowed to introduce any conditions or qualifications in it. It is strange that in the gratuity rules produced before me (Ext. A) even the ceiling introduced by the above award is not mentioned. I cannot therefore accept the said document as a correct statement of the existing gratuity rules and uphold the Company's contention that they apply in terms only to persons who may retire or resign. There is no conflict between the gratuity rules Ext. 5 and the agreement, Ext. F, so far as the conditions of gratuity are concerned and I take Ext. 5 with the modifications introduced by the award as the existing gratuity scheme.

10. It is true that this scheme does not specifically or in terms entitle any retrenched workman or workman whose service has been terminated by the Company to claim gratuity, but since the scheme does not also specifically exclude such workmen I do not see how the Company can legitimately deny them this benefit. In model gratuity schemes it is no doubt usual to find a provision for gratuity for persons whose services are terminated by the employer by retrenchment or otherwise, but where, as in this case, the gratuity scheme does not confine its operation to retirement or resignation only, the absence of a specific provision to that effect cannot and should not be construed to mean that the framers of the scheme intended to exclude such persons from its operation. On the other hand, as I have already pointed out, the declaration in the agreement, Ext. F, that the gratuity was intended for and should be paid to all who might have made themselves eligible for it by the required period of service is strong evidence of an intention not to exclude any persons who were otherwise eligible from its benefit. No restriction except in the case of discharge for misdemeanour was intended by the agreement which was the basis of the scheme and so no restriction should now be allowed to be imported into it. Construing the gratuity scheme in the light of the above agreement I hold that retrenched workmen who had put in the required period of services are also eligible for gratuity under the scheme. There is also evidence that the Company had previously paid gratuity to certain workmen retrenched on closure of a factory at Durgapur and the Administrative Officer admitted such payment, though he tried to explain it away as the result of a settlement after long negotiations.

11. With regard to the objection of the Company that the retrenched workmen having been paid more by way of retrenchment compensation are not entitled to claim gratuity in addition it is sufficient to refer to the recent decision of the Supreme Court in the case of Indian Hume Pipe Co. and its workmen reported in 1959-II-L.L.J. 830. It was pointed out in this case that while gratuity was a kind of retirement benefit, retrenchment compensation was not a retiral benefit at all, such compensation being intended to give a retrenched workman some relief and help him to tide over the period of unemployment forced upon him in consequence of the retrenchment. On this ground it was held that a retrenched workman would be entitled to claim both gratuity and retrenchment compensation and that there would be no question of double benefit because the claims would be based on different considerations. This decision was, however, sought to be distinguished on behalf of the Company and reliance was placed on another decision of the Supreme Court on the same point in the case of Brahmachari Research Institute vs. its workmen, reported in 1959-II-L.L.J. 840, as more applicable to the facts of the present case. In that case certain retrenched workmen who had been paid retrenchment compensation were held not entitled to gratuity in addition to such compensation on the basis of the scheme of gratuity which had been framed by the Company and later modified by an award. This gratuity scheme contained a provision that it would apply in all cases of retrenchment or termination of service by the Company for any reason other than misconduct and also in cases of resignation and that the period of service to qualify for gratuity would be one year. By construing the said scheme it was held that the gratuity payable under the scheme was really a retrenchment compensation, though described as gratuity, because it was payable on retrenchment and the qualifying period was only one year and

that in such circumstances the workmen could not claim payment twice over.

12. This was a decision given on the special facts of that case and it did not affect the principle laid down in the case of Indian Hume Pipe Company. In the latter case it was observed that where gratuity schemes framed by consent or by awards might provide for payment of compensation to retrenched workmen either in lieu of or in addition to gratuity, the question as to whether the retrenched workmen could claim the benefit of such a scheme in addition to the retrenchment compensation under section 25F of the Industrial Disputes Act would depend upon the construction of the material terms of the relevant scheme and the decision in the case of Brahmachari Research Institute turned upon the construction of the material terms of the gratuity scheme of that case. As was observed in that case, on the terms of that gratuity scheme it was clear that the gratuity provided therein on retrenchment was nothing more nor less than retrenchment compensation provided under section 25F of the Industrial Disputes Act, and the workmen were only entitled to one or the other, whichever was more advantageous to them, in view of the proviso to sub-section (1) of section 25J of the Act. This proviso lays down that nothing contained in the Act shall have effect to derogate from any right which a workman has under any award or any contract with the employer. It was observed also that the matter would have been different, if the scheme had provided gratuity which was different in nature from the retrenchment compensation under section 25F. The gratuity provided in the scheme with which I am concerned in the present case is certainly different in nature from the retrenchment compensation provided in section 25F. In the scheme of this case there is no special provision for payment to retrenched workmen based on qualifying service for one year or any lesser period than 15 years. As I have already shown, it is a general scheme applicable to all workmen who may retire or resign or whose service may be terminated for any reason other than misdemeanour after completion of the qualifying period of service. In respect of such a scheme the general principle laid down in the case of Indian Hume Pipe Co. will apply and the Company's contention that under the proviso to sub-section (1) of section 25J the workmen were entitled to get either retrenchment compensation under section 25F or gratuity under the scheme and that having been paid retrenchment compensation which was more advantageous to them, as shown in the statement, Ext. A(1), they could not claim gratuity in addition to it cannot be accepted. There can be no question on the authorities that those who are eligible are entitled to claim both in this case.

13. There has been some delay in making the claim for gratuity—the claim having been made on 29th April 1957 (Ext. 3) and the retrenchment having been effected in 1955 but that was because the application under section 33 of the Industrial Disputes Act for permission to retrench was contested by the Union up to the Labour Appellate Tribunal and there was thereafter an attempt to appeal to the Supreme Court. The delay is therefore properly explained and the claim cannot be rejected on that ground. There is no dispute that the workmen mentioned in Annexure A to the Union's written statement had put in the qualifying period of 15 years' service before the retrenchment. The length of their service and their wages at the time of retrenchment will be found in the Company's statement, Ext. A(1). They were, therefore, eligible for gratuity under the existing gratuity scheme. Three of these workmen are said to have died since, but the scheme also provides for payment to the legal heirs of the workmen. I hold accordingly that the workmen named in Annexure A were entitled to retiring gratuity at half month's basic pay for every year of service subject to maximum limit of 15 months' pay, half month's pay being equivalent to 13 days' wages as these were daily-rated workmen.

Issue No. 2

14. The Union has failed to prove its case on this issue that the workmen are entitled to supply of coke or cinder for their domestic consumption free of cost or at a cheap rate as a matter of right. The existing practice, as proved by the Company, is that the ashes discharged from the Company's boilers and kilns are heaped up at certain places or bays every day in the week and out of such discharge for the first three days, viz., Monday, Tuesday and Wednesday, certain contractors employed by the Company collect cinder or burnt-up coal for use of the Company and that from the accumulation of ashes of the remaining days of the week the daily-rated workmen are allowed to pick up cinder or burnt coal for their requirement on every Sunday morning. For this purpose the workmen have to apply to the Company for permits which are issued to all applicants without any restriction or qualification excepting that no one is allowed to pick up more than one basketful weighing 30 to 35 seers. There is no dispute that this practice is still being continued and that no change has been made by the Company in this matter. The Company keeps a register of the collection of cinder made on its own behalf of contractors on the first three days of the week. From this collection the Company supplies cinder to its guest house, canteen, mess quarters and to certain hot room ovens and the surplus is distributed to the clerical staff on Saturdays. Another register is maintained of the passes or permits issued to the daily-rated workmen with their names and ticket numbers. Actually, however, all daily-rated workmen do not come and apply for permits to pick up cinder and according to the Company's register, the permits issued would be about 700 or 800 while the daily-rated workmen would be about 2,000 in number. Even out of these 700 or 800 permit-holders all do not turn up every week. The Company has filed two statements prepared from its registers which were also produced for inspection and from these statements (Exts. E1 and Ext. E2) it appears that out of 900 to 990 workmen in each of the two existing units—No. 2 Works and Lalkothi Works—the number of actual weekly pickers of cinder varied from 226 to 411 in the case of No. 2 Works and from 370 to 686 in the case of Lalkothi Works during several weeks in 1959. There is no record kept of the actual quantities of cinder picked up by the workmen but a check is made to see that none picks up more than one basketful of certain

standard. The Union has given no evidence to the contrary. No daily-rated workman came forward to prove that all the workmen at any time in the past picked up cinder according to their requirement or that each of them obtained coke to the extent of one maund every week. The Secretary of the Union who was the only witness admitted that he had no personal knowledge about collection of cinder by workmen on Sundays. He is a dismissed employee of the Company and he never went to the spot where the workmen pick up cinder. There is nothing to show that the above practice has been changed or modified in any manner by the Company to the prejudice of the workmen, or that the Company intends or ever intended to discontinue this practice.

15. Reliance was, however, placed by the Union on a statement filed by the Company in the previous adjudication proceeding of 1955 before the Fifth Industrial Tribunal in which there was a claim for increase of wages. In this statement which was marked Ext. C1 in that proceeding and has been marked Ext. D before me, the Company had included amongst the amenities provided for the workmen "cinder coal as ex-gratia when available" valued at Rs. 1-4 per maund per head per week for daily-rated workmen. It is contended that by this statement the Company accepted the position that it provided and was bound to provide one maund of cinder coal per week to every daily-rated workman as an amenity, but this contention overlooks the words "ex-gratia" and "when available" occurring in the statement. These words make it clear that the workmen did not get this quantity of cinder as of right and that the supply was not unconditional but depended upon availability. This statement was quite consistent with the existing practice and it cannot be taken as a guarantee or assurance on the part of the Company that this quantity of cinder would be regularly provided for each workman every week. It does not appear from the award of the said Tribunal that this amenity was taken into consideration in fixing the wage scales of these workmen or that the wage scales were in any way affected thereby. Reference was also made to a letter (Ext. E) of the Company and it was contended that the Company had admitted in that letter that the value of the supply of cinder to the workmen amounted to Rs. 5 or 6 per head per month. This letter was written by the Company to the Secretary of the Union on 4th December 1958 in reply to the Union's demand of 14th July 1958 that the Company should supply 2 maunds of cinder or its market price to every workman per week and that this supply was a part of the workmen's wages (vide Annexure C to the Union's written statement). The letter does not in any way support the Union's case. The Company made it clear therein that the workmen were allowed to pick up cinder as a matter of grace and that though the normal value of such cinder would be Rs. 5 or 6 (per month) the Company never undertook to insure such supply to each and every workman because the quantity of cinder varied and must vary according to the waste cinder available in the ash heaps. That the available quantity varies is also clear from Exts. E1 and E2 which give the quantities in cubit feet of cinder collected week by week by the contractors in 1959. In these circumstances I cannot hold that the workmen are entitled to claim as of right a regular supply of coke or cinder in any fixed quantity per head per week or any cash payment in lieu thereof. As the Company is continuing the existing practice and has no intention of discontinuing it, the workmen can have no reasonable ground for complaint. The claim on this issue is therefore rejected and I would only direct the Company to maintain the existing practice.

AWARD

This is a case arising out of the alleged termination of employment of Shri Gorakh Raut, one of the workmen of Messrs. J. C. Mullick Investment in Land and Buildings (hereinafter referred to as the Company. The dispute being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was originally referred for adjudication to the First Labour Court by the Government of West Bengal, Labour Department, order No. 779-I.R./IR/11L-33/59, dated the 26th February 1959, and the only issue framed for decision in the said order was:—

Whether the termination of employment of Shri Gorakh Raut is justified. To what relief, if any, by way of reinstatement and/or compensation is he entitled?

The same dispute with the same issue was subsequently referred to this Tribunal for adjudication by Government order No. 3697-I.R./IR/11L-33/59, dated the 20th July 1960, after the abolition of the said First Labour Court.

The first date fixed for appearances was 18th August 1960. The Union representing the workmen in this case adopted the previous statement. The next date 22nd August 1960 was fixed for filing written statement by the Company. But on that date both parties filed a joint petition of compromise. This is put up today for disposal.

I have considered the terms of agreement as set forth in the petition of compromise and it appears to me that the terms are fair and reasonable. Under the circumstances, the petition of compromise is accepted on the strength of which the case be disposed of.

The case is therefore disposed of in terms of the petition of compromise which do form a part of this award as annexure A.

AWARD

By Government order No. 6955-I.R./IR/10L-112/58, dated 23rd December 1959, an industrial dispute between Messrs. Krudd Industries Ltd.; 22 Ferry Fund Road, Sodepore, 24-Parganas (hereinafter referred to as the Company), and their workmen represented by the Krudd Industries Workers' Union, House of Lala, Station Road, Sodepore, 24-Parganas (hereinaffer referred to as the Union), has been referred to this Tribunal for adjudication.

The issues framed by Government have been as follow:—

(1) Sick leave for all workmen not belonging to the clerical and supervisory staff.

(2) Festival holidays for the temporary workmen not belonging to the clerical and supervisory staff.

(3) Whether the dismissal of Sarbashree Hiralal, Nannu Singh and Basdeo Ray is justified? To what relief, if any, are they entitled?

Subsequently, issue No. 2 has been substituted by a corrigendum intimated by Government order No. 1890-I.R./IR/10L-12/60, dated 26th April 1960, in view of which issue No. 2 stands as follows:—

Festival holidays with pay for the daily-rated and weekly-paid permanent and temporary workmen not belonging to the clerical and supervisory staff.

DECISION

The facts relevant to the issues will be stated in course of the decision thereof. Now the issues are being taken up one by one.

Issue No. 1

It is common ground that no category of workmen in the factory is allowed sick leave with pay. From the balance-sheets of the Company from 1952 to 1958 it appears that the Company is running at a loss. If a provision for sick leave with pay for the workmen not belonging to the clerical and supervisory staff be made, that would mean an additional financial burden on the Company. It is contended on behalf of the Company that this burden should not be imposed upon it in view of the deteriorating financial condition and also in view of the fact that the provisions of the Employees' State Insurance Act are going to be applied soon to the factory. But it is not known when the said provisions will come into force in the factory. Also it is a fact that sick leave with pay is allowed to the workmen of all categories in other factories in the locality. So, in spite of the adverse financial condition of the Company it cannot refuse this particular amenity, namely, sick leave with pay to its workmen. As a result, it is awarded that the Company is to allow 15 days' sick leave with half pay annually to all workmen not belonging to the clerical and supervisory staff. The workmen will not be entitled to this sick leave unless their application for leave is backed by a certificate from a registered medical graduate. This leave will be cumulative up to one month. This provision for sick leave as made by this award will stand automatically superseded as and when the provisions of the Employees' State Insurance Act will be brought into force in the factory.

Issue No. 2

It is common ground that the Company allows 18½ days' festival holidays with full pay to all categories of workmen excepting those who are daily-rated and weekly-paid (whether they be permanent or temporary). Also, the factory is kept completely closed on 15½ days on account of festival holidays, while on the remaining 3 festival holidays the factory remains open, but sectional holidays are allowed to the workmen concerned in the festivals. In the instant case, the Company has been candid enough to admit that the daily-rated and weekly-paid workmen should not be deprived altogether of festival holidays with pay. The Company's witness (O.P. W. 1) has proved that in similar industries in the same region 10 days' festival holidays with pay are granted to all types of workmen. So, the the Company is willing to allow 10 days' festival holidays with pay to the daily-rated and weekly-paid workmen of its factory. But the Union demands that they should be granted 18½ days' festival holidays with pay as are granted to other workmen. It is contended by the Company that this would mean a heavy financial burden which would be highly detrimental in view of its adverse financial condition. Now the daily-rated and weekly-paid workmen of the Company cannot claim to have 18½ days' festival holidays with full pay on analogy with other workmen, for there is no rule or law that all types of workmen of a particular concern should be placed under identical terms and conditions of service. It is a matter of common experience that different types of workmen are placed under different terms and conditions of service in many concerns. The instant case is an example to the point. It is to be noted that admittedly there is disparity in a very vital condition of service of the workmen concerned in this issue under discussion, viz, mode of payment of wages. They get wages which are daily-rated and paid weekly, while the other workmen are monthly-rated and are paid monthly. So, the former cannot claim by analogy to have 18½ festival holidays with pay which are granted to the latter. Also in view of the present economic and industrial backwardness of the Nation, an attempt is being made to reduce the number of holidays in Government institutions There is no reason why the same policy should not be followed in industrial concerns also. Hence, it is held that the daily-rated and weekly paid workmen (both permanent and temporary) will be allowed 10 festival holidays with pay. Also, more holidays with pay are not warranted by the present financial condition of the Company.

Now a very important point comes in for consideration It has been found that the Company grants 18½ festival holidays to other workmen out of which the factory remains completely closed on 15½ days which can be called general festival holidays for the purpose of convenience, and remains open on 3 other festival holidays

when sectional holidays are granted to the workmen concerned in the festivals. The daily-rated and the weekly-paid workmen will have the option to avail of any of the sectional holidays as well as the general festival holidays, but the total number of holidays to be enjoyed by them should not exceed 10 days in a year. But the Company should provide them with work for 8½ days out of the 18½ festival holidays granted to other workmen. Otherwise these daily-rated and weekly-paid workmen will be practically laid-off for no justifiable reason without any compensation during the said 8½ days which will be absolutely unjust and unfair. If the Company cannot provide these workmen with any work for any of the said 8½ days, it will have to pay their full wages for any of those 8½ days on which they are not so provided.

Thus the award on this issue in a nut-shell is that the daily-rated and weekly-paid workmen (both permanent and temporary) will get 10 festival holidays in a year with full pay. They will have the option to avail of any of the general holidays or sectional holidays, but the total number of both kinds of holidays to be enjoyed by them with full pay shall not exceed 10. Out of the 18½ festival holidays granted to other workmen, the Company will have to find employment for the aforesaid daily-rated and weekly-paid workmen for 8½ days, failing which the Company will have to pay full wages to such of the said daily-rated and weekly-paid workmen as may not be provided with work on the said 8½ festival holidays or any of the same.

It seems that to give effect to this arrangement the Company will have to keep the factory completely closed on 7 general festival holidays and to keep it open on the remaining general festival holidays as well as on the three sectional holidays.

Issue No. 3

Out of the three dismissed workers involved in this issue, two, namely, Shri Nannu Singh and Shri Basdeo Ray have not appeared at the time of hearing, and their case has not been also pressed by the Union. Further, it is proved by the Supervisor of the Company's staff (O.P.W. 1) that those two workmen took payments of all their dues by way of final settlement, and they gave up their claim for reinstatement (vide Exts. B and C). So, it is held that these two workmen, namely, Shri Nannu Singh and Shri Basdeo Ray were rightly dismissed and they are not entitled to any relief.

As regards the remaining workman, namely, Shri Hiralal, a petition of compromise has been filed after his examination-in-chief. The terms of the compromise are fair and reasonable, and an award be passed in respect of Shri Hiralal in terms of the petition of compromise which do form part of the award as annexure 'A'.

This is the award of the Tribunal.

Government of West Bengal, Labour Department, by its order No. 1617-I.R./IR/8L-12/58, dated Calcutta, the 22nd April 1959, referred an industrial dispute between Messrs. Bowreah Cotton Mills Company Ltd. and their workmen represented by Bowreah Cotton Mills Employees' Union to the Second Labour Court for adjudication regarding the issue mentioned in the order of reference.

Issue

Whether the dismissal of Shri Sushil Das and Shri Mukunda Ghose is justified? To what relief, if any, are they entitled?

The facts of the case, in brief, are as follows:

Messrs. Bowreah Cotton Mills Company Ltd. (hereinafter referred to as the Company), as the name indicates, manufacture and sell cotton goods. After the cloths are manufactured, they are sent to the Bundle Department; there the bundlers wrap the cloths in paper into bundles, under the supervision of a mistry. Several bundles make a bale. After the cloths are put into bundles, the mistry makes a kutchha slip in respect of each bale. The bundle and the kutchha slip then go to the bale clerk, who prepares a pucca slip. Both the slips and the bale then go to a bale checker. After checking by the bale checker the bundles of cloth go to the baling press where they are pressed and made into a bale. Then bale leaves the ware-house.

In April 1958 there were complaints that some customers of the Company received cloths short of or in excess of cloths that should have been found in some bales. Sarbashri Sushil Das and Shri Mukunda Ghosh were the bale checkers at the relevant time. On 19th May 1958 the Company issued a charge-sheet to Shri Mukunda Lal Ghose in respect of discrepancies in bale Nos. 3207, 4535, 2564 and 5133, for neglect of work on the allegation that the above bales were checked by him. On 17th April 1958 the Company issued a charge-sheet to Shri Sushil Das for neglect of work in respect of discrepancy in bale No. 4332 and for his omission to put his signature on the checking slip. The two charge-sheeted workmen gave their replies to the charge-sheet. Enquiries were held in respect of the charge-sheets. Eventually the Company dismissed them.

The contention of the Company is that it was the duty of every bale checker to count the number of cloths in each of the bundles forming a bale. The Company alleges that the two charge-sheeted workmen who were employed as bale checkers did not count the contents of the bundles of the bales in respect of which charge-sheets were issued to them.

The two charge-sheeted workmen have admitted that they did not check the contents of all the bundles of the bales in question. Their contention is that it was not their duty to do so. Their contention is that their duty consisted of comparing the pucca slip with the kutchha slip, checking the weight noted in the slips according to the calculation chart and to examine the contents of one sample bundle only in a bale.

Shri Sushil Das has admitted that he did not sign the checking slip in question. So the points for determination are:

(1) Whether it was the duty of the two workmen as bale checkers to count every cloth in every bundle in a bale;

(2) Whether failure on the part of Shri Sushil Das to sign the checking slip is a misconduct meriting dismissal.

DECISION

The Union has alleged that the two workmen were victimised on account of their Trade Union activities; but the Union has not adduced any evidence in support of this allegation. So I straightway reject the same. It has been proved beyond any shadow of doubt that enquiries in respect of the two charge-sheeted workmen were held. The Company has produced before me the statements of the two charge-sheeted workmen and of witnesses at the enquiries; but it appears that the Enquiring Officer has not drawn up any

report of enquiry to show how he came to the finding that the two workmen were guilty of the charges mentioned in the charge-sheets. I, however, find that Shri H. P. Sarma, who was the Supervisor-in-charge of the ware-house then and who ought to know the system of work there best has stated at the enquiry that the bale checkers check the contents of one sample bundle. So he gives a complete lie to the contention of the Company that it was the duty of the bale checkers to check the contents of every bundle in a bale. O. P. W. 1 Shri Gopen Dutta, Labour Officer of the mill and O. P. W. 2 Shri B. S. Kotnis, Head Weaving Master of the mill, have stated before me that it is the duty of the bale checkers to check the contents of every bundle in a bale. But both of them have admitted that there is no written order to that effect. The Company has suggested to P. W. 3 that the Company determines the duty of all men. Nobody can refute this contention: But when the Company determines the duty of a particular category of workmen, it must pass an order to that effect and make that order known to that category of workmen. In the present case it has not been proved either at the domestic enquiry or before me that the Company ordered that the duty of a bale checker was to check the contents of every bundle in a bale. As the Company found the two charge-sheeted workmen guilty of neglect of duty on the assumption that the above was their duty, the finding suffers from a basic error of fact.

As to Shri Sushil Das, the Company has found him guilty of misconduct mentioned in section 17(k) of the Standing Orders of the Company. That section mentions "habitual breach of any rules or instructions". The Company did not charge Shri Sushil Das with habitual omission of signature on checking slips. He was charged for his negligence in signing a particular checking slip. This cannot be, by any stretch of imagination, be termed "habitual". So charging Shri Sushil Das and finding him guilty under section 17(k) of the Standing Orders suffer from a basic error of law.

In view of the above basic errors, I reject the finding of the Company on the basis of the enquiries held by it. The Company has also failed to prove its case by evidence before me.

In the above circumstances, I hold that the dismissal of Sarbashri Sushil Das and Mukunda Lal Ghose is unjustified. As such, I order that they be reinstated and be paid wages for the period of their forced unemployment. The above order shall take effect within a month of the publication of this award in the "Calcutta Gazette".

BEFORE THE SECOND LABOUR COURT
WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Government of West Bengal, Labour Department, by their order No. 3073-I.R./IR/11R-226/58, dated the 23rd July 1958, referred to the Second Labour Court, an industrial dispute between Messrs. Martin Burn Ltd., 12 Mission Row, Calcutta-1, and their employees represented by the Martin Burn Indian Employees' Union, 29/1/A Chowdhury Lane, Calcutta-4, for adjudication regarding the matter specified in the issue mentioned in the order of reference.

Issue

Is the discharge of Munnilall justified? To what relief is he entitled?

The case of the Union, briefly stated, is as follows:—

Shri Munnilall was an office peon of Messrs. Martin Burn Ltd. (hereinafter referred to as the Company) for 16 years. His father Shri Raja Ram is also a chaprasi of the above Company for 15 years. They reside together in the same premises at Howrah. Shri Munnilall was an active worker of the Union and as such incurred the displeasure of the Company which harassed him in different ways in the past on false or frivolous pretexts. He was attacked with stomach trouble and had several motions on 20th April 1955 both at his house and while on way to office; as such, he came back home without attending

office. On 21st April 1955 he went to Lillooah Charitable Dispensary and was under the treatment of the doctor of the hospital as an outdoor patient from 21st April 1955 to 23rd April 1955. The Company was aware of his illness from his father or could reasonably get the news on enquiry from his father. 24th April 1955 being a Sunday, he offered himself for work on 25th April 1955; but he was not allowed to resume his duty. On that day he was served with a charge-sheet, dated 21st April 1955, for the alleged offence of being absent on 20th April 1955. On that very day he replied to the charge-sheet denying the allegation and explained the circumstances of his absence. On 4th May 1955 the Company held an enquiry, and at the enquiry the hospital chit produced by him was not considered by the Company, and he was held to be guilty without any evidence against him and on extraneous considerations. The Company, however, advised him to come to office on 6th May 1955 and to meet Shri S. C. Banerjee, an officer dealing with the cases of peons. Accordingly he went to the office on 6th May 1955 and reported to Shri S. C. Banerjee who asked him to sign on a blank-sheet of paper; and on his enquiry Shri Banerjee told him that unless he signed the same, he would not be allowed to continue further in his service. On 11th May 1955 Shri Munnilall submitted an appeal to Shri A. N. Banerjee, Branch Offices Liaison Officer of the Company, for allowing him to resume his duty and incidentally referred to his talk with Shri S. C. Banerjee on 6th May 1955. Thereafter without any fresh charge-sheet and any enquiry the Company decided to dismiss Shri Munnilall subject to the permission of the Labour Appellate Tribunal before which a dispute was pending. Accordingly, the Company filed an application on or about 30th August 1955 under section 22 of the Industrial Disputes (Appellate Tribunal) Act before the Labour Appellate Tribunal for permission to discharge Shri Munnilall; but the above Tribunal refused to grant that permission. The Company did not move any higher Court against the above order of the Labour Appellate Tribunal. Nevertheless, it issued a letter, dated 31st August 1956 discharging Shri Munnilall with effect from 1st September 1956. It is thus clear that the Company failed to make out a prima facie case for discharge of Shri Munnilall before the Labour Appellate Tribunal. Evidently, he did not commit any offence subsequent to the decision of the Labour Appellate Tribunal. So the Union contends that the discharge of Shri Munnilall is unjustified, and prays for his reinstatement and payment of all back wages.

The case of the Company, on the other hand, is as follows:—

Shri Munnilall was neglecting his duties and was irregular in attendance. As no improvement was noticed despite all verbal warnings, the Company, by a letter, dated 12th August 1953, referred to his irregularity in attendance and his habit of absenting himself from duty without prior sanction or intimation, and warned him that unless he showed improvement in his work and attendance, the question of terminating his services with the Company would have to be considered. The above warning, however, had no effect upon him. So by a letter, dated 16th December 1953, the Company called upon him to show cause as to why his services should not be dispensed with for the reasons stated therein. After the letter of 16th December 1953 he appeared to be regular for about 3 months; but from 2nd April 1954 he again started his old practice of absenting himself without prior sanction and then applying for leave. In the department to which he was attached there was only one other office peon and so his frequent absence without prior notice caused great dislocation in the work of the department. So on numerous occasions the Company tried to impress this position upon him and warned him that in case of irregularity in attendance in future his services were liable to be dispensed with. The last of these warning letters is dated 11th August 1954. On 20th April 1955 he once again absented himself without permission and even without intimation. Consequently, the Company issued a charge-sheet, dated 21st April 1955 and sent it to him by Registered Post, and suspended him pending enquiry. A copy of the above charge-sheet was also served on him on 25th April 1955, when he came back to the office to resume his duties. He submitted an explanation that very day. On 4th May 1955 Shri T. N. Hor, an officer of the Company, held an enquiry with regard to the charge-sheet. At the enquiry Shri Munnilall admitted his fault and begged for mercy. On 11th May 1955 he addressed a letter to Shri A. N. Banerjee, stating that he had been allowed to resume his duty on 6th May 1955 and that on that day Shri S. C. Banerjee had asked him to sign a blank sheet of paper. On receipt of that letter Shri A. N. Banerjee asked Shri Munnilall to see him on 18th May 1955. Shri A. N. Banerjee held an enquiry on 18th May 1955 in presence of Shri Munnilall and found that the allegation made by him against Shri S. C. Banerjee were baseless and malicious. Thereafter by a letter, dated 26th May 1955, the Company informed Shri Munnilall that it had decided to terminate his services. Shortly after the receipt of the above letter he again called upon the said Shri A. N. Banerjee and begged for mercy, whereupon Shri A. N. Banerjee suggested that he should make an application in writing for mercy for consideration of the management. He left the office of Shri A. N. Banerjee stating that he was bringing a written application for mercy on the following day. No such application was however received by the Company from him. The Company then applied before the Labour Appellate Tribunal for permission to discharge Shri Munnilall. That Tribunal, however, dismissed the said application on 1st February 1956. The Company, however, contends that the decision of the Labour Appellate Tribunal was erroneous. After the proceedings before the Labour Appellate Tribunal had been over, the case of Shri Munnilall came up for consideration before the management. In view of the gravity of his misconduct and his bad record, the management could not allow him to remain in employment and to resume his duty; accordingly, in the interest of discipline his services were terminated. The Company therefore contends that the discharge of Shri Munnilall is justified and as such he is not entitled to any relief.

It appears from the written statement of the Company as also from the evidences of Shri A. N. Banerjee (O.P.W. 2) that the three reasons

for which the Company discharged Shri Munnilall are as follows:—

(1) He remained absent from 20th April 1955 to 23rd April 1955 without any intimation, not to speak of permission.

(2) He made baseless and malicious allegation against Shri S. C. Banerjee in his letter, dated 11th May 1955.

(3) He was in the habit of absenting himself without permission or even intimation; he did so on not less than 32 occasions in course of about 2½ years, inspite of several oral and written warnings. This caused dislocation in the work of the department to which he was attached.

Of the above three reasons, only the first allegation, viz., the absence of Shri Munilall from 20th April 1955 to 23rd April 1955 has been mentioned in the charge-sheet, dated 21st April 1955. No charge-sheet was issued to him on the other two allegations. An enquiry was held about the charge-sheet; but no proceedings of that enquiry have been produced before me. So I am unable to decide whether that enquiry was properly conducted. As such I am unable to act upon the decision of that enquiry.

As to allegation No. 2, Shri A. N. Banerjee has stated in his evidence that he held the enquiry about that allegation in presence of Shri Munnilall. I do not disbelieve his evidence; but he admits that he did not write any proceedings of that enquiry. As no charge-sheet was issued in respect of that allegation and as no proceedings of that enquiry were written, I am unable to act upon the decision of that enquiry also.

As to the third allegation, it is admitted by the Company that no charge-sheet was issued nor was any enquiry held about that allegation.

The learned lawyer appearing for the Union has argued that the above findings lead irresistibly to the conclusion that the action of the Company in discharging Shri Munnilall is unjustified. I am afraid, I cannot agree with him. There are several rulings of the Supreme Court to the effect that rejection of the proceedings of enquiry held by a management does not ipso facto make the order of the management unjustified. When such proceedings are rejected by a Court, the whole case is then at large before that Court, I am therefore called upon to consider the evidence adduced before me in order to come to a finding where the discharge of Shri Munnilall is justified.

In the written statement of the Union it has been stated that Shri Munnilall had several motions on way to the office on 20th April 1955. But Shri Munnilall has admitted in his evidence that he did not stir out of his house on that day. He first said that he went to the hospital on 20th April 1955; but remembering that the hospital chit is dated 21st April 1955 he corrected himself and said that he went to hospital on 21st April 1955. It is admitted by him that at the relevant time he lived in joint mess with his father who is a chaprasi in the Company. It is impossible to believe that during the four days on which he remained absent on that occasion he could not send information through his father to the Company about his absence. The reason of his absence, viz., illness may or may not be true; but the Company has not charged him for being absent on a false plea. The charge against him as mentioned in the charge-sheet, dated 21st April 1955, is that he absented himself without any permission or even intimation. As he had enough opportunity to intimate his absence to the office, I hold that the charge mentioned in the charge-sheet, dated 21st April 1955, has been proved.

As to the second allegation, there is no reason to disbelieve the evidence of Shri S. C. Banerjee and of Shri A. N. Banerjee on this point. Further, the allegation made by Shri Munnilall in his letter, dated 11th May 1955, that he was allowed to resume duty on 6th May 1955 is unbelievable, as being improbable. So I hold that the second allegation has been satisfactorily proved. In this connection the learned lawyer for the Union has referred to a decision of the Supreme Court in a case of Lakshmi Debi Sugar Mills Ltd., reported at page 443 of L.L.J., 1956 Vol. II. There the Supreme Court has held that a management cannot dismiss a workman on a charge which has not been mentioned in the charge-sheet. But that was a case of permission under section 22 of the Industrial Disputes (Appellate Tribunal) Act. Naturally, there the management was required to make out a prima facie case on the proceedings of enquiry held by it. But in a case of reference under section 10 of the Industrial Disputes Act where the management fails to convince a Court by means of proceedings of enquiry held by it, it can nevertheless adduce independent evidence before that Court in justification of its action. So even if it be admitted that the Company was not justified in taking into consideration a charge which was not mentioned in the charge-sheet, a Court before which the case is at large is entitled to come to a decision of its own, on evidence adduced before it. So I am entitled to hold and so held that the second allegation has been satisfactorily proved.

As to the third allegation, several warning letters issued to Shri Munnilall as also his leave chart clearly show that he was frequently absent without intimation, not to speek of permission. It may be presumed and there is also evidence to the effect that such conduct on the part of Shri Munnilall caused dislocation in the work of the department to which he was attached. The learned lawyer on behalf of the Union has argued that every such absence except the one in question was converted into leave with pay. This may lead to the inference that the management was satisfied as to the reasons of the absence; but that does not absolve Shri Munnilall of the charge of frequent absence without permission or even intimation. So I hold that the third allegation has also been proved satisfactorily.

Apart from the believability of the evidence adduced on behalf of the Company, there is one pertinent question as to probability. If Shri Munnilall was innocent of the allegations made against him, as contended by the Union, the question arises, as to why the Company should take such a drastic action against him. The learned lawyer for the Union has suggested to Shri A. N. Banerjee who

took the decision of discharge of Shri Munnilall that he took that decision on a question of prestige of the Company. The question of prestige might come when the Company was trying to maintain its decision to discharge Shri Munnilall. But the question arises as to why the Company should at all have taken the decision to discharge Shri Munnilall. The Union has not been able to show that the Company had any extraneous reasons to be displeased with him. On the contrary, it cannot be expected that a Company should keep in its employment a workman who has shown by his conduct that he is systematically unamenable to discipline.

In view of the above considerations, I hold that the discharge of Shri Munnilall is justified. As this is a case of discharge and not of dismissal, I order that the Company should pay him his gratuity and provident fund dues and also retrenchment compensation as provided for in the Industrial Disputes Act. The above order shall take effect within a month of the publication of this award in the "Calcutta Gazette".

ANNEXURE

In the matter of two industrial disputes under Government order Nos. 3823 and 864-I.R./IR/10L-127/58, dated 7th August 1959 and 27th February 1960, respectively, between Messrs. Oriental Research & Chemical Laboratory, 6 Haragunj Road, Salkia, Howrah, and their workmen represented by Oriental Research & Chemical Laboratory Workmen's Union, 4 Panchkori Mohanto Lane, Salkia, Howrah. (Case No. VIII-136 of 1959 and VIII-59/60.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. K. SARKAR, Judge,
Second Industrial Tribunal.

Present for the Company: Shri D. L. Das, Counsel, assisted by Shri B. Mukherjee, Advocate and Shri T. P. Chatterjee, Secretary of the Company.

Present for the Union: Shri Amar Chakravorty, Advocate, assisted by Shri Saroj Ghosal, General Secretary of the Union.

By Government order No 3823-I.R./IR/10L-127/58, dated 7th August 1959, the first of the above two disputes was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication of only one issue, viz., "bonus payable in 1958" and by Government order No. 864-I.R./IR/10L-127/58, dated 27th February 1960, the second dispute was referred for adjudication of a similar issue, viz., "bonus payable in 1959". As the parties were the same and common questions of fact and law were raised in the two references they were heard together and this award will govern both.

2. The employer, the Oriental Research and Chemical Laboratory Ltd., which will hereafter be referred to as the Company, is a concern of about 20 years' standing producing medicines and drugs. The case of the Union is that the Company had paid the usual Puja bonus to its employees at the time of Durga Puja every year for more than 10 years until 1958 when it stopped such payment. The claim in the first case is for payment of such bonus for 1958 and that in the second case for 1959.

3. The Company's case is that it paid such bonus in the past ex-gratia out of sympathy and consideration for its employees and that the employees could not claim such payment as customary or as an implied term of employment. It is also stated that payment of bonus had to be stopped on account of the financial difficulties of the Company and the losses it sustained in 1958.

4. Though the issue in both the references mentions only bonus without specifying the nature of it, the written statements make it clear that the bonus claimed is Puja bonus. The quantum of bonus claimed is not mentioned in

either of the written statements of the Union, but at the time of hearing it was stated that the quantum should be the same as in the past years when such bonus was paid. This, however, creates a difficulty because the Company and the Union are not agreed about the quantum of bonus paid in the past. The Company has filed a statement, Ext. A, according to which the bonus was paid at the rate of half month's basic pay in 1950, one month's basic pay during 1951-56 and one and a half month's basic pay in 1957. The Union did not file any statement but it examined a witness who stated that in 1949 the rate was one month's basic pay, in 1950-51, one and a half months' basic pay and during 1952-57 two months' basic pay. The witness spoke from memory and no document was produced in support of his statements. Nothing was also mentioned in the written statements about the rate or rates at which bonus had been paid in the past. In the circumstances it is difficult to accept the evidence of this witness regarding the quantum of bonus paid in the past. The only reliable evidence on the point is the statement (Ext. A) filed by the Company and the quantum will have to be determined with reference to it.

5. Though the Company has admitted that it paid bonus in the past on the eve of the Pujas, it has been denied in the written statement that it was a customary payment or that such payment was an implied term of employment. There is, however, nothing to show that it was an ex-gratia payment, as has been claimed in the written statements. No notice or declaration to that effect has been produced. Even in the letter (Ext. B) which the Company wrote to the Labour Officer on 29th May 1959 during the conciliation proceeding it was not stated that the past payments were ex-gratia. The Company's Secretary stated in his evidence that every year the employees used to make a petition for bonus to meet the Puja expenses and that such bonus used to be paid at different rates depending on the profits. He also stated that payment of bonus depended on the discretion of the Management and varied with the profits. But none of these statements has been supported by any contemporary records and no petition of the employees has been produced. On the other hand the Union's demand for bonus for 1958, dated 30th September 1958 (Ext. 1), shows that the bonus was claimed as the usual or customary Puja bonus. The statement that bonus varied with profits is contradicted by the Company's own statement, Ext. A, which shows that the bonus was paid even during years of loss, viz., in 1950, 1953 and 1954. The loss in 1950 amounted to a heavy sum, viz., Rs. 21,014, but in spite of it one month's basic wage was paid as bonus in the following year. In 1953 and 1954 the losses amounted to Rs. 15,548 and Rs. 11,064, respectively, but the same rate of bonus was paid. It is clear therefore that the bonus was not paid ex-gratia and did not depend on profit at all and that the Company never took the present plea that no bonus could be paid in a year of loss or if there was a loss in the previous year. The bonus was paid up to 1957 irrespective of profit and loss.

6. The statement, Ext. A, suggests that the payment of bonus was started in 1950, but it appears to have started much earlier. The Union has produced a copy of the Company's printed balance-sheet for the year ending 31st December 1948 which shows that a sum of Rs. 2,598 was paid as bonus to employees that year (Ext. 2). The Company's Secretary did not say that no Puja bonus had been paid before 1950. All that he said was that it was not possible for him to say without looking into the books of accounts whether such bonus had been paid before 1950. It has not been suggested by the Company but the bonus to employees mentioned in the balance-sheet for 1948 was any other kind of bonus. In the circumstances I must take it that the item refers to Puja bonus and that such bonus was being paid at least from 1948. It must also have been paid in 1949. The Union's witness who has been in the service of the Company since 1946 stated that such bonus was being paid from 1947.

7. It is now well-settled that Puja bonus is a special kind of bonus prevalent in Bengal and that it is paid either as an implied term of employment or as a customary and traditional payment. In the cases of Ispahani Limited and Grahams Trading Co., Ltd. [1959-II, L.L.J., pages 4 and 393 respectively] the Supreme Court laid down the tests for the two types of Puja bonus. The three common tests are: (1) that the payment has been over an unbroken series of years, (2) that it has been for a sufficiently long period, and (3) that the circumstances in which payment was made must be such as to exclude that it was paid out of bounty or depended upon profits. All those tests have been satisfied in this case. The payment has admittedly been over an unbroken series of years. There was no break before 1958. The payment has also been for a sufficiently long period—from 1948 at least covering ten years. The payment did not depend on profit but was made in three years of loss also. It was not therefore paid out of bounty. In the case of Grahams Trading Co. it was laid down that where Puja bonus was claimed as customary and traditional it would further have to be proved that the payment was throughout at a uniform rate so as to justify the inference that such rate had become customary and traditional in the particular concern. Payment at a uniform rate was not, however, necessary where the bonus was claimed as an implied term of employment and it would be for the Tribunal to decide what should be the quantum of bonus in a particular year taking into account the varying payments made in the past.

8. As already stated, payment of bonus in this case has not been at a uniform rate in the past. At first the rate was half month's basic pay, then one month's basic pay, and finally one and half months' basic pay. So the additional test, laid down for customary bonus has not been satisfied in this case. It has been argued that as the Union claimed this bonus in the written statements as the "usual" Puja bonus and as in its letter of demand, dated 30th September 1958 (Ext. 1), the claim was based on usage or custom in the absence of proof of a uniform customary payment the claims should fail. But the facts proved in this case certainly make out a case that Puja bonus had become an implied term of

employment in this concern and that the employees are entitled to claim it on that ground. The fact that the claim was not specifically based on that ground would make no difference when the tests laid down for such claim have been satisfied. So far as the quantum of bonus is concerned, it is clear from Ext. A that from 1951 to 1956 it was uniformly paid at the rate of one month's basic wage, in spite of heavy losses during three years and it is also found from the Company's balance-sheets that in 1957 the Company did not sustain any loss but made a profit, however small, and that though in 1958 it sustained a loss, the amount was only Rs. 2,015. We do not know the position in 1959 and it has not been stated that the Company sustained a loss in that year. In the circumstances I think that it would be fair and reasonable to fix the quantum of Puja bonus at one month's basic pay for 1958 as well as for 1959. I award accordingly that the Company should pay one month's basic wage as Puja bonus to its employees for each of the years 1958 and 1959 and that the bonus for 1958 should be paid within one month from the date of publication of this award and that for 1959 within three months from that date.

PART I—Orders and Notifications by the Governor of West Bengal, the High Court, Government Treasury, etc.

GOVERNMENT OF WEST BENGAL

LABOUR DEPARTMENT

ORDERS

No. 4819-I.R./IR/9L-55/59.—10th September, 1960.—Whereas under the Government of West Bengal, Labour Department, order Nos. 900-I.R./IR/9L-55/57 and 901-I.R./IR/9L-56/59, both dated the 1st March 1960, the industrial disputes between Messrs. Harrisons and Crosfield Limited and Messrs. Davenport and Company Private Limited, both of 6 Church Lane, Calcutta-1, and their workmen represented by the Harrisons and Crosfield (Calcutta) Employees' Union, 7 Krishna Laha Lane, Calcutta-12, regarding the issues mentioned in the said orders being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), were referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial disputes;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Harrisons and Crosfield Ltd., 6 Church Lane, Calcutta-1, and their workmen represented by the Harrisons and Crosfield (Calcutta) Employees' Union, 7 Krishna Laha Lane, Calcutta-12,

And

In the matter of an industrial dispute existing between Messrs. Davenport and Co. (P) Ltd., 6 Church Lane, Calcutta-1, and their workmen represented by the Harrisons and Crosfield (Calcutta) Employees' Union, 7 Krishna Laha Lane, Calcutta-12. (Case Nos. VIII-61/60 and VIII-62/60 respectively.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri D. L. Sen Gupta, Advocate, and Shri M. K. Mukherjee.

For the Company: Shri R. Goswami, Assistant Labour Adviser, Bengal Chamber of Commerce and Industries.

By Government order Nos. 900-I.R./IR/9L-55/59, dated the 1st March 1960, and 901-I.R./IR/9L-56/59, dated the 1st March 1960, the above two cases were referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication.

Issue No. 1 is common in both the cases. There is an additional issue numbered as issue No. 2 in

the case referred under Government order No. 900-I.R., dated 1st March 1960.

The common issue of both the cases stands as follows:—

Issue No. 1.—Grades and scales of pay for the sub-staff.

The additional issue as stated above, is as follows:—

Issue No. 2.—Whether Shri M. N. Bose is entitled to gratuity? If so, what should be the amount?

Usual notices were issued to the parties, and they filed their written statements. At the time of hearing both the parties adduced evidence, oral and documentary. For the sake of convenience, with the consent of both the Companies and the common Union, the above two cases were tried analogously. There is no dispute on the point that the employees of Messrs. Harrisons and Crosfield Ltd. and Messrs. Davenport & Co. Ltd. had been guided and controlled by the same conditions of service and that since the 30th June 1957, Messrs. Davenport & Co. Ltd. ceased to be a subsidiary Company of Messrs. Harrison & Crosfield Ltd. Admittedly even then the workmen of the Davenport continued to enjoy the same terms and conditions with full benefit as to continuity of service after the transfer. The same Union representing the workmen of both the concerns submitted separate written statements in each of the two cases in support of their claim.

The contention of the Union is that the Company is a highly prosperous concern employing 78 workmen of which 39 belong to the sub-staff. It is contended by the Union that the minimum basic salary of the sub-staff now standing at Rs. 30 per month is not based on any scientific calculations, and that the pay scales should be revised as demanded in paragraph 20 of the written statement. Regarding the claim of gratuity in favour of Shri M. N. Bose, the contention of the Union is that the said employee met with an accident on 30th April 1958 requiring hospitalization, and the Company suddenly and arbitrarily terminated his service presumably for his said disability and as such he is entitled to obtain gratuity as per decision of the Labour Appellate Tribunal.

In the case of Messrs. Davenport & Co., the Union has prayed for introduction of the scales of pay at the same rate as stated in paragraph 26 of the written statement, on the same line of reasoning as advanced in the other case.

The employer, i.e., Messrs. Harrisons and Crosfield Ltd., in the written statement assert that the reference is bad in law as the previous award of the Tribunal continues to be binding on the parties. It is further contended that the grades and scales of pay as quoted in annexure "C" to the written statement with respect to some industrial concerns are exceptions to the general level of wages prevailing in this area, and any further increase or revision in the wage structure would mean abnormal increase in establishment charges and consequent reduction of staff by retrenchment.

Regarding the case of Shri M. N. Bose, the Company's standpoint is that he was permitted as a special favour to continue in service beyond the fixed retiring age and, therefore, he cannot be awarded any money over and above the normal retiring benefits which are already paid.

Messrs. Devenport & Co., in their written statement, put forward practically the same line of arguments to resist the claim of the Union for revision and upgrading the scales of pay of the sub-staff.

I shall refer to the relevent portions of the contentions raised in the written statements as necessary in course of my adjudication on specific issue.

Issue No. 1 of both the cases

This issue relates to grades and scales of pay for the sub-staff. Admittedly there are 39 persons in the sub-staff under the Harrison & Crosfield Co. and 12 persons under the Devenport & Co., all being guided in the same scales of pay. The scales of pay for the sub-staff at the moment are as follows:—

Bearers, Sweepers, Peons, Tea Boys, Dufftaries, Durwans, Khitmatgars—Rs. 30—1—50.

Head Durwan and Godown Durwan—Rs. 50—2—70.

Drivers—Rs. 70—2—94.

There was an award with respect to this Company, i.e., Messrs. Harrison & Crosfield Co. Ltd., which was one of the concerns included in the reference case as a party employer with the mercantile firms and their associated firms numbering 259 under the Bengal Chamber of Commerce. The awards are popularly called Mercantile Tribunal award of West Bengal. Ext. B is the copy of the said award, dated the 17th May 1949. By that award the minimum basic salary of a peon was fixed at Rs. 30 per month. Thereafter in 1954 another industrial dispute between this Company and its employees represented by the self-same Union was referred to the Tribunal for adjudication. Grades and scales of pay of sub-staff were again as issue in that reference case. Ext. 4 is the copy of the award, dated the 19th January 1955. It appears from the said award that the Union then suggested that there should be only one grade for the sub-staff as given below:—

60 3 90 90 4 130 130 5 155
10 10 5

The learned Tribunal while deciding the issue regarding the grade and scales of pay of the sub-staff observed as follows:—

"Regarding the grades and pay scales of the subordinate staff, the evidence is that the present grade and scales of pay compare favourably with those of the comparable concerns in and around, Calcutta. The total emoluments that an employee of the subordinate staff gets at present appear on the whole to be adequate. A revision of the scales of pay on the lines suggested by the Union will have serious repercussions on the other concerns, in the locality, that should be avoided at present".

There were two cross-appeals against that award to the Hon'ble Appellate Tribunal. Ext. 5 is the copy of the said award given by the Appellate

Tribunal. The Hon'ble Appellate Tribunal held that the minimum basic wage of an unskilled worker should be Rs. 30 per month. Thus the minimum wage as decided remained undisturbed by the Hon'ble Appellate Tribunal. It is contended by the Union that the first award of the Mercantile Tribunal in 1949 fixed the minimum wages at Rs. 30 per month was without any scientific calculation. Regarding the second award made on the 19th January 1954, it is contended that the Tribunal's decision was most unfortunate and unsound. It has got to be noted however that the Hon'ble Appellate Tribunal upheld the decision of the lower Tribunal and refused to revise the existing grades and scales of pay of the sub-staff. It is now well-settled that the grades and scales of pay should be allowed to endure for a reasonable time unless there be justification for revision of the same. In the case of Burn & Co. Ltd., reported in 1957, L.L.J., I, p. 130, it was held that wages had to be regarded as intended to have long-term operation and at the same time the award is liable to be modified by change in the circumstances on which they were based. In fact, the previous award should not be changed except on sound and justifiable grounds. Some of these justifiable grounds are: (i) change of circumstances, (ii) principle of gradual advance to the living wage, (ii) anomaly, mistake or error in the last award involving hardship to either party or to both. It was so observed that if it would be held that an adjudication loses its force when it is repudiated under section 19(6) of the Industrial Disputes Act and the whole controversy is at large, then the result would be that far from reconciling themselves to the award and settling down to work it, either party would treat it as a mere stage in the prosecution of a prolonged struggle, and far from bringing industrial peace, the awards would turn out to be but truces giving the parties breathing time, before resuming hostile action with renewed vigour.

Besides, a preliminary objection had been raised by the Company that the previous award is still continuing to be binding on the parties, as no valid notice had been given by the workmen intimating their intention to terminate the award. Section 19(6) of the Industrial Disputes Act provides that a notice must be given by any party bound by the award to the other party intimating its intention to terminate the award. In order to terminate a settlement, a notice in writing has been specifically prescribed under section 19(2) of the Act. There is apparently some difference as to the mode of termination of a settlement or an award; but in either case a notice must be given. It is not the case of the Union that a verbal notice had been given to the employer intimating their intention to terminate the award. All that is contended by the learned lawyer of the Union is that proper intimation conveying an intention to terminate the award had been given when on the 21st February 1958, the Union wrote that the issues contained in that memorandum had not been properly considered in the previous Tribunal. Ext. 6 is the true copy of the said letter, dated the 21st February 1958. Along with this letter a memorandum of demand had been submitted. I have carefully gone through the contents of the letter, Ext. 6. By that letter the Union requested the management to hold a joint discussion and proceed towards an agreement on the line of the memorandum of demands, which included the question of wages of the sub-staff. It is also stated in the letter that due to some reasons technical or other the issues contained in the present memorandum were not properly considered by the previous Tribunals. The question that arises for consideration if this letter can be treated as a notice intimating the intention of the recognised Union to terminate the previous award. It is true that no prescribed form as to the notice is contemplated under section 19(6) of the Industrial Disputes Act. But at the same time an intention to terminate the award must be expressed specifically through the notice by the party, willing to terminate the award. All that is stated in the letter is that the issues contained in the memorandum of demands had not been properly considered by the previous Tribunal. But it cannot be said even by implication from the wording of this letter that the previous awards made by the Tribunal or Tribunals were being terminated. The learned lawyer for the Company relied on the case reported in 1958, A.I.R. p. 34 (Maharaja Shri Umaid Mills Ltd. vs. The Textile Labour Union), as decided by Hon'ble Mr. Justice Wanchoo and Justice Dave of the Rajasthan High Court. On the other hand the Union relied on the case reported in 1956, L.A.C. p. 719 (Messrs Bhutoria Jute Mills, Howrah vs. Howrah Zillah Chatkal Mazdoor Union and others) as decided by the Hon'ble Labour Appellate Tribunal. These decisions appear to be contradictory. The crux of the point is the intention expressed, in terminating an award, in clear unequivocal terms. It is to be seen, if the letter be it in any form can be construed as a notice expressly signifying an intention to terminate the award. The mere fact that the management held a joint discussion on the basis of the letter of demands put forward by the Union on 21st February 1958, does not give any additional force to the contents of the letter. Upon giving my careful consideration to the contents of the letter, Ext. 6, I hold that it does not so signify any intention to terminate the award and, therefore, the Tribunal cannot entertain the dispute when the award is still binding on the parties.

Turning to the merits of the claim, I will at once say that the claim as to scales of pay is pitched rather too high. The learned lawyer for the Union urged that on the basis of Dr. Aykroid's calculation a worker needs food equivalent to 2,600 calories per day, and that the expenses on food on pre-war level comes to $3 \times 5\text{-}8 =$ Rs. 16-8 per month. Added to that, 40 per cent. on the expenses as comprising of cloth, shelter and other minimum requirements, the minimum wages comes to Rs. 27-8. Allowing 80 per cent. increase over that on the basis of cost of living at 180 point and again allowing 80 per cent. of the total as the minimum requirement for a lower middle class family, the total minimum wage per clerk comes to Rs. 90 approximately. Usually it has become a practice to take the consumption unit at 2.25 at the starting of a worker's service career, and on that basis the floor level of wages comes to Rs. 67-8 for a worker of the lower middle class group. Shri Sen Gupta, lawyer for the Union, has argued that when the Company is paying Rs. 75 to a clerk, it must be taken as 80 per cent. more than the requirement of an unskilled workman. So, the minimum wage or, as a matter of fact, the floor level of wages should be Rs. 42. The argument

do not appeal to me. In accepting the reason advanced by Shri Sen Gupta that the differential as between the wages of a clerk and a peon would be in the proportion of Rs. 75 and Rs. 42 (i.e., 80 per cent. less than Rs. 75), it has got to be noted that the same line of reasoning followed by him gives out the wages of a clerk at the starting at Rs. 67-8 and not at Rs. 75 and, therefore, the basic wage of a peon come to be Rs. 37 approximately and not Rs. 42. Let me now consider what total emoluments a member of the sub-staff is now getting at the start. At the moment according to the Bengal Chamber of Commerce, the dearness allowance is Rs. 61. Besides, there is tiffin allowance at 12 annas per working day which comes out to about Rs. 17-8 per month. The workmen are also given free tea two cups of a day and, therefore, it can be safely said that the total emolument of the lowest paid worker is about Rs. 112 per month inclusive of the tiffin allowance and the concession in the matter of supply of tea valued at Rs. 21. The total emolument of a clerk at the starting point is Rs. 75 + Rs. 105 + Rs. 21 = Rs. 201. Thus the proportion is not off 100: 180 in wage differential. It is also to be noted that in this concern the employees' portion to the Contributory Provident Fund is actually made by the Company and not by the workmen concerned. The Union examined Shri S. Guha, an employee of Messrs. Voltas Ltd., Shri N. Chatterjee, Joint Secretary, All India Employees' Association for Brook Bond Co., Shri S. Chakraborty, a clerk of Messrs. Shaw Wallace & Co., who spoke about the wage scales in their concern. It appears from the chart, Annexure "C" to the written statement, that the minimum pay in Messrs. Shaw Wallace & Co. is also Rs. 30. The total emolument of an employee in that concern does not appear to be in any way better. The Brook Bond Co. is an all India concern and it cannot be taken as a basis for comparison. If a fair cross-section of the industry in the region be adopted, certainly these scales are quite appropriate. No error or anomaly in the previous award would be shown. From all these considerations I hold that the existing scales of pay require no revision. The learned lawyer for the Union argued that these scales of pay are short spanned. The lowest scale assures an increment for 20 years and that is quite appropriate. The next scale meant for Head Durwan and Godown Durwan assures increment for 10 years. It appears from the chart, submitted by the Union, that one Noorkhan, who is no longer in service, had been drawing the maximum since 1953. I do not find much reason to upgrade the scale of this grade where, there are only few persons. Similarly, the scales of drivers assure increment for 12 years and it appears to be fair. The grades and scales of pay require no revision. It is simply provided that the drivers on reaching the maximum shall get a special pay at Rs. 12 per month, one year after reaching the maximum in the scale.

Issue No. 2

This issue relates to the claim of gratuity in favour of Shri M. N. Bose, whose service had been terminated with effect from 1st November 1958. The said employee had served under the Company for long 32 years and while in employment he met with an accident on 30th April 1958 requiring hospitalization. Admittedly, the employee was in the 61st year of age at the time he met with the accident. He crossed the age of 60 years on 1st July 1957. His normal retirement on superannuation took place before this accident. The Mercantile Tribunal in the award, dated 17th May 1949, decided the issue as to retiring age which was issue No. 12(d) on the following lines:—

> "We decide that a man shall retire on completing 55 years. We do not favour extension of services, thereby blocking the way for younger people to get employment. In exceptional cases where both the employer and the employee agree, extension of services may be granted".

It is thus clear that extension of service beyond 55 years of age was a matter of discretion, depending upon the joint agreement of both the employer and the employee. There was no obligation on the part of the employer to retain a man in service after he had crossed the 55th year. The Union has referred to a letter, dated 9th October 1958, written by the management to Shri Bose wherein it is mentioned that "the normal retiring age has always been 55 to 60 and though we may have on occasions granted extensions of service to employees over that age, who were still in good health, we are obviously unable to do so in the case of employees who are not fit to work". The only inference that can be drawn from the letter is that the Company in their discretion had been liberal in retaining the employees in employment in exceptional case beyond even 60 years of age though they normally adopted the age of retirement between 55 and 60 years. Naturally, Shri Bose was on such extension beyond the age of 60 years when he was in employment after 1st July 1957. His termination of service took place at the 62nd year of his age. The mere fact that the Company in its sole discretion retained the man in service up to that age, does not in any way mean that it was anything more than an act of grace and in fact a concession shown to the employee by the employer. The man was retired at the time when he was under treatment in the hospital, appears to be completely irrelevant for the purpose of deciding the issue. Admittedly, the Company has got a non-contributory provident fund. Besides, an employee who had put in more than 20 years of service is allowed a pension. Shri Bose admitted that according to rules he was entitled to get a pension of Rs. 81.25, but, as a matter of fact, he was given Rs. 68.75 nP. more, i.e. Rs. 150 per month. Now, it appears from the award of the Hon'ble Appellate Tribunal that a modified form of gratuity had been formulated wherein it was stated that in case of death or disability of a workman, gratuity should be payable to his heirs or to himself. Naturally the provision relates to cases wherein a workman becomes disabled and the termination of service occurs for such disability. Here, the termination of service took place as the workman had long reached the age of superannuation and not for any other reason. I have carefully gone through the previous award and I feel that no gratuity is payable to persons who retired from service on reaching the age of superannuation. In fact, gratuity has been made payable only in case of death and disability of a workman causing severence of relationship of master and servant and in no other case. In case of voluntary retirement which means resignation without the sanction of the Company, the award

simply provides that an industrial dispute might be raised for claim of gratuity when the company improperly refused to sanction such retirement. I therefore hold that the claim for gratuity in favour of Shri Bose is unjustified.

The learned lawyer for the Company urged that a retired workman cannot be said to be a workman within the meaning of section 2(s) of the Industrial Disputes Act. Section 2(s) of the Act runs as follows:—

> "Workman" means any person (including an apprentice) employed in any industry to do any skilled or unskilled manual, supervisory, technical or clerical work for hire or reward, whether the terms of employment be expressed or implied, and for the purposes of any proceeding under this Act in relation to an industrial dispute, includes any such person who has been dismissed, discharged or retrenched in connection with, or as a consequence of, that dispute, or whose dismissal, discharge or retrenchment has led to that dispute".

Naturally, a dispute means a dispute or difference between an employer and workman and so a dispute in favour of a person whose service had been terminated by retirement cannot be said to be an industrial dispute involving a "workman" as defined under the Act. There is nothing here to challenge the propriety of retirement of Shri Bose. In fact, the issue as framed is simply concerning the claim of gratuity and all that I am to see here whether a retired workman can claim gratuity on the basis of the rights and obligation created between the employer and the employee by the previous award. The learned lawyer for the Union urged that the dispute regarding the claim of gratuity arose in consequence of the retirement of Shri Bose and as such is an industrial dispute over which the Tribunal has got jurisdiction to adjudicate upon. In support of his contention he relied on the case of the Dahingeapar Tea Estate reported in 1958 II L.L.J. at page 498. In that case the question arose (i) whether on the transfer of management the purchaser can put an end to the services of old employees and (ii) whether the members of the staff can be deprived of their right of service under their original contract of service and their continuity of service. The learned Tribunal found that as the garden was sold in a running condition, the transfer could not affect the service condition of the staff, and the refusal of the purchaser to employ the persons or to retrench the staff was not justified. This decision was ultimately upheld by the Supreme Court. The facts and circumstances here are entirely different. Therefore, this decision does not help the Union. I accordingly hold that Shri Bose is not a "workman" as defined under the Act and as such the dispute over the claim of gratuity is not an industrial dispute and, therefore, this Tribunal has no jurisdiction to adjudicate upon the question. So both in fact and in law I decide this issue in favour of the employer.

This single award govern the adjudications in both the orders of reference.

ANNEXURE

In the matter of an Industrial Dispute under Government order No. 4346-I.R./D/11L-343/56, dated 8th September 1959, between Messrs. Smith Stanistreet and Co., Ltd., 18 Convent Road, Calcutta-14, and their workmen represented by Smith Stanistreet Workers' Union, 35B Wellington Street, Calcutta-13. (Case No. VIII-158 of 1959.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:
Shri P. K. SARKAR, Judge.

Present for the Company: Shri N. D. Manna, Counsel.

Present for the Union: Shri D. L. Sen Gupta, Advocate.

By Government order No. 4346-I.R./D/11L-342/56, dated 8th September 1959, the above industrial dispute was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication of 2 issues. Subsequently, by an addendum No. 6103-I.R./1(1)-I.R., dated 23rd November 1959, 5 more issues were added to the reference. The parties filed written statements, but before the

fixing of the hearing date they filed a joint petition on 16th May 1960, stating that they had amicably settled 6 of the 7 issues under reference and that only issue No. 2 regarding revision of piece-rate wages would have to be adjudicated upon by the Tribunal. The terms of settlement regarding the other 6 issues were also filed with this joint petition. The case was then fixed for hearing of issue No. 2 on 20th August 1960. On that day the parties filed a second joint petition stating that this issue had also been settled on the terms mentioned therein. The claim for revision of piece-rate wages was withdrawn by the terms of settlement. I accordingly pass an award in terms of the two joint petitions of compromise filed on 16th May 1960 and 20th August 1960 respectively and direct that the said petitions will form part of the award.

Dictated and corrected by me.

15. For the purpose of sub-clause (ii) of clause (a) of sub-section (1) of section 16, the annual income of any khas land which an intermediary does not retain under sub-section (1) of section 6 shall be determined in the following manner:—

(a) Where the land belongs to a class which ordinarily yields an agricultural produce, the Compensation Officer shall, after making such inquiry as he may think fit and having taken into account the general productivity of such class of land within the local area under his jurisdiction determine the annual produce of the land on the assumption that it yields only a normal crop of paddy. He shall determine the average rate of price of paddy during a period of seven years immediately preceding the date of vesting or any shorter period for which evidence is available, after taking into consideration the publications of the rates of prices authorised by the Government and shall calculate the value of the annual produce of the land by multiplying together the annual produce and the average rate of price so determined. (b) When the land belongs to a class which does not ordinarily yield an agricultural produce, but is capable of so yielding, the Compensation Officer shall, after making such inquiry as he

may think fit, determine the annual letting value of the land in such manner as he may think fair and equitable. The annual letting value so determined shall be the annual income of the land.

(c) When the land belongs to a class which is non-agricultural, but ordinarily yields a return, the annual income of the land shall be determined in the manner as in clause (b) above.

SCHEDULE "A"

Instructions for filling up the houselist

Column 1.—*Line Number.*

Only one digit of the line number has been printed in this column. The line numbers should be continuous for your block. Where the line numbers exceed 9 write the earlier digit(s) yourself.

Column 2.—*Building Number (Municipal or Local Authority or Census Number, if any).*

This refers to the entire structure on the ground. There are, however, high, large or long buildings along a street or lane which have been partitioned or portions of which have been sold, which have distinct, separate main exit on the road and which belong to separate owners or occupiers or alternatively there are a series of different houses joined each to each by common walls on either side to make the whole look like one building but parts of which have been built at different times and belong to separate owners. Such distinguishable structures, although not separate from each other, should be regarded as separate buildings and given separate numbers. Each building should have a separate number. If in big cities a large mansion or building containing several census houses has a well-known name by which it is generally known then the name of the building should also be recorded for convenient reference. If there are more than one structure within an enclosed or open compound belonging to the same person, e.g., the main house, the servants' quarters, the garage, etc., only one building number should be given. If the locality consists of a number of streets in a village, the buildings in the various streets should be numbered continuously and the streets should be taken in uniform order, from North-West to South-East. Experience suggests that the best way of numbering is to continue with one consecutive serial on one side of the street and complete the numbering on that side before crossing over to the end of the other side of the street and continuing with the serial, stopping finally opposite to where the first numbering began. In a city enumeration block, the numbering will have to respect the axis of the street and not any preconceived geographical direction like North-West. A building under construction should also be given a number in the serial. If a new hut or building is constructed between the time when the housenumbering and houselisting have been completed and the census count it should be given a new number beyond the last number of the serial for the village. Arabic numerals should be used for building numbers.

This will facilitate verification by supervisors. In areas, e.g., urban, where the buildings are already numbered by the municipal or other authorities, the enumerator may adopt the existing numbers in the Houselist. In such cases, column 2 will carry the established municipal or local authority number which will facilitate identification. Where there are municipal or local authority numbers but there are reasons to believe that the number is incomplete or unsatisfactory, the municipal or local authority number may still be entered in column 2, but at the same time it will be necessary to serially number the buildings afresh for the purposes of census houselist. In that case, the new census serial for buildings will be entered in column 3 and the new census numbers for the buildings will have to be painted on the buildings themselves. In those cases where there are no municipal or local authority numbers in existence, all buildings will have to be serially numbered for the census and column 2 will contain entries of this census serial. This number will have to be repeated in column 3 with sub-numbers for census houses, if any.

Column 3.—*Building Number (Column 2) with sub-numbers for each census house.*

A census house is a structure or part of a structure inhabited or vacant, or a dwelling, a shop, a shop-*cum*-dwelling or a place of business workshop, school, etc., with a separate entrance.

If a building has a number of flats or blocks which have separate entrances of their own and are independent of each other giving on the road or a common staircase or a common courtyard leading to a main gate, they will be considered as separate census houses. If within an enclosed or open compound there are separate buildings then each such building will also be a separate census house. If all the structures within an enclosed compound are together treated as one building then each structure with a separate entrance should be treated as a separate census house.

The order in which census houses within a building should be numbered should be continuous, preferably clockwise, or in any convenient manner if it is at all difficult to do it clockwise. If a building itself is a census house, then it will have only one number, namely, that of the buildings. If within a building there are a number of census houses, then each census house will have two sets of numbers, e.g., the number of the building and the sub-number of the census house. The census house number should be written after the building number in arabic numerals in brackets such as 2(2), 3(2), etc. A census house may contain more than one household in which case, each household will have to be denoted by a separate alphabetical sub-number (*see* instructions for column 11 below).

Column 4.—*Purpose for which census house used, e.g., dwelling, shop, shop-cum-dwelling, business, factory, workshop, school or other institution, jail, hostel, hotel, etc.*

The actual use to which a census house is put should be written here.

In the case of a factory or workshop 'Factory' should be written for a large factory if registered under the Indian Factories Act and 'Workshop' for a small unregistered workshop. A workshop is a place where some kind of production, repair or servicing goes on or where goods or articles are made and sold. Similarly, a shop is a place where articles are sold for cash or for credit. Business houses are those where transactions in money or other articles are taking place, e.g., bank, etc. But rooms or apartments where professional consultations are held such as by doctors, *hakims*, pleaders, etc., should be described as 'professional consultation rooms' and not workshops. In the case, however, of a dispensary where, in addition to consultation by a doctor, medicines are prepared and sold, the house should be described as a dispensary. Write also if used for place of worship or congregation or if unoccupied, 'vacant'. If the census house is a shop, business house, bank, etc., but is not a factory or workshop as defined above, the name of the proprietor, manager or director should be entered in column 18.

Columns 5 to 8.—*"If this census house is used as an establishment, workshop or factory".*

These columns apply only in cases where the census house is a factory or a workshop, i.e., where some kind of production, processing, repair or servicing is undertaken or where goods or articles are made and sold. If the census house is not used for purposes of a factory or workshop write 'X' in each of the columns 5 to 8.

Column 5.—*Name of establishment or proprietor.*

Write the name of the establishment in the case of factories or large manufacturing concerns and write the name of the proprietor in the case of small workshops and establishments like confectioneries where no distinct name has been given to them like *Halwai* shop, etc. If the census house is not used for the purpose of a factory or workshop put "X" in each of the columns 5 to 8.

Column 6.—*Name of product(s), repair or servicing undertaken.*

In this column enter the actual work that is being done in the establishment, factory or workshop, like paper making, shoe making, cycle repairing, motor servicing, etc.

Column 7.—*Average number of persons employed daily last week (including proprietor or household members, if any).*

The total number of workers including apprentices, either paid or unpaid, employed in the factory or workshop, including the owner or proprietor and any of his family members (if working), should be entered. The average number of persons working per day during the week preceding the date of your visit should be entered.

In case more than one product is produced it is not necessary to enquire the number of persons employed in the production of each product. It may not be possible to get this information in cases where the operations may be composite.

Column 8.—*Kind of fuel or power, if machinery is used.*

If the factory or workshop uses steam or diesel engine or fuel, e.g., kerosene, soft coke, electricity, water-mill, etc., for running the machinery used for production, servicing or repairs, write what fuel or power is actually used.

Columns 9 and 10.—*Description of census house.*

Column 9.—*Material of wall.*

Under this column the material out of which most of the walls of the house are made, *i.e.*, grass, leaves, reeds, bamboo, unburnt bricks, mud, burnt bricks, stone, cement concrete or timber should be written. Where a house consists of separate structures each of different materials, the material out of which the walls of the main bedrooms are made are to be recorded.

Column 10.—*Material of roof.*

The material out of which most of the outer roof exposed to the weather and not the ceiling is made, *i.e.*, tiles, thatch, corrugated iron, zinc or asbestos cement sheets or concrete, etc., should be written. In the case of a multi-storeyed building the intermediate floor or floors will be the roof of the lower floor.

Column 11.—*Sub-number of each census household with census house number (Column 3).*

A household is a group of persons who commonly live together and would take their meals from a common kitchen unless the exigencies of work prevented any of them from doing so.

There may be one or more households in a census house. Each household should be separately numbered. This can be done by using the alphabets as (A), (B), (C), etc. For example, if building No. 2 is also a census house and has three households, the household numbers will be 2(A) 2(B) and 2(C). If building No. 4 has two census houses, the houses will be numbered as 4(1) and 4(2). If within each house there are respectively 3 and 2 households, then they will be numbered as 4(1A), 4(1B), 4(1C) and 4(2A) and 4(2B).

Column 12.—*Name of head of household.*

The name of the head of each household given in column 11 should be written here. The head of a household, for census purposes, is the person on whom falls the chief responsibility for the maintenance of the household. The name of the person who is actually acknowledged as head of the household should be recorded. In the case of places like messes, boarding

houses, chummeries, etc., where people live together with no ties of relationship, the manager or superintendent or the person who by common concent is regarded as the head should be recorded as head of the household.

If the census house is used as a sitting place, cattle shed, etc., write the use to which it is put (and add the name of the owner).

Column 13.—*Number of rooms in census household.*

If a census house is occupied by one household the enumeration of rooms should be simple.

If a census house consists of a number of households the number of rooms occupied by each household should be entered on each line against the name of the head of the household. In cases where more than one household occupy a single room or share more than one room in such a way that it is not possible to say the number of rooms occupied by each household, the number of rooms should be given together within brackets as common to both the households.

A room should usually have four walls with a doorway with a roof overhead and should be wide and long enough for a person to sleep in, *i.e.*, it should be at least 6 ft. long. Unenclosed verandah, kitchen, store, garage, cattle shed and latrine which are not ordinarily used for living and sleeping should not be treated as rooms. An enclosed room, however, which is used for living, dining, storing and cooking should be regarded as a room.

Column 14.—*Does the household live in own or rented house?*

If the household lives in own house write "O". If the household lives in a rented house write "R".

In the case of public buildings like schools, hospitals, etc., or places of worship, put "X" in this column.

Columns 15 to 17.—*Number of persons residing in census household on day of visit.*

Write the number of males residing in the household in column 15, the number of females residing in the household in column 16 and the total number of persons in column 17.

Column 18.—*Remarks.*

In this column should be entered any useful or significant information about the building or the census house or the census household that has not been entered in any other column. For example, if the census house is a shop the name of the proprietor or owner should be recorded in this column. If a census house is vacant at the time of houselisting but there is reason to believe that the house will be occupied in the course of the next few days and almost certainly before the census enumeration period, then the word "vacant" should be entered in column 4 and a remark should be entered in column 18 to the effect "likely to be occupied shortly". Thus, the remarks column should be utilised for recording all significant information relating to the building or census house or census household.

If the members of the household living in the census house belong to a Scheduled Caste or Scheduled Tribe then write SC. or ST., as the case may be, in this column.

Each person engaged in housenumbering of one block will have to make out an abstract at the conclusion of houselisting and housenumbering. This abstract will be in the form shown in the next page:

SCHEDULE "B"

A.—Instructions for filling up the Household Schedule (Part I)

At the top of the Schedule you will find the Location Code. You will have to write the Location Code of the household here. Your supervisor will give you the Code numbers representing your district, tehsil/thana/town, village/ward/block. You should take care to write these three numbers connected together by oblique strokes in between on every household schedule.

When you are visiting each household for enumeration you should write the code number of the household also on the Household Schedule. For purposes of the census a census house has been defined as a structure or a part of structure, a dwelling, a shop, workshop, factory or place of business, or shop-*cum*-dwelling giving on the road or a common staircase or a common courtyard leading to a main gate or enjoying a separate entrance. A *household* means the entire group of persons who commonly live together in the same census house and take their meals from a common mess unless the exigencies of work prevent them from doing so. In some census houses there may be more than one group of persons, each group with a common mess. In such cases, each group should be regarded as a separate household for purposes of the census and a separate household schedule should be prepared. You should write the household number from the extracts of the house list given to you by your supervisor. If, in any case, you find a census house or a household satisfying the definitions given above has not been numbered you should bring it to the notice of your supervisor and have a separate number given to the house or household and enumerate the household.

At the right hand corner of the Location Code you will find a question "Is this an institution?" with a rectangle below it. If you are enumerating any penal, charitable or mental institution, hostel, hotel, hospital, boarding house, etc., you should write the nature of the institution within the rectangle like jail, hospital, etc.

Below the Location Code you will find a column for recording the full name of the head of the household. The head of the household for census purposes is a person on whom falls the chief responsibility for the maintenance of the household. Thus the head of the household need not necessarily be the eldest male member but may even be a female or a younger member of either sex. You need not, however, make any elaborate enquiry about this and should record as head of household the name of the person who is actually acknowledged as such.

Institutions like boarding houses, messes and chummeries should also be regarded as census households but of 'un-related persons living together'. In such a household the manager or superintendent or the person who has administrative responsibilities or who by common consent is regarded as the head, should be recorded as head of the household. If in an institution separate families are also living, each such family should be treated as a census household and a separate household schedule should be filled. In such cases the full name of the recognised head of the household should be written.

If the Head of the household is a person who spends the weekdays in town and spends the week-ends at home, he should be recorded as Head of Household and entered for enumeration at his home. If he should be away for a fairly long time which covers the entire enumeration period than the person who is incharge in his absence should be recorded as the Head of the household.

You will find a parallelogram at the right hand side against the Full Name of the head of the household marked "S.C./S.T.". If the Head of the household is a member of a Scheduled Caste or a Scheduled Tribe obtaining in your State or in your district you should write the name of the particular Scheduled Caste or Scheduled Tribe in which the head of the household belongs within the parallelogram.

You should then fill up the part of the household schedule relating to Cultivation and Household Industry. Sub-part 'A' relates to Cultivation; sub-part 'B' to Household Industry and sub-part 'C' to Workers at Cultivation or Household Industry.

Sub-part 'A' relating to Cultivation will have to be filled in only where the household cultivates land. (Land includes all land normally used for cultivation purposes including temporary fallows.) Three categories of land are given in items 1(i), 1(ii), and 2. Items 1(i) and 1(ii) relate to land actually cultivated by the household. Item 2 relates to land which is not cultivated by the household but has been given by it to private persons for cultivation for payment in money, kind or share. In each of the three cases the total of separate plots or parcels of land in different places, owned or held, or taken or given should be made and entered. A number of lines has been provided for this purpose in 1(i) and 1(ii) to account for separate plots or parcels of land held or owned or taken under different recognised local rights. If the household (a) cultivates land owned or held from Government or taken from private persons or institutions or (b) has given land to private persons for cultivation purposes you should ascertain the local name of the right on such land and record in the column relating to 'local name of right on land'. Category 1(i) land owned or held from Government, will include the total of all pieces of land owned or held in owner-like possession, e.g., land held directly from Government under a grant, lease or assignment, (i) with rights of permanent, heritable and transferable possession, (ii) with rights of permanent and heritable possession, but without the right of transfer and (iii) temporary or conditional leases of any kind with the Government. Category 1(ii) land taken from private persons or institutions for payment in money, kind or share, will include land (i) with rights of permanent, heritable and transferable possession, (ii) with rights of permanent and heritable possession but without right of transfer; (iii) held in a variety of tenancies or tenures which may be broadly classified as follows:—

(a) tenants holding land with permanent and heritable rights whose land cannot be resumed by the owner on grounds of personal cultivation (such tenants may in some cases have the right of transfer also);

(b) tenants who have been given permanent rights subject to the right of resumption by the owner (in some cases the tenant has the right to acquire ownership of the non-resumable area. In other cases he does not possess the right);

(c) tenants holding land in areas where interim measures have been enacted for stay of ejectment or for continuing the leases for a specified period;

(d) tenants holding land on temporary leases who are liable to ejectment; and

(e) areas held on conditions of rendering service either to a village community or to Government (this also includes cases where labourers on plantations are given some land for cultivation with permanent rights); and

(iv) the following:—

(a) land taken for a fixed amount of money,

(b) land taken for a fixed amount of produce,

(c) land taken for a share of the produce,

(d) land for which money is paid partly in one and partly in any other form mentioned above, and

(e) land held free of consideration.

Category 2 Land given to private persons for cultivation for payment in money, kind or share will include the classifications mentioned in category 1(ii).

Categories 1(i) and (ii) will include only those plots or parcels of land which are cultivated by the household itself, that is, lands which lie within the village, or in adjacent villages, or within such a distance as enables the household to work on the land or actively supervise the cultivation. They will not include land owned or held in distant places where distance itself is a bar to active cultivation, constant supervision or direction. But category 2 will include land in any part of the country whatsoever. You should ascertain the extent of land in each category of local right in acres and record in the column relating to 'Area in acres'. You should write the total of separate plots or parcels of land under the same right if they are situated in different places. If it is not possible to ascertain the extent of land in acres you should, if possible, make a conversion from the local measure given to you. Even if this is not possible write the area in local measure giving invariably the name of the measure adopted.

This sub-part will not apply to households which do not possess any land. Thus, it will not apply to households which consist of only agricultural labourers without any land. In such cases put an 'X' in all the spaces provided in the right hand side and put a bold cross on this sub-part.

Land under any of the items in sub-part 'A' includes rent-free land, lands enjoyed in permissive possession or gifts without encumbrance or consideration. A household which is a member of a co-operative farm will record only that amount of land in the co-operative farm which had belonged to it before and under right enter 'co-operative farm'. Labour hired by such a co-operative farm should *not* be entered for this household.

Sub-part 'B' relates to Household Industry. This part will be filled up only where there is a Household Industry conducted by the Head of the household himself and/or mainly by members of the household at home or within the village in rural areas and only at home in urban areas. The industry should not be on the scale of a registered factory. The participation of the Head of the household and/or members of the household is an essential feature of the Household Industry. In a rural area the Household Industry can be located either at home or within the village. But in an urban area the Household Industry or at least the major part of its work must be located only at home. A Household Industry should relate to production, processing, servicing or repairing and includes makers and sellers of goods.

The test for a Household Industry is mainly threefold:—

(a) Household Industry should embrace manufacture, processing or servicing and may include sale but should not be confined simply to buying and selling. At least part of the goods offered for sale from the household should be manufactured or processed by members of the household.

(b) Household Industry should be on the household scale where the workers mainly will be the Head of the household himself and members of the household, the role of hired workers from outside being of secondary importance. Thus, in any Household Industry, members of the household should be in a position to lend a hand in the industry whenever they find the time in the course of their daily chores. Household Industry cannot, therefore, be on the scale of a registered factory but can use machinery and employ power like steam engine or oil engine or electricity to drive the machinery.

(c) Location also is important, for proximity decides participation by members of the household. In a village this participation by possible if the Household Industry is located at home or within the village, because village organisation is such as makes it possible for members of the household to move about freely in the village to look after their work. In urban areas such a free movement is not possible and, therefore, for Household Industry in urban areas we should consider only those industries which are located at home. Where, however, part of the work is done outside the house, e.g., preparing and dyeing the yarn for weaving or winding into warp and wool or cleaning metal surfaces before electroplating in baths, it should still be considered a Household Industry, even in urban areas, as the main operation of weaving or of electroplating is conducted within the house and only one or two operations are conducted outside.

The following activities should also be regarded as illustrative of Household Industry. Biri-makers who either alone or with help of members of the family roll biris at home, for wages at piece rates, while the contractor supplies the materials. Certain processes like buttoning and handsewing of tailored cloths, dyeing and printing of cloth, are carried out at home by members of the household both at residence and at 'place of work' or where womenfolk of the household fill in at home with lac gold ornaments prepared at the shop by male members of the household.

Ascertain from the Head of the household whether there are any Household Industries and write the nature of the industry(ies) in the column provided, if there are any. Then ascertain for how many months in a year roughly they are conducted and put down the number of months in the appropriate column. If the industry is conducted throughout the year write '12'. If there is no Household Industry of any sort put an 'X' in each of the places in the right hand corner where the answers will be written and put a bold cross on this sub-part.

Sub-part 'C' relates to Workers in Cultivation or Household Industry.

In the case of households which are engaged only in Cultivation, if the Head of the household is working write 1 under the column 'Head' and ascertain how many other male and female members of the family are working. Write the numbers in the respective columns. Write the total number of family workers including the Head, if he is working, in the column relating to 'Total'. Then ascertain whether any hired workers are employed and, if so, write the number of such workers in the column allotted for it. The hired workers should have been in wholetime employment during last working season or should be in wholetime employment during current working season.

Similarly in the case of households engaged in Household Industry only, if the head of the household is working write 1 in the column relating to the 'Head', and also ascertain how many male members and female members of the family are working and write the numbers in the respective columns. Write the total number of family workers including the Head, if he is working, in the column relating to 'Total' and then ascertain the number of hired workers, if any, and then write the number of hired workers in the appropriate column.

If a household is engaged both in Cultivation and Household Industry ascertain whether the Head is working and write 1 under the column relating to the Head and also ascertain how many male and female members of the family are working both at Cultivation and the Household Industry and write the numbers in the respective columns. Write the total number of family workers in the column relating to Total. Ascertain the number of hired workers engaged by the family both for Cultivation and Household Industry and write the number in the appropriate column. In a Household engaged both in Household Cultivation and Household Industry, you need not ascertain how many are engaged in Household Cultivation and Household Industry separately.

Even if any of the members of the family working or hired labourers are absent during the period of the census count they should be counted for the purposes of the Household Schedule.

In the case of households engaged in Cultivation only, put '×' in the columns relating to 'Household Industry only' and 'Both in Household Cultivation and Household Industry'. Similarly, in the case of Households engaged in Household Industry put '×' in the columns relating to, Household Cultivation only' and 'Both in Household Cultivation and Household Industry'. If a household is engaged both in Household Cultivation and Household Industry put '×' in the columns relating to 'Household Cultivation only' and 'Household Industry only'. If a household is not engaged in either Household Cultivation or Household Industry or both put '×' in all the columns and a bold '×' on this sub-part.

The test for a worker is whether a person is actually working in Cultivation or Household Industry or supervising or directing work thereon.

SCHEDULE "C"

A. Instructions to Enumerators:

The 1961 Census count will relate to the sunrise of 1st March, 1961. The count will be spread over a period of 19 days, beginning on the 10th February and ending on the 28th February, 1961. During this period you should visit every household in your block for enumeration. On the night of 28th February you will have to go round your enumeration block and enumerate all persons who are houseless. (In large cities the enumeration of houseless persons will have to be undertaken in a different manner for which more elaborate arrangements will be made.) During the period 1st March to 5th March you will have to pay a revisional round to every household and verify that your earlier work of enumeration has been completed in every respect. If during this revisional round you find that a birth has taken place in any household between the time of your first visit and the sunrise of 1st March, 1961, you will have to fill up a new slip for this birth; if there has been a death in any household during the same period you will have to cancel the slip of the dead person; if there is a visitor in any household who has come to stay during the same period and has not been enumerated elsewhere, you will have to fill up a new slip for this visitor. But you will not have to take notice of any birth or death or visit occurring after sunrise of 1st March, 1961.

You will have been supplied by your Supervisor household schedule forms in books of 50 or 25 each for recording information relating to the household as a whole and enumeration pads consisting of 100 or 25 slips each to record information of individuals living in the household. Instructions for filling up the household schedule and the individual slips are given in this booklet. You should carefully observe them when filling each household. You can fill up the household schedule first or the enumeration slips first but for every household you should fill up both before you leave the household and also fill up the Census Population Record at the back of the household schedule.

B. Instructions for enumerating individual members of households:

I. GENERAL—

1. Enumerate all persons who are normally resident in the household, i.e., those who live in the household and also those who have recently become members of the household through marriage or birth or other vital social or domestic ties and are present at the time of your visit.

2. Enumerate also all persons who are normal residents in the household even if they are absent at the time of your visit, provided they left the household on or after the 10th February, 1961, or if they had left earlier than 10th February, 1961, are likely to return before the sunrise of 1st March, 1961.

3. Enumerate a visitor, a boarder, or a guest found in the household at the time of your visit, *if he had not been enumerated before and if he will be away from his household between the 10th and 28th February*, 1961, and warn him not to permit any other enumerator to enumerate him even if he goes back by 1st March, 1961.

4. Do not enumerate pavement dwellers or others who do not form part of the household, when you are enumerating the households. These along with persons who do not normally reside in houses, i.e., members of wandering tribes, tramps, sadhus, etc., would be separately enumerated on the night of the 28th February and on the 1st and 2nd March, 1961.

5. Each individual has to be enumerated in one slip Before commencing enumeration of an individual make sure to fill the Location Code in each case. The Location Code in the slips will be the same as in the household schedule to which the individuals relate.

6. The questions have been briefly printed in the slips, *but only briefly*, and you should study the detailed question forms and instructions for answering them without which you will be liable to miss some of the range and implications of the questions. You should ask the questions *in the order*

in which they are given in the slips and proceed to record the answers in their given order. You should make use of the abbreviations recommended in these instructions for recording the answers to the various questions. All abbreviations required to be entered within the geometric designs should be written well within the designs.

7. Make repeated enquiries about new born babies and very young children for they are liable to be missed because they neither talk nor walk and no meals are usually cooked for them.

8. Before leaving one household for the next make doubly sure that all the persons that are to be enumerated in the household have been enumerated. As soon as you have completed the enumeration of the household fill up the Population Record at the back of the Household schedule for that household before you proceed to the next household. Strike the total for the number of males and females in the household and check it with the number of enumeration slips used before you sign the Population Record.

9. You should revisit every household in your block during the period of final check (1st to 3rd March) when you should enumerate every birth that has taken place in the household since your visit but before sunrise of 1st March. You should cancel the slip for any death that might have taken place since your last visit but before sunrise of 1st March by drawing a bold line diagonally across the slip and write DEATH along the diagonal line. You should enumerate any visitor who may have arrived to stay since your last visit and who says he has not been enumerated anywhere else. But you should not take notice of any birth or death or visit occurring after sunrise of 1st March, 1961. After your revisit if you have added any new slip or cancelled any slip already prepared you should make corresponding changes in the Census Population Record at the back of the Household Schedule.

10. As soon as you have completed a pad, you should fill up the enumerator's abstract on the cover of the pad. After you have completed the enumeration of your block and filled up all the abstracts in the pads, you should total up your figures and prepare your abstract for your entire block and hand it over to your supervisor along with your pads.

11. Under the Census Act, every person is legally bound to furnish you with the information you need for recording your answers. You must not ask information on any matters not necessary for the purposes of the census, for example, the amount of any person's income. Nor must you disclose to any unauthorised person any information given to you or the results of the enumeration. All census entries are confidential and cannot be admitted as evidence in any civil proceeding whatever or in any criminal proceeding other than a prosecution for a census offence.

II. INSTRUCTIONS FOR FILLING UP THE SLIPS—

In each household you should first enumerate the Head of the household followed by other members of the household in the most convenient order and see that none of the persons in the household are left out. Please make repeated enquiries about infants and very young children, for they are liable to be left out of count. Count near relatives first, such as wfie, son, daughter-in-law, daughter, son-in-law, grand-children, then distant relations and then domestic servants or other employees living in the household, boarders, visitors, etc.

Location Code

Write the Location Code of the household in each slip. For instructions please see Section A above.

Q. 1(a) Name

Write the name of the person enumerated. If a woman's name is not given out describe her as 'so-and-so's mother, wife or daughter'. If a woman does not take the name of a person's husband and that husband's particulars have to be recorded write 'so-and-so's husband'.

For newly born infants who have not yet been given a name write 'Baby' and write 'father's or mother's name'.

Q. 1(b) Relationship to the Head of the household

In the case of the Head of the household write 'Head'. The person who should be treated as the 'Head of the Household' has been fully explained in Part A. All relationships in this question should be recorded in respect of that person. In the case of relations write the relationship in full. Do not use words like nephew, niece or uncle, but state whether brother's or sister's son or daughter (for nephew or niece) or father's or mother's brother (uncle). 'Son' will include 'adopted son' or 'step son'; similarly for a daughter. In the case of visitors, boarders or employees write 'visitor', 'boarder', or 'employee' as the case may be.

If on the check or revisional round between the 1st and 5th March the Head of the household as recorded previously is found to have died, the person in the household who succeeds him by common consent as Head should be recorded as Head and the relationships in all other slips will have to be suitably corrected. The slip of the dead Head of household will, of course, be cancelled.

In the case of places like messes, boarding houses, chummeries, etc., where people live together with no ties of relationship, the manager or superintendent or the person who by common consent is regarded as the Head should be recorded as Head of the household. Other members should be recorded as 'unrelated' in this question.

Q. 2. Age in completed years last birthday

Write age in years completed last birthday. For infants below one year of age, write '0'. You will find many persons who cannot state their age correctly. You should assist them to state the correct age. If you are not able to elicit correct age directly, you should stimulate their memory by referring to historical incidents or religious events, etc. You may use any local calendar of such events that may have been prepared for the purpose.

Q. 3. Marital Status.

For never married	write	NM
Married	write	M
Widowed	write	W
Separated or Divorced	write	S

For a person who has never been married write 'NM'. For a person married, whether for the first or another time, write 'M'. Write 'M' also for persons who are recognised by custom or society as married and for persons in stable *de facto* union. Even if a marriage is disputed in the locality write 'M' if the person concerned says he or she is married or in stable *de facto* union. For a widowed person whose husband or wife is dead, and who has not been married, write 'W'. For a person who has been divorced in a lawful manner, either by decree of a law court or by a regular social or religious custom but who has not remarried, or a person who has been separated from wife or husband and is living apart with no apparent intention of living together again, write 'S'. For a prostitute return her marital status as declared by her.

Q. 4(*a*) Birth-place.—

1. If born in village or town in which enumerated ..	write	PL
2. If born in another village or town of district in which enumerated.	write	D
3. If born in another district in the State of enumeraton ..	write name of district.	
4. If born in another State in India	write name of district and State if name of district is known; otherwise write name of State.	
5. If born in a country outside India, *e.g.*, Pakistan or any other country.	write name of country.	

6. Persons born at sea or in air or in railway carriages or on road transport, *e.g.*, buses, etc., should be entered as such.

Q. 4(*b*) Whether born in Village or Town

1. If born in a village	write	R
2. If born in a town which is considered a town at the present time even if it was not so considered at the time of birth.	write	U

Q. 4(*c*) Duration of Residence

1. For a person born in village or town or city in which enumerated	write X
2. For a person born in another village or town or city of district of enumeration or who was not born in the district of enumeration.	write the number o completed years this person has been in the village/ town/ city of enumeration. (*Do not take into account periods of temporary absence on leave or holiday or tour or business.*)
3. If the duration of residence is less than one year ..	write O
If the duration of residence is one year or over ..	write the actual number of completed years of residence.

Q. 5(*a*) Nationality

1. For Indian nationals	write I
2. For other nationals	write the nationality in full.

Q. 5(*b*) Religion

For Hindu	write H
Muslim	write M
Christian	write C
Jain	write J
Buddhist	write B
Sikh	write S

For others write the answers actually returned.

Q. 5(c) Scheduled Castes and Scheduled Tribes.

The answer to this question will be recorded only if a person belongs to a Scheduled Caste or Scheduled Tribe. If the person belongs to a Scheduled Caste or Scheduled Tribe obtaining in your State, or in your district write the name of the caste or tribe to which he belongs. For all others, write 'X' in this column. A list of Scheduled Castes and Scheduled Tribes obtaining in your State or in your district is given elsewhere in these instructions.

If the person belonging to a Scheduled Caste or Scheduled Tribe returns his caste or tribe by a synonym or a generic name of a caste or tribe as given in your list, write the name as returned and the name of the relevant caste or tribe, as per printed list, within brackets.

Do not write the names of Scheduled Castes in general terms as 'Harijan', 'Achhut'. You should ascertain the name of the caste when it is returned and write it. If a person is negligent and insists on calling himself merely 'Harijan' tell him that this description will not earn the person any benefits under the Constitution permissible to Scheduled Castes and Scheduled Tribes. This may persuade him to give out the correct name.

Scheduled Castes can belong only to the Hindu or Sikh religions. If a person belong to a Scheduled Caste, there will be either 'H' or 'S' in the answer to question 5(*b*). Scheduled Tribes may belong to any religion.

Q. 6. Literacy and Education.

I. ILLITERATE OR LITERATE—

For a person—

1. Who can neither read nor write or can merely read but cannot write in any language.	write	0
2. Who can both read and write	write	L

The test for reading is ability to read any simple letter either in print or in manuscript i.e., if the person can read one of the examples in the Enumerator's Handbook with felicity he may be taken to have passed the test for reading. The test for writting is ability to write a simple letter. The test for literacy is satisfied if the person can with understanding both read and write.

II. STANDARD OF EDUCATION—

If the person can both read and write and has also passed a written examination or examinations as proof of an educational standard attained, write the highest examination passed instead of L.

Q. 7(a). Mother Tongue.

Write the mother tongue in full including dialect as returned by the person enumerated. Mother tongue is language spoken in childhood by the person's mother to the person or mainly spoken in the household. If the mother died in infancy write the language mostly spoken in the person's home in childhood. In the case of infants and deaf mutes give the language usually spoken by the mother.

Q. 7(b). Any other Language(s).

After recording the mother tongue enquire whether the person knows any other language(s), Indian or foreign, and write the language(s) returned by him against this question. In case he does not know any other language put 'X'.

The number of languages recorded against this question should not be more than two. These languages should be other than his mother tongue which he speaks and understands best and can use with felicity in communicating with others. Such language or languages will exclude dialects of the same language.

Qs. 8 to 11. Working.

These questions apply only to workers. A person who is working may be working as a Cultivator, as an Agricultural Labourer, at a Household Industry or may be doing any other work. You have to record the answer in questions 8, 9, 10 and 11 according as the person is working as a Cultivator or as an Agricultural Labourer or at Household Industry or doing any other work. He may be engaged in only one of the above four categories or in more than one. Thus a person can be working both as a Cultivator and an Agricultural Labourer, in which case he should be entered both in Q. 8 and Q. 9. Or, he may be working both as Cultivator and at Household Industry in which case he will be entered in Q. 8 and Q. 10. Or, he may be working in any possible combination of 8, 9, 10 and 11 in which case he will be entered in the appropriate places. Or, he may be doing just one kind of work in which case he will be entered in only one of the four questions 8 to 11.

After you have filled up the answers to questions 8 to 11, if you find that in the case of any person more than one productive activity has been recorded, i.e., more than one of the questions 8, 9, 10 or 11 has been filled up by some work you should ask him which one of the activities that has been recorded for him is his principal work. The principal work is the one on which the person spends most time. Put a ring round the number of the question, 8, 9, 10 or 11 according to the work on which the person says he spends most time. You should invariably ask for the principal work where more than one work is recorded and put a ring round the question relating to the principal work.

It may be that in a few cases you find that you have recorded more than two productive activities in questions 8 to 11 i.e., more than two of the questions 8 to 11 would have been filled up by some work. In such cases you should first ascertain the principal work i.e., the one on which the person spends most time and put a ring round the number of the question. You should then ascertain the work which is the next in importance to his principal work i.e., the work after his principal work which occupies most time. You should put a tick against the question number of that work on the right hand side of the question number. The ring and the tick should be put clearly so that any difficulty will not be felt to recognise them clearly.

Detailed instructions as to how the answers should be recorded in the individual questions are given against those questions below. You should carefully study them before recording the answers. For an undertrial prisoner enumerated in a Jail he should be recorded for the work or kinds of work he was doing before he was apprehended. Similarly, for a person temporarily in a hospital or similar institution he should be recorded for the kind of work he was doing before he was admitted into hospital or institution. But for a convict in a prison or for long term inmates of penal or charitable or mental institutions, the person's previous work should not be recorded but 'I' should be recorded in Q. 12 below.

The basis of work will be satisfied in the case of seasonal work like cultivation, livestock, dairying, household industry, etc., if the person has had some regular work of more than one hour a day throughout the greater part of the working season. In the case of regular employment in any trade, profession, service, business or commerce the basis of work will be satisfied if the person was employed during any of the fifteen days preceding the day on which you visited the household. If on the check or revisional round such a person is found to be unemployed no change in the original entry should be made. A person who is working but was absent from his work during the fifteen days preceding the day on which enumerated or even exceeding the period of fifteen days due to illness or other causes should be treated as *worker*. A person who has been offered work but has not actually joined should be treated as *non-worker*. *Work includes not only actual work but effective supervision and direction of work.*

Persons under training as apprentices with or without stipend or wages will be regarded as working.

An adult woman who is engaged in household duties but doing no other productive work to augment the family's resources should not be considered as working for purposes of this question. If, however, in addition to her household work she engages herself in work such as rice pounding for sale or wages, or in domestic services for wages for others or minding cattle or selling firewood or making and selling cowdung cakes or grass, etc., or any such work she should be treated as a worker.

Persons like beggars, pensioners, agricultural or non-agricultural, royalty, rent or dividend receivers, who may be earning an income but who are not participating in any productive work should not be treated as working unless they also work in cultivation, industry, trade, profession, business or commerce.

A public or social service worker who is actively engaged in public service activity or a political worker who is also actively engaged in furthering the political activity of his party will be regarded as a worker and entered fully in Q. 11.

Q. 8. Working as Cultivator.

For a person working as cultivator write C. For a person not working as cultivator and for a person not working at all put X.

For purposes of the census a person is working as cultivator if he or she is engaged either as employer, single worker or family worker in (*a*) cultivation of land or supervision or direction of cultivation of land owned or held from Government and (*b*) cultivation of land or supervision or direction of cultivation of land held from private persons or institutions for payment in money, kind or share.

Cultivation involves ploughing, sowing and harvesting and does not include fruit growing or keeping orchards or groves or working for plantations like tea, coffee, rubber, cinchona and other medicinal plantations. Persons engaged in fruit growing or orchardry or plantations like tea, coffee, rubber, cinchona and other medicinal plantations should be entered in Q.10 or Q.11 as the case may be.

A person who has given out his land to another person or persons for cultivation for money, kind or share of crop and who does not even supervise or direct cultivation of land, will not be treated as working as cultivator. Similarly, a person working in another person's land only as a labourer and has no right or lease or contract on land on which he works, nor is responsible for taking decisions as to which crops to sow and when, or taking the risks of cultivation and is paid wages in cash, kind of share, such as share of produce (Agricultural Labourer) will not be treated as Cultivator in this question.

Q. 9. Working as Agricultural Labourer.

Write AL for a person working as agricultural labourer, i.e., a person who works in another person's land only as a labourer without exercising any supervision or direction in cultivation for wages in cash, kind or share such as share of produce. For others put X. The labourer should have no right or lease or contract on land on which he works, nor should he be responsible for taking decisions as to which crops to show and when, or taking the risks of cultivation. A share of the produce goes to him only as wages. He should have been working as Agricultural Labourer in the last or current cultivating season.

Qs. 10(*a*) & 10(*b*). Household Industry.

If a person is working in a Household Industry write (1) the nature of work done by him in the Household Industry against question 10(*a*) and (2) the nature of the Household Industry against question 10(*b*). Otherwise put X in both questions 10(*a*) and 10(*b*). A Household Industry is defined as an industry conducted by the head of the household himself and/or mainly members of the household at home or within the village in rural areas and only at home in urban areas. The industry should not be run on the scale of a registered factory. Thus the main criterion for a Household Industry is the participation of one or more members of a household in rural areas. In the urban areas the industry should be confined to the house. You should carefully keep in mind the definition of Household Industry in the rural area if you are enumerating a rural area and the definition in the urban area if you are enumerating an urban area.

A Household Industry should relate to production, processing, servicing; preparing or making and selling of goods. It does not include professions, such as pleader or doctor or barber or waterman or astrologer.

A person though he may not be working in his own Household Industry may be working as a paid employee in another Household Industry. You should, therefore, enquire whether the person who is not working in his own Household Industry is working in any other Household Industry and if so, write the nature of the work done by him against question 10(*a*) and the nature of the Household Industry against 10(*b*).

Q. 10(*c*). If employee in Household Industry.

This question will be filled up only for a person who is working as a paid employee in another person's Household Industry. In his or her case write E. E. For all others put X.

The following examples will illustrate how questions 10(*a*) to 10(*c*) should be filled up for persons working at Household Industry.

Q. 10—Working at Household Industry.

	(*a*) Nature of work.	(*b*) Nature of Household Industry.	(*c*) If Employee.
1.	Spinning yarn	Spinning yarn in Ambar Charkha	X
2.	Dyeing and pirning yarn	Handloom weaving	X
3.	Threshing and cleaning grain	Flour making chakki	X
4.	Labourer employed for crushing oil	Oil ghani	E.E.

	(a) Nature of work.	(b) Nature of Household Industry	(c) If Employee.
5.	Tempering and polishing implements	Blacksmithy making agricultural implements.	X
6.	Labourer employed for making and firing kiln.	Earthenware pottery	E.E.
7.	Throwing and Turning pottery ..	Earthenware pottery	X
8.	Making wooden doors and windows	Carpentry	X
9.	Filling gold ornaments with lac ..	Goldsmithy	X
10.	Labourer working hosiery machine ..	Hosiery	E.E.
11.	Keeping accounts	Hosiery	X
12.	Polishing and Scraping metal ..	Electroplating	X
13.	Labourer employed for putting iron hoop on cartwheels.	Cartwheelwright	E.E.
14.	Repairing of guns	Gunsmithy	X
15.	Bee Keeping..	Production of honey	X
16.	Tending cattle	Livestock raising	X

Q. 11. Doing Work other than 8, 9 or 10.

If a worker is not working as a cultivator or as an agricultural labourer or at any Household Industry write the actual work he is doing. If a person is working as a cultivator or as an agricultural labourer or at Household Industry and also does some other work (including dairying or livestock raising, orchard or plantation, etc., as distinct from cultivation of crops) which does not relate to any of the above categories, write the other work he does in this question. If he is engaged in more than one work and neither of them relates to any of the three categories mentioned above write here the work on which he devotes more time.

Q. 11(*a*). Nature of Work.

In the case of person not working or who work *only* as cultivator or as agricultural labourer or at Household Industry, put 'X'.

Describe fully the nature of the work done by the person himself. Full and precise information as to the nature of work done by the person should be given either in the vernacular or in English or in vernacular transliteration of English. At previous censuses much trouble has been caused by inadequate answers, and if you do not succeed in obtaining satisfactory information on the individual slips, you will be required to make a further visit for that purpose.

Q. 11(*b*). Industry, Business, Trade, Profession or Service.

In the case of a person who is working and the nature of whose own work has been recorded in Question 11(*a*), you should write here the nature of industry, business, trade, profession or service in which the person works.

As in the case of Question 11(*a*), you should describe in detail the nature of industry, business, trade, profession or service in which the person works. Vague answers should be avoided. In the case of industries, the articles which are produced or serviced or repaired, should be given. If more than one article is produced the chief article produced or serviced or repaired should be given. In the case of business or trade the principal article of trade should be described. In the case of service describe the nature of the service to which the person's work belongs. The description should be such that it would be possible to classify the establishment in which the person is working for purposes of industrial classification of the population. The description should be either in the vernacular or in English or in vernacular transliteration of English.

In the case of a person for whom an X is put in Question 11(*a*) put an X in this question also.

Important points to remember in questions 11(*a*) *and* 11(*b*).

1. Women or children who help with work, such as rice pounding or doing domestic service for wages or minding cattle or selling firewood or making and selling cowdung cakes, grass, etc., should be described fully even if they work part-time. *In the case of married or grown-up women who do any of the works mentioned above in addition to the usual household duties such work should be fully described and 'H.W.' written in brackets after the full description.*

2. If a person makes the articles he sells, he should be entered as maker and seller of them.

3. Wherever convenient, for complete description, the work should be expressed by the vernacular name by which it is known.

4. The following are too vague and must not be used by themselves:—

Scientist, technician, civil servant, clerk, engineer, inspector, checker, foreman, overseer, supervisor, labourer, machinist, assistant, contractor, polisher.

5. *Labourers*—For an unskilled labourer usually employed on one sort of work alone, give also the sort of work done, e.g., railway porter, market or bazar porter, labourer employed on road digging, bricklayer's labourer. If accustomed to work on various jobs, write general labourer.

6. *Machine Operators*—Always state the kind of machine giving its recognized name, if any.

7. *Shop-keepers, Retail Dealers, Shop Assistants*—If wholly or mainly engaged in selling, write dealer' (if principal) or, Shop Assistant or Salesman (if assisting) and state whether the business is wholesale or retail or both. For shop assistants and salesman in stores with several departments, state the particular department in which engaged (e.g., Ship and Railway Parts, Fans and Sewing Machines Grocers and Confectioners).

8. *Transport Workers*—Describe fully the nature of the transport, e.g., air transport, rail transport, transport by motor car or motor cycle, or vehicles drawn by horse, etc.

9. *Services*—For a person engaged in the Defence Services write 'Service of Central Government'.

10. If the job is known in the trade or industry by a special name, use that name. Managers, Foreman, etc., should be given the department/branch wherever applicable e.g., Sales Manager or a Manager of Hardware Department, Machine Shop Foreman or Boiler Room Foreman, etc. The following terms are insufficient by themselves:—

Manufacturer, merchant, agent, broker, refractor, dealer, engineer and iron works, etc.

11. *Domestic services*—In the case of any private servant e.g., a cook or domestic servant, write only 'private cook or domestic servant'. There is no industry in his case but in the case of persons employed in hostels, restaurants, boarding houses, institutions, etc., the words hotel, restaurant, etc., should be added.

For persons in the employ of Firms carrying on two or more businesses, if the businesses are carried on in separate premises then the business carried on at the premises in which the person is employed should be given. If the businesses are carried on in the same premises but each has a separate organisation (*i.e.*, they have separate records of employment, production, etc.,) then the appropriate business should be quoted. If, however, the two activities are carried on side by side then the major activity of the firm or establishment should be given.

12. *Commerce*—Special care should be taken to see that the distinction between retail and wholesale business is clear. As in industries, the goods handled should be clearly indicated.

Q. 11(*c*) Class of Worker.

For a person who is:—

1.	an *Employer*, that is, who hires one or more persons in his work described in Q. 11(*a*).	write	MR
2.	an *Employee*, that is who does his work described in Q. 11(*a*) under others for wages or salary in cash or kind.	write	EE
3.	a *Single Worker*, that is, who is doing his work described in Q. 11(*a*) without employing others, except casually and without the help of other members of the family except casually. This will include workers working as members of co-operatives.	write	SW
4.	a *Family Worker*, that is, who is doing his work described in Q. 11(*a*) in own family without wages or salary in cash or kind.	write	FW

For a person for whom an 'X' is put in Qs. 11(*a*) and 11(*b*) put an X in this question also.

Explanation—

(i) An *Employer* is a person who has to employ other persons in order to perform the work entered in Q. 11(*a*). That is to say, such a person is not only responsible for his own personal work but also for giving work to others in the business mentioned in Q. 11(*a*). But a person who employs domestic servants for household duties or has subordinates under him in an office where he is employed by others, is not an employer, even if he has the power to employ another person in his office on behalf of his own employer or employers.

(*ii*) An *Employee* is a person who usually works under some other person for salary or wages in cash or kind. There may be persons who are employed as managers, superintendents, agents, etc., and in that capacity employ or control other workers on behalf of their own employers. Such persons are only employees, as explained above, and should not be regarded as employers.

(*iii*) A *Single Worker* for the purpose of Q. 11(*c*) is a person who works by himself but not as Head of household in a Household Industry. He is not employed by ony one else and in his turn does not employ anybody else not even members of his household except casually. This definition of a *Single Worker* will include a person who works in joint partnership with one or several persons hiring no employees, and also a member of a producers' co-operative. Each one of the partners or members of such producers' co-operative should be recorded as 'Single Worker.

(*iv*) A *Family Worker* is a member who works, without receiving wages in cash or kind, in an industry, business or trade conducted mainly by members of the family and ordinarily does at least one hour of work every day during the working season. For the purpose of the entire Q. 11, such an industry should be on a scale larger than what has been covered in 'Household Industry' in Q. 10 whether run at home or away from home in town or village and even away from village in rural area and should ordinarily be in the nature of a recognised partnership, joint stock company or registered factory. For the purpose of this definition members of a family may be drawn from beyond the limits of the household by ties of blood or marriage. The family worker may not be entitled to a share of the profits in the work of the business carried on either by the person or head of the household or other relative.

Members of the household who help solely in household duties should not be treated as family workers.

ANNEXURE

In the matter of an industrial dispute between Messrs. Dhootapapeswar Sales Corporation (P) Ltd., 185 Mahatma Gandhi Road, Calcutta-7, and their workmen represented by Burrabazar Jamadar Sangh, 90 Lower Chitpore Road, Calcutta-7. (Case No. VIII-C-14 of 1959.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

Appearances:

For the Union: Shri N. D. Manna, Counsel with Shri Lenin Roy, Advocate.

For the Company: Shri Sailesh Sen, Advocate.

By order No. 5642-I.R./IR/11L-626/58, dated Calcutta, the 30th December 1958, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Dhootapapeswar Sales Corporation (P) Ltd., and their workmen represented by Burrabazar Jamadar Sangh to the Second Labour Court for adjudication regarding the issue mentioned in the order of reference.

Issue

Whether the dismissal of Shri Baijnath Tewari is justified? To what relief he is entitled?

The Company has raised a preliminary objection that this is not an industrial dispute on the ground that its employees are not concerned in the dismissal of Shri Baijnath Tewari which is the issue mentioned in the order of reference.

The Union, on the other hand, contends that this is an industrial dispute on the ground that at the time when Shri Baijnath Tewari was dismissed, majority of the employees of the Company were members of Burrabazar Jamadar Sangh, the Union which has espoused the cause of Shri Baijnath Tewari.

As this award relates to the above preliminary objection raised by the Company, the point for determination is whether this is an industrial dispute.

FINDINGS

The various decisions of the Supreme Court have made clear the basic reason why an individual

dispute could be taken up by a Union and thereby transformed into an industrial dispute. The Industrial Disputes Act is a legislation intended to ensure industrial harmony. When an individual case is taken up by a class of workmen, it becomes an industrial struggle and loses its limited scope. That is why the Supreme Court has consistently held that when the cause of an individual dispute is taken up by a Union of workmen or substantial portion of them, the dispute becomes an industrial dispute. In the present case the Union has adduced evidence to the effect that five out of the eight persons who were employees of the Company on the date of dismissal of Shri Baijnath Tewari were members of Burrabazar Jamadar Sangh. Though P.W. 4 Baijnath Boram and P.W. 5 Ram Mohan Tewari have denied in their examination-in-chief that they were members of Burrabazar Jamadar Sangh, their evidence in cross-examination as also the evidence of O.P.W. 1 Shri Ram Chandra Pandey, Office Secretary of Burrabazar Jamadar Sangh, and of O.P.W. 2 Shri Baijnath Tewari clearly show that the above Baijnath Boram and Ram Mohan Tewari, two employees of the Company were members of Burrabazar Jamadar Sangh at the relevant time. So it is clear that a majority of the employees of the Company were members of Burrabazar Jamadar Sangh at the time of dismissal of Shri Baijnath Tewari. Hence it must be held that Burrabazar Jamadar Sangh was a Union of the employees of the Company at the relevant time.

The next question arises whether the above fact alone could transform the present dispute into an industrial dispute. O.P.W. 1 Shri Ram Chandra Pandey and O.P.W. 2 Shri Baijnath Tewari have deposed to the effect that on the day following the dismissal of Shri Baijnath Tewari those employees who were members of Burrabazar Jamadar Sangh, went to the office of the Union and requested the General Secretary and the Office Secretary of the Union to take up the case of Shri Baijnath Tewari. It is clear from evidence that Shri Baijnath Tewari went to the office of the Union on that day; but the evidence as to whether the other employees went to the office of the Union on that day and requested the General Secretary and the Office Secretary to take up the case of Shri Baijnath Tewari is not convincing. Even if it be held that they did so, the fact remains that all the persons who were employees of the Company at the relevant time and the persons who became employees of the Company subsequently have stated before me on solemn affirmation that they are not concerned in the dispute arising out of dismissal of Shri Baijnath Tewari. So the question is whether I should brush aside their evidence before me.

The learned lawyer for the Union has argued that once the employees have taken up the cause of Shri Baijnath Tewari, they cannot now turn round and say that they are not concerned in the dispute, as this amounts to a revocation of their consent. In support of his contention he has drawn my attention to the decision of Hon'ble Mr. Justice Sinha in the case of Reckitt and Colman, reported in A.I.R. 1956, Calcutta, page 353. But that decision relates to an entirely different matter and can have no bearing on the question now being decided by me. On the contrary, the view on this question appears in his decision in the case between Express Newspaper (P) Limited and First Labour Court, West Bengal and others, reported at page 600 of L.L.J., 1959, Volume I. Therein he has held that the fact that the cause of a workman has been taken up by the Union does not clinch the issue whether a particular dispute is an industrial dispute. In that decision he has observed, "when a workman is represented by a Union of the workmen of the employer or a large portion thereof, and if the employer alleges that the Union does not represent the views of the majority of the workmen or large portion thereof, then in the first instance, it would be for him to prove the same." This shows that the Hon'ble Mr. Justice Sinha allows the employer to adduce evidence to the effect that his employees are not concerned in a dispute, even though it has been taken up by a competent union. He makes the position clear by holding that the whole point is as to whether the employer is fighting with a large number of his workmen, and that until that test is passed, an individual dispute cannot be transformed into an industrial dispute. This is exactly the situation in the present case. Though admittedly the Union has espoused the cause of Shri Baijnath Tewari, none of the present employees of the Company is concerned in his dismissal. So it is clear that the Company is fighting with Shri Baijnath Tewari alone and none else of its employees. The above decision of Hon'ble Mr. Justice Sinha is not in conflict with the successive decisions of the Supreme Court on the distinction between an individual dispute and an industrial dispute. So that decision of Hon'ble Mr. Justice Sinha is a precedent for me. As held in that decision, in the present case the Company has adduced the evidence of all its workmen to the effect that they are not concerned in the dispute I have no reason to disbelieve them.

In view of the above considerations, I hold that the present dispute is not an industrial dispute.

ANNEXURE

In the matter of an industrial dispute between Messrs. Associated Electrical Industries (India) Private Ltd., Crown House, 6 Mission Row, Calcutta-1, and their workmen employed in the Head Office represented by Associated Electrical Industries (I) Ltd. Employees' Welfare Association, Crown House, 6 Mission Row, Calcutta-1. (Case No. VIII-273/56.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri G. KUMAR, District Judge.

Appearances:

For the Union: Shri D. L. Sen Gupta, Advocate, assisted by Shri Madan Mohan Saha, Advocate.

For the Company: Mr. P. P. Ginwala, Counsel, assisted by Shri D. Basu Thakur, Solicitor of Messrs. Orr. Dignam & Co.

By Government order No. 4244-Dis./D/10L-105/56, dated 21st September 1956, an industrial dispute between Messrs. Associated Electrical Industries (India) Private Ltd., Crown House, 6 Mission Row, Calcutta-1 (hereinafter referred to as the Company) and their workmen in the Head Office represented by Associated Electrical Industries (I) Ltd., Employees' Welfare Association, Crown House, 6 Mission Row, Calcutta-1 (hereinafter referred to as the Union), was referred to this Tribunal for adjudication.

The issue framed by Government was as follows:—

> Whether the employees are entitled to get any extra amount as bonus for the year 1953-54 over and above what has already been paid to them by the Management?

AWARD

Before the dispute could be disposed of by this Tribunal, it was transferred to the local Second Industrial Tribunal, and in course of its pendency there it was again transferred to the local Fourth Industrial Tribunal which made an award, and it was against the Company. The Company preferred an appeal against the award to the Hon'ble Supreme Court. One of the grounds amongst others was that the Fourth Industrial Tribunal had no jurisdiction to adjudicate the dispute. The Hon'ble Supreme Court admitted the appeal only on the question of jurisdiction, and after hearing the same, has been pleased to hold that the Government orders of transfer of the dispute from this Tribunal to the Second Tribunal and again from that Tribunal to the Fourth Tribunal could not be justified, and so it set aside the award made by the Fourth Tribunal as being without jurisdiction, and remanded the case to this Tribunal for rehearing with direction that this Tribunal is to adjudicate the dispute after taking it on its file as originally referred to by the Government of West Bengal and dispose of the same in accordance with law.

After the remand, the parties have been asked to file written statements, if any. The Union has filed a written statement adopting its previous written statement, while the Company, which also had previously filed its written statement, has filed a fresh written statement after the remand.

It is common ground that for the bonus year in question, i.e., for 1953-54, the Company had paid 2 months' basic pay as bonus. The Union's claim is that out of this 2 months' basic pay given as bonus, one month's basic pay was paid as Puja Bonus irrespective of profit or loss as a condition of service. Here it may be said once for all that this claim of Puja Bonus as made by the Union is altogether unfounded and not proved. So, it should be always borne in mind that the 2 months' bonus paid was nothing but profit bonus. The Union claims an additional sum of 4 months' basic pay as bonus for the year in question. Obviously, the Union has alleged in its written statement that the Company made huge profits in the bonus year which would justify the demand for bonus.

The Company in its written statement filed after the remand has raised an objection as to the jurisdiction of this Tribunal, or rather to be more specific, of the undersigned who is the present Judge of the Tribunal to adjudicate the dispute. Also the Company has maintained that there is no available surplus as envisaged by the Full Bench Formula justifying the demand of the Union for any amount as additional bonus.

Decision

The Company's objection regarding jurisdiction of the undersigned to hear the dispute has been decided as a preliminary point and the same has been overruled. The facts relevant to this matter will appear from the order passed by the Tribunal which is being incorporated in this award as a part thereof, and it is as follows:—

"Order No. 32, dated 13-6-60: Parties ready; case opened. A preliminary objection has been taken by the Company to this effect that this Tribunal has no jurisdiction to hear the dispute. The Company wants a decision regarding this objection before going into the merits of the case.

Heard learned lawyers of both parties. The facts relevant to the aforesaid objection of the Company are:—

By Government order No. 4244Dis., dated the 21st September 1956, a dispute between the Company, namely, Messrs. Associated Electrical Industries (India) Private Ltd. and their workmen employed in the Head Office represented by Associated Electrical Industries (India) Ltd. Employees' Welfare Association was referred to this Tribunal, namely, the Fifth Industrial Tribunal for adjudication. Subsequently, by Government order No. 780-I.R., dated the 9th March 1957, the matter was transferred to the local 2nd Industrial Tribunal, Government of West Bengal. Again, it was transferred to the local Fourth Industrial Tribunal by Government order No. 1946-I.R., dated the 10th June 1957. The Fourth Industrial Tribunal made an award which went against the Company. The Company filed an appeal to the Hon'ble Supreme Court. The main ground of appeal taken by the Company was that the Fourth Industrial Tribunal had no jurisdiction to adjudicate upon the dispute as the Government orders of transfer of the case from this Tribunal to the Second Industrial Tribunal and to the Fourth Industrial Tribunal had been ultra vires.

The Hon'ble Supreme Court has upheld this contention of the Company and the operative portion of its judgment is:—

'As a result, of this order the dispute which was originally referred to the Fifth Industrial Tribunal by the notification issued on September 21, 1956 would be revived and the present matter would be sent to the said Tribunal for disposal in accordance with law.'

In pursuance of this order, the matter has been taken up for adjudication by this Tribunal.

The crux of the Company's preliminary objection regarding this Tribunal's jurisdiction to hear the matter is that at the time of the original Government order of reference, dated 21st September 1956, this Tribunal was functioning in accordance with Government notification No. 358Lab., dated the 9th June 1951, by which it had been constituted. Subsequently, the Industrial Disputes Act was amended in 1956, whereby, amongst other things, section 7 of the old Act was amended and the provisions for constitution of Industrial Tribunals and of the principles thereof, were modified and embodied in a new section, being section 7A. But the definition of 'Tribunal' as given in section 2(r) of the old Act was not amended; it was amended sometime in 1957 with effect from 10th March 1957. Immediately thereafter the Government constituted, or rather reconstituted the Tribunals in pursuance of section 7(A) of the amended Act by notification No. 808-I.R., dated the 11th March 1957.

Now, Shri G. Palit was the Presiding Officer of this Tribunal, i.e., the Fifth Industrial Tribunal when the dispute in the instant case was referred to it on 21st September 1956. He was the Presiding Officer also at the time when the Tribunals were reconstituted by the aforesaid order, dated 11th March 1957. He ceased to be the Presiding Officer with effect from 1st July 1959, from which date the undersigned is functioning as the Presiding Officer by virtue of Government order No. 2820-I.R./IR/3A-6/59, dated the 29th June 1959. By this order, he was appointed 'to be the Presiding Officer of the Fifth Industrial Tribunal constituted under the Government of West Bengal, Labour Department, notification No. 808-I.R., dated the 11th March 1957, vice, Shri G. Palit'.

In view of the aforesaid facts, it is contended on behalf of the Company that the undersigned having not been appointed the Presiding Officer of the Fifth Industrial Tribunal that had been constituted under notification No. 3581Lab., dated the 9th June 1951, nor he having been specifically authorised by Government to hear disputes referred to this Tribunal as constituted under the same notification, he has no jurisdiction to adjudicate the same. In other words, the Company seems to contend that the person who is now the Presiding Officer of this Tribunal which has been constituted under the Government of West Bengal notification No. 808-I.R., dated the 11th March 1957, and who has been appointed thereafter is not competent to hear the dispute that was referred to the Tribunal that had been constituted under notification No. 3581Lab., dated the 9th June 1951. This contention could have been valid if the Presiding Officer of this Tribunal was a 'persona designata', but he is not that: he simply presides over the Tribunal which is an institution by itself and has a continuity of existence so long it is not abolished by Government order, irrespective of whether A, B, C or X, Y, Z is Presiding Officer or whether there is no Presiding Officer; so, it is to be held that the same Fifth Industrial Tribunal is functioning before the deluge, as well as after that', i.e., before the reconstitution of the Tribunals by Government order No. 808-I.R., dated the 11th March 1957; and since the promulgation of Government notification No. 3581Lab., dated the 9th June 1951, as well as after the said notification No. 808-I.R., dated the 11th March 1957.

In this connection, the amended definition of 'Tribunal' as given in section 2(r) should be adverted to:

> 'Tribunal' means an Industrial Tribunal constituted under section 7A and includes an Industrial Tribunal constituted before the 10th day of March 1957, under this Act;

Also, reference should be made to section 30 of Central Act No. 36 of 1956 (which came into force from 28th August 1956) whereby amongst other provisions old section 7 of the Industrial Disputes

Act was amended. The said section 30 of the amending Act is as follows:—

'Savings as to proceedings pending before Tribunals: If, immediately before the commencement of this Act, there is pending any proceeding in relation to an industrial dispute before a Tribunal constituted under the Industrial Disputes Act, 1947 (14 of 1947), as in force before such commencement, the dispute may be adjudicated and the proceeding disposed of by that Tribunal after such commencement, as if this Act had not been passed.'

Also, it will be pertinent to point out that Shri G. Palit was not appointed as a persona designata to preside over this Tribunal as constituted under notification No. 3581Lab., dated the 9th June 1951. That notification was as follows:—

'In exercise of the power conferred by sub-section (1) read with sub-section (2) of section 7 of the Industrial Disputes Act, 1947 (XIV of 1947), the Government is pleased to constitute six Industrial Tribunals as specified in column 1 of the schedule hereto, for the adjudication of the industrial disputes in accordance with provision of the said Act consisting of one member only and to appoint as such member the person specified against each such Tribunal in column 2 of the said schedule, being a person qualified under Part (a), sub-section (3) of the said section.

THE SCHEDULE

Serial No.	Tribunal	Member

5	Fifth Industrial Tribunal	Shri G. Palit.'

In view of the aforesaid facts and circumstances and the provisions of law, it is held that though the undersigned has been appointed as Presiding Officer of this Tribunal as constituted under notification No. 808-I.R., dated the 11th March 1957, and though he had not been specifically authorised by Government to hear the disputes referred to this Tribunal as constituted under notification No. 3581Lab., dated the 9th June 1951, he has jurisdiction to hear the same. The question may be posed from another angle. There may be (actually there are) pending disputes which had been referred to the Tribunals constituted under notification No. 3581Lab., dated the 9th June 1951, and the Presiding Officers of some of them have ceased to function after these were reconstituted by order No. 808-I.R., dated the 11th March 1957. If the Company's preliminary objection in the instant case is to be upheld, it is to be held that the Presiding Officers appointed after 11th March 1957 will have no jurisdiction to hear the aforesaid type of pending cases also; but from a grammatical interpretation of the legal provisions on this point, some of which have been quoted above in extenso, such a conclusion is not at all warranted, nor can it be deduced therefrom that the Legislature had intended such an absurd and anomalous situation. It is conceded on behalf of the Company that if Shri Palit had been the present Presiding Officer he would be competent to hear this case. It is difficult to see why the undersigned, who is his successor-in-office would not be so competent, as none of them was or is 'persona designata'.

Though this is a case remanded by the Hon'ble Supreme Court for rehearing, it is to be held in view of the peculiar facts and circumstances befalling it from its transfer to the Second Industrial Tribunal from this Tribunal up to the remand by the Hon'ble Supreme Court that it has been pending in this Tribunal to all intents and purposes and the said interlude was something like a dream—probably good to some and bad to some others.

As a result, the preliminary objection of the Company is overruled, and it is held that this Tribunal, and so the undersigned as its Presiding Officer, has jurisdiction to hear the dispute.

To 23rd June 1960 for hearing of the case on merits.

G. KUMAR, Tribunal."

In view of this order, one would normally expect that the Company would make grievance no more on this point before this Tribunal, but on 12th July 1960, i.e., the date on which the full hearing of this case was taken up, Mr. Ginwalla, learned Counsel of the Company, stated that the undersigned could not proceed with the hearing of the case as his client had taken objection regarding jurisdiction. He even went so far as to say that the undersigned is not better than a man in the street in relation to the hearing of this case, and that his client would take part in the proceedings under protest. When he was asked if his client would canvas the point of jurisdiction in any Higher Court before proceeding with the hearing of the case, he answered in the negative. Mr. Ginwalla also refused to comply with a suggestion that his client should register the aforesaid protest in writing by filing a petition. Thereafter, the Union filed a petition for directing the Company to thrash out finally the question of jurisdiction before entering into the merits of the case and to adjourn the case for the purpose. In reply, Mr. Ginwalla said that his client was not going to act as desired by the Union. In this connection, the following order was passed by the Tribunal which runs as follows:—

"Order No. 35, dated 12-7-60: Parties ready. Case opened. Mr. Ginwalla, learned Counsel of the Company, states that his client is taking part in the further hearing of the case, under protest, so far as the question of jurisdiction raised by the Company and decided by this Tribunal by order No. 32, dated 13th June 1960 is concerned. A petition is filed on behalf of the Union praying that the hearing may be adjourned, so that the Company may move the Higher Courts against the said order. Mr. Ginwalla says, his client is not going to do so at this stage, but it persists in its said protest. In view of this situation, the hearing is to proceed. Whether the said protest of the Company will have the fate of a protest of a person sentenced to death and going to the gallows under protest without filing an appeal against the sentence, does not arise for decision by this Tribunal. To 13th July 1960 for further hearing as the Union has not brought its witness.

G. Kumar, Tribunal."

It is very difficult to understand how the Company could instruct its lawyer Mr. Ginwalla to raise the question of jurisdiction over again after it had been decided so far as this Tribunal was concerned. It is a well-settled principle of law that a judicial body being in seisin of any matter even with the semblance of jurisdiction is the only authority to decide the question of jurisdiction if raised by any party, provided the same question is not taken out of its seisin by some other higher authority in the mean time. Also a judicial body has the right to decide any matter rightly or wrongly, and its decision will prevail even though wrong, until it be set aside by a higher authority. In the instant case, this Tribunal's order, dated 13th June 1960, regarding the question of jurisdiction could not be reagitated over again in the manner as has been done on behalf of the Company. It mooted the question as a party; the answer being against it, it could have registered a valid protest thereto by taking the matter to a higher court. Instead of doing that, it chose to sit on the fence and at the same time arrogated to itself the function of a higher court and criticised this Tribunal's decision. The most proper and gentlemanly manner in which the Company could have taken part in the further proceedings of the case under protest against the order of this Tribunal regarding jurisdiction was simply to file a petition stating that, though it was going to take part in the further hearing, it did not thereby waive its right to appeal against the said order. That would have been quite in keeping with forensic etiquette and decorum; but the way in which the protest was expressed showed signs of something verging or insanity. However, when the protest was overruled and the Tribunal decided to proceed with the case, the Company condescended not to stage a walk-out but to assist this Tribunal by taking part in the hearing.

Now, the issue regarding bonus is taken up for discussion. The Union seems to have claimed that it is entitled to one month's Puja bonus. It has not stated whether this bonus is claimed as customary or as a condition of service. In this case, a faint attempt has been made to prove that the workmen are entitled to one month's basic pay as Puja bonus for the bonus year 1954-55, and also they are entitled to get 5 months' basic pay as profit bonus (vide paragraph III at page 8 of the Union's written statement). So, they have regarded the two months' bonus paid by the Company to be composed of one month's basic pay as Puja bonus and one month's basic pay as profit bonus, and they have claimed an additional amount of 4 months' basic pay as profit bonus. From the evidence on the Union's side it can by no means be held that the workmen are entitled to any Puja bonus either as a condition of service or as a customary bonus. In another case between the same parties, this Tribunal came to a similar finding (vide "Calcutta Gazette", dated April 28, 1960, page 1455). As a result, it is held that the workmen are entitled only to such amount of profit bonus as may be justified in view of the available surplus, if there be any. So, it is now to be seen if there was any available surplus in the bonus year in question; if so what is the amount thereof.

For the calculation of available surplus, the Union has not filed any fresh chart after the remand. It relies on the chart filed by it previously before the Fourth Industrial Tribunal (Ext. 1), and also on the chart filed on behalf of the Company at that time (Ext. 4). This previous chart (Ext. 4) of the Company cannot be regarded as a nullity for the reason of the previous trial having been held by the Hon'ble Supreme Court to have been without jurisdiction. Exhibit 4 is a document filed on behalf of the Company in the previous trial, and it can be used as evidence in the present trial whatever may be its worth. If Ext. 4 be excluded from evidence in this trial as null and void on the ground of its having been proved in a trial which has been held to be null and void, then the witnesses including Mr. Bes (O.P.W. 1) examined in the previous trial may be regarded as nullities so far as this case is concerned. If the witnesses examined in the previous trial can now be examined, there is no justification for excluding the documents used in the previous trial from evidence. Such documents have a greater claim to reliability and probative value than the witnesses, because the latter can prevaricate while the former cannot, and in fact there has occurred a very serious contradiction between Ext. 4 and the affidavit sworn by Mr. Bes and his evidence after remand. It is this: In the previous statement of the Company (Ext. 4), the gross profit was shown as Rs. 12.22 lakhs (the figures are to be quoted in this award to the nearest lakh), while in Annexure A to the affidavit sworn by Mr. Bes after remand, this figure has been shown as Rs. 7.68 lakhs. Neither in the affidavit nor in his evidence Mr. Bes has given any explanation as to this discrepancy which is tantamount to contradiction. At the time of argument, the learned Counsel for the Company has placed reliance upon the profit and loss account (Ext. B). This account has been drawn up in a piece-meal fashion as will be apparent from a glance at it. From the debit side of the first page of the P & L Account, it will appear that the balance to be carried down as net profit was Rs. 7.04 lakhs, but in Ext. 4 this figure was shown as Rs. 6.50 lakhs. This figure of Rs. 6.50 lakhs has been shown as balance carried down at page 2 of the same account, while at the top of this page on the same side a sum of Rs. 10.91 lakhs has been shown as balance carried down. In passing, it is to be observed that for this reason, it has been remarked above that the profit and loss account has been drawn up in a piece-meal fashion. In Annexure A to his affidavit Mr. Bes has started his calculation of available surplus with the aforesaid figure of Rs. 7.04 lakhs, while the Union has all along maintained the position that the calculation should be started from the aforesaid sum of Rs. 6.50 lakhs which appears as balance carried down on the debit side at page 2 of the profit and loss account. Now it is to be seen what is the correct starting point for the calculation of available surplus. The Company appears to have shifted its position regarding this figure because of an item on the credit side at the second page of the balance-sheet which reads thus: "Adjustments relating to previous years Rs. 3,86,959-5-3" The Company wants to exclude this figure altogether out of the present calculation, though there is no evidence that this figure does not relate to the trading profits of the bonus year. For every figure appearing on the credit side of the

profit and loss account must be regarded as the result of the trading for the year in question, unless it prima facie appears that is not so, and if a Company wants to establish that any of these figures does not relate to the trading result of the year in question, the Company is to prove it by satisfactory legal evidence.

Here, the nature of evidence on the side of the Company is to be discussed. The evidence consists of the aforesaid affidavit sworn by Mr. Bes and his oral testimony. The affidavit has not been called for, but has been voluntarily sworn. So, it cannot be regarded as proper evidence. It is nothing but an additional pleading, uncalled for. Further, though Mr. Bes has stated in his deposition that the statements made in the affidavit and the Annexures thereto are correct, it has not been allowed to go unchallenged by the Union, for the Union has asked Mr. Bes in cross-examination whether there are documents and records to support the statements made in the affidavit and his oral testimony in Court. No record or document has been proved by the Company in this case in support of the statements made in the balance-sheet or in the profit and loss account or in the affidavit of Mr. Bes. Hence, the aforesaid amount of Rs. 3.87 lakhs shown on the credit side at page 2 of the balance-sheet as "adjustments relating to the previous years" cannot be regarded as an extraneous item of profit not arising in the bonus year in question. Therefore, in calculating the available surplus, this figure must be considered as an item of trading income of the same year. If that is done, the calculation of available surplus will have to be started with the figure of Rs. 6.50 lakhs as the net profit. To it is to be added back a sum of Rs. 5.08 lakhs debited in the profit and loss account to provision for taxation as estimated liability for the year. Then is to be added back a sum of Rs. .25 lakh debited as 'bad debts', and also a sum of Rs. .64 lakh which has been debited to depreciation is to be added back. The 'bad debts' amount is to be added back as it is not proved that it is related to the trading of the bonus year and that there was no alternative but to write off the same. If this amount is related to transactions of past years, there is no justification for its being debited against the profits of the year in question.

Thus the gross profit for the calculation of available surplus may be tabulated as follows:—

		Rs.
Net profit	...	6.50 lakhs
Add back:—		
Bad debt	...	.25 ,,
Provision for taxation	...	5.08 ,,
Income-tax depreciation	...	.64 ,,
		12.47 lakhs

In view of the figures in the profit and loss account, the following sums are to be deducted from the gross profit found above: a sum of Rs. 30 is to be deducted on account of profit on sale of fixed assets, and a sum of Rs. .68 lakhs on account of taxation refunds in respect of previous years.

In the profit and loss account, the amount of depreciation debited has been shown as Rs. .64 lakhs. This amount is to be held as the total depreciation in view of the absence of any evidence on this point on the side of the Company. Only the amount of notional normal depreciation is to be deducted as prior charge. The Company has not given any correct account as to the amount of notional normal depreciation for the year in question. In his affidavit Mr. Bes has stated that the figure is Rs. .53 lakhs, while the Union in its statement (Ext. 1) has allowed deduction of Rs. .49 lakhs on this head. The Union's figure is accepted as correct, and so the Company will get a deduction of Rs. .49 lakhs on account of notional normal depreciation.

In the relevant year, the rate of total income-tax was annas 7 per rupee. After deducting the sale proceeds of the fixed assets as well as the amount of tax refund and the total depreciation from the gross profits found above, the taxable income for the purpose of calculation of available surplus is found to be Rs. 11.15 lakhs. So, Rs. 4.88 lakhs is to be deducted on account of notional income-tax.

The paid-up capital of the Company is Rs. 30.00 lakhs. From the balance-sheet, it appears that this amount is composed of Rs. 8.08 lakhs for shares issued in cash and Rs. 21.92 lakhs for shares issued for a consideration other than cash. In Ext. 1 the Union has allowed 6 per cent. return on the cash-paid shares and 5 per cent. return for the remainder, while the Company claims 6 per cent. return for all the shares. There being no reason as to why there should be a distinction between the rates of return for the two different kinds of shares, the Company is allowed 6 per cent. return on all the shares, and so a sum of Rs. 1.80 lakhs is to be deducted from the gross profits.

Another item of deduction claimed on behalf of the Company is 4 per cent. return on working capital alleged to have been used in the business. This working capital is said to be composed of—

	Rs.
(a) Own reserve and balance ...	40.14 lakhs
(b) Interested free loans received from the parent Company and Co-subsidiary Company less investment in interest free loan to subsidiary Company	110.08 ,,
(Vide Annexure A to Mr. Bes's affidavit.)	

In the previous hearing, the Company claimed that the average of own reserve employed as working capital was Rs. 31.44 lakhs and the amount of interest free loan used as working capital was Rs. 118.57 lakhs, and a return at the rate of 2 per cent. was claimed on the latter amount while 4 per cent. was claimed on the former amount (vide Ext. 4).

It is now a well settled principle that the Company is to prove by proper and reliable evidence the amount of the working capital for which return is claimed. In the instant case, the only evidence consists of the oral testimony of Mr. Bes and the said affidavit. It has already been held that these are not proper evidence. It seems that there is no evidence on the side of the Company to prove the employment as working capital of the amounts for

which return has been claimed; also the discrepancies between the amounts now claimed on this head and the same as claimed in Ext. 4 raises a genuine suspicion as to whether really any amount was used by the Company as working capital.

However, the Company's case in this respect is not absolutely so hopeless as it seems to be. The Union in its statement of available surplus (Ext. 1) has conceded that a sum of Rs. 31.39 lakhs was used out of the Company's own reserve as working capital and the Union has given 2 per cent. return for that. Apart from this concession or rather admission about the use of Rs. 31.39 lakhs as working capital out of Company's own reserve, there is another criterion to ascertain whether any amount was actually used as working capital or not, and it is this:—

It has been said by Mr. Bes in his examination-in-chief that he has prepared his statement of working capital by collecting the figures of the assets actually employed in the business of the Company and deducting therefrom only the current liabilities and paid-up capital and advances received from customers. The principle referred to by Mr. Bes in this particular statement is that ordinarily the amount of working capital employed in the business of a Company at a particular point of time may be roughly obtained by deducting the total of paid-up capital and current liabilities from the total of fixed assets and current assets. This formula may be applied with reference to the balance-sheet of the Company to find out what was the working capital at the close of the year. Here it is to be observed that the items in the balance-sheet (Ext. B) except the item of 'loans' have not been specifically challenged by the Union. It will not be altogether unwise or unsafe to find out what was the amount of working capital on the last day of the Company's account year in question.

From the balance-sheet it will appear that the value of the fixed assets was Rs. 4.06 lakhs. To this the Company wants to add another asset, namely, Rs. 3.00 lakhs on account of good-will of the business. Though good-will is an intangible asset, it is to a business what pedigree is to a race-horse or dog. In the case of the latter, a good pedigree induces people to lay stakes on them, while in the case of the former, a sound good will induces the customers to do business with the firm concerned. So, there is no reason why the value of the good-will also shall not be taken as fixed asset, as the same had contributed to a certain extent to the trading profits for the year in question, and as the Company had to pay money to acquire it. Thus the total value of the fixed assets is found to be Rs. 7.06 lakhs. The amount of current assets is Rs. 292.19 lakhs. Thus the total of the assets is Rs. 299.25 lakhs. From the assets, the amount of loans to subsidiary Company is excluded. Also the cash in banks or in hand is excluded from the assets because though such cash is theoratically an item of working capital, it cannot be regarded as such for the purpose of calculation of available surplus as it is not actually employed in the business.

The paid-up capital of the Company is Rs. 30.00 lakhs. The current liabilities (excluding loans) amount to Rs. 157.74 lakhs. Thus the total of the liabilities that are to be taken into consideration for the purpose of finding out the working capital is Rs. 187.74 lakhs.

Thus it is found that the amount of working capital was (Rs. 299.25 lakhs)—(Rs. 187.74 lakhs), i.e., Rs. 111.51 lakhs.

Now the difficulty is whether this sum of Rs. 111.51 lakhs had been employed as working capital throughout the year, or whether the same amount had been supplied out of reserves of the Company, and if so how much and whether the remainder was made up from the alleged interest free loan. The Company has not proved the balance-sheet of the previous year. In view of these facts and circumstances, it is to be held that the working capital was made up out of the Company's own reserves to the extent of Rs. 31.39 lakhs as stated in Ext. 1, and the balance was made up from the interest free loans.

This finding is made notionally, and it cannot be regarded as unjustifiable altogether, for there is no statutory law for finding out the available surplus of the profits of the Company. The judicial decisions on this point are very voluminous and complicated and no specific decisions are there as to how a Company will prove the amount of working capital used in its business. It seems that there should be some statutory law as to how these vexed questions of working capital should be determined or some decisions on this point of judicial bodies which had the force of law will be much helpful. In the absence of these, the only course available for properly determining this point seems to be to appoint assessors and to re-audit the accounts of the Company but that would mean interminable proceeding and also loss of money and time which is as good as money. So, there seems to be no alternative but to decide this point notionally. The reason for such a conclusion is this:—

An eminent philosopher has remarked about the theory of Illusionism in Indian Philosophy that the theory which has nothing better than to say that an unreal soul is trying to escape from an unreal bondage in an unreal world to accomplish an unreal supreme good may itself be an unreality. Similarly, it can be said in the present situation in the matter of finding out avilable surplus in bonus cases, out of the notional accounts of a Company the notional figures are being adopted for the purpose of finding out the notional available surplus to come to a notional finding as to whether the workmen are entitled to any notional bonus or not, and there is no reason why the relevant factors necessary for finding out the available surplus should not be determined notionally from the Company's accounts, if these are not proved to be inaccurate, and why reality or strict accuracy and actuality should be insisted upon in respect of any particular point in issue. Hence, the dispute relating to working capital in appropriate cases should also be determined notionally from the accounts of the Company. (Here it may be pertinently queried whether the parties to the case or the Judges deciding the same are notional. But the answer is not material.)

The accounts of the Company which are the sources from which the available surplus flows are

notional in the sense that there is no evidence that the Management supplied materials to the auditors for the purpose of preparing the accounts with meticulous care and precision or that the auditors did really insist upon that. At least, on one very material point the auditors have to depend on the statements of the Management. It consists of the stock in hand, in transit and of work in progress which are to be placed on the credit side of the balance-sheet. Generally, the auditors do not personally verify these things on the last day of the account year of the Company. The audit reports are not prepared on that date but long afterwards, and the figures given in the audit reports on these heads are supplied by the Company from their records, and there remains no possibility for the auditors to verify the correctness thereof. However, the correct view seems to be that the ingredients required for finding out available surplus should ordinarily be taken from the audited accounts of a Company provided that these be not proved to be incorrect. Such a view finds support in the decision of the Hon'ble Supreme Court in the Associated Cement case (1959 Vol.I L.L.J., page 644) and Kapoor and Co. (F.J.R. XVI, page 320).

In view of these facts and circumstances, it is held that as the balance-sheet discloses the existance of an amount of working capital on the last day of the account year as found above, the Company is to get some return for the same. There is no evidence on the side of the Company as regards the amount of working capital at the beginning of the year, nor as to whether the same amount had been employed throughout the year. But it will be absurd to think that this amount was in use only on the last day of the year and on no other date. However, there being no proper evidence on the Company's side regarding the duration of the employment of the aforesaid amount of working capital, it is held that the Company cannot claim more than 2 per cent. return on the entire amount of working capital as found above though part of it had been supplied out of its own reserves and part from the interest free loan.

Here it is to be noted that the Company has tried to inflate the amount of its own reserve by including half of the total profits made during the bonus year itself. It is very difficult to understand how the profit accruing during a particular period can be regarded to have been employed as working capital. One cannot cook and eat one's food simultaneously. Also, the Union has contended that no return should be allowed for the interest-free loan. This contention cannot be accepted as it was invested in the business and it helped in earning profits, and so some return must be given to the Company for that portion of it which was actually employed in the business.

As a result, it is held that a return at the rate of 2 per cent. is to be deducted from the gross profit for the sum of Rs. 111.51 lakhs, which is found above to have been employed as working capital i.e. a sum of Rs. 2.23 lakhs is to be deducted from the gross profit as prior charge. Thus the available surplus comes up to Rs. 2.41 lakhs.

For convenience of comprehension, the findings made above are tabulated as follow:—

		Rs.
Net profit	...	6.50 lakhs.
Add back:		
Bad debt	...	0.25 lakhs.
Provision for taxation	..	5.08 lakhs.
Depreciation	...	0.64 lakhs.
		12.47 lakhs
Deduct sale proceeds of fixed assets and tax refund on account of previous years.		0.68 lakhs.
Notional normal depreciation	...	.49 lakhs.
Income-tax	...	4.88 lakhs.
6 per cent. return on paid-up capital.		1.80 lakhs.
2 per cent. return on working capital supplied from the own reserves of of the Company as well as loan by the parent Company.		2.23 lakhs.
		10.08 lakhs.

Thus the available surplus is found to be (Rs. 12.47 lakhs)—(Rs. 10.08 lakhs), i.e., Rs. 2.41 lakhs.

The Company has introduced evidence to show that it had to pay its engineering staff some bonus for the year in question. Also it has tried to prove what is the total basic wages of its All India workmen. These two factors are quite extraneous to the matter in issue in this case. The engineers of the Company undoubtedly get living wage, and they can never be regarded as participants in the avilable surplus by way of bonus. Also the instant dispute concerns only the workmen of the Calcutta Branch. In the past also the question of bonus of the workmen of the different Branches of the Company was decided Branch by Branch, and not on an all-India basis. The previous award passed by this Tribunal published in the Calcutta Gazette dated April 28, 1960, page 1455 is an example to the point. So, it is now to be determined what amount of bonus can be fairly awarded to the workmen of the Calcutta Branch of the Company in view of the avilable surplus found above.

The total monthly basic pay of the workmen of the Company was roughly Rs. 33,000 in the bonus year in question. Their claim is for 5 months' basic pay as profit bonus and one month's basic pay as Puja bonus. It has been held that they are not entitled to get any Puja bonus. So, it is to be seen whether they are entitled to get 5 months' basic pay as profit bonus or any part thereof. If they are awarded 5 months' basic pay as profit bnus, the Company will have to pay Rs. 1.65 lakhs. The Company will get refund of income-tax for this amount to the tune of Rs. .72 lakhs. Thus a sum of Rs. 1.48 lakhs will be available to the industry and the share-holders. Such a division of avilable surlpus will be inequitable as it will leave a share for the share-holders and the industry which will be much smaller than that to be given to the workmen.

On a consideration of all the facts and circumstances in this matter, it is held that there will be an equitable division of the available surplus if the workmen be awarded four months' basic pay as bonus. The Company has already paid them 2 months' basic pay on account of bonus. So, the Company will have to pay them a further sum equivalent to two months' basic pay as additional bonus for the year in question. The accounts of the Company (Ext. A) show that during the bonus year it spent Rs. 33.06 lakhs on general charges and salaries and Rs. 2.15 lakhs for Director's emoluments. There is no reason why the workmen should not get four months' bonus out of the profits, which will involve the expenditure of only a sum of about .74 lakhs from the fund of the Company.

Lastly, it is to be observed that the Company does not claim any rehabilitation charge nor denies that the wages of th eworkmen are much below the living warges.

This is the award of the Tribunal.

During the pendency of an industrial dispute referred to this Tribunal under Government of West Bengal, Labour Department, order No. 2943-I.R./IR/13L-19/59, dated the 6th July 1959, between Messrs. Ananda Bazar Patrika Private Ltd. (hereinafter to be described as the Company) and their workmen represented by Ananda Bazar, Hindusthan Standard and Desh Employees' Union (hereinafter to be described as the Union), the Company discharged Shri Rathindra Nath Ghose, one of its employees in the Circulation Department, with effect from 30th November 1959 under clause (b) of sub-section (2) of section 33 of the Industrial Disputes Act, 1947 and filed an application before this Tribunal under section 33(2) of the said Act on 3rd December 1959 for approval of its action against the employee Shri Rathindra Nath Ghose, and the employee Shri Rathindra Nath Ghose filed an application before this Tribunal under section 33A of the Industrial Disputes Act on 7th December 1959 which has given rise to case No. 155 of 1959 under section 33A of the Industrial Disputes Act. In this application the complainant Shri Rathindda Nath Ghose alleged that the Company illegally and without any justification discharged the complainant in contravention of the provisions of section 33(2) of the Industrial Disputes Act, 1947, and prayed for appropriate relief against such order.

Since 2nd April 1960 adjournments were being allowed to parties for settlement of the matter amicably on the joint petition filed by the parties on 2nd April 1960. Ultimately the parties succeeded in coming to a settlement and filed a joint petition of compromise on 31st August 1960 in the case under section 33A, signed jointly by Shri Rathindra Nath Ghose and Shri A. K. Sarkar, Director, Messrs. Ananda Bazar Patrika Private Ltd. In terms of that joint petition of compromise the disputes between the parties relating to the Company's petition under section 33(2) and employee's complaint under section 33A of the Industdial Disputes Act have been amicably settled once for all.

AWARD

So far as this application under section 33A (Case No. 155 of 1959, under section 33A) is concerned the joint petition of compromise and the letter of regret by Shri Rathindra Nath Ghose clearly show that the dispute between the parties has been amicably settled and that the terms of settlement are very fair and reasonable and are calculated to restore peace and harmony between the employer and employee. I, therefore, give effect to the terms of compromise embodied in the joint petition of compromise and pass an award accordingly. The complaint under section 33A of the Industrial Disputes Act is thus disposed of in terms of the joint petition of compromise and the letter of regret, dated 31st August 1960, which do form a part of this Award as Annexures A and B respectively.

AWARD

By order No. 6948-I.R./IR/46-55/58, dated 22nd December 1959, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Airways (India) Limited, 31 Chittranjan Avenue, Calcutta-12, and their workmen represented by the Aero Employees' Union, Gurudwara, Gate No. 2, Calcutta Airport, P.O. Sultanpur, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Working hours.

This reference was received by this Tribunal on 30th December 1959. Notices were duly served upon the parties. The Union, i.e., the Aero Employees' Union representing the workmen of the Company, Messrs. Airways (India) Limited, filed its written statement on 16th March 1960. The Company filed its written statement on 8th April 1960. The date of hearing was fixed on 14th May 1960. After certain adjournments the reference was ultimately taken up for hearing on 27th August 1960 on account of prayer of the parties and also due to the fact that no steps were taken by the Union on two previous dates of hearing. The hearing was concluded on 27th August 1960 and the award was reserved.

DECISION

Issue No. 1

The only one issue which awaits adjudication under this order of reference is "Working hours". It is not disputed that the present dispute is regarding the working hours of the staff (excluding the officers) of the Head Office of the Company, namely, Airways (India) Limited, situated at 31 Chittaranjan Avenue, Calcutta and that the present working hours for this staff of the Head Office of this Company are from 9-30 a.m. to 5 p.m. with half-an-hour's break, i.e., from 1 p.m. to 1-30 p.m., for lunch. This is the evidence of D.W. 1 Shri Rangaswami, the Manager of the Company and it is also the case of the Union in paragraph 1 of its written statement although no evidence has been adduced before this Tribunal on behalf of the Union.

The grievance of the Union is that the general office hours in all mercantile firms and Government offices are from 10 a.m. to 5 p.m. and that the existing working hours for the Head Office staff of the present Company caused hardship to the workmen. The Union accordingly prays that the Company may be directed to fix the working hours for the employees of the Head Office from 10 a.m. to 5 p.m. with a break of 45 minutes.

To this claim of the Union, the Company has raised three-fold objection, namely—

(1) that the present reference is bad in law inasmuch as there was no industrial dispute between the management and its Head Office employees regarding the working hours prior to the reference,

(2) that the employees of the Head Office never raised any dispute regarding the existing working hours in the Head

Office of the Company and that at present there is no industrial dispute in existence because of the fact that the Head Office employees do not make any grievance regarding their existing working hours, and

(3) that on merits also the claim of the Union that the working hours should be fixed from 10 a.m. to 5 p.m. with a break of 45 minutes is unreasonable and unjustified in view of the fact that the existing working hours of the Company for its Head Office staff, namely, from 9-30 a.m. to 5 p.m. with half an hour's break from 1 p.m. to 1-30 p.m. for lunch are fair and reasonable and in line with the working hours generally observed by a number of similar concerns. So, in nut-shell, the contention of the Company is that the claim of the Union should be rejected both on point of law and on merits of the case.

As I have stated before the first two objections taken by the Company are legal objections regarding maintainability of the present reference.

So far as the first objection is concerned, namely, that the present reference is bad in law, the Company's objection is that prior to the order of reference the employees of the Head Office staff did not raise any dispute before the management nor did they submit any such charter of demands to the management for revision of their existing working hours. The Company, therefore, contends that the present reference is bad in law as there is no industrial dispute regarding working hours for the Head Office staff of the Company to be adjudicated upon by this Tribunal. From the evidence on record as also from the annexures A to D to the written statement of the Company which are not disputed by the Union, it is clearly established that in July 1958 the President of the Aero Employees' Union, West Bengal, submitted a charter of demand to the Labour Commissioner, West Bengal (26th July 1958), wherein the Union raised a dispute regarding the working hours. At that time the working hours for the Head Office staff of the present Company were from 9 a.m. to 5 p.m. (vide annexure A). A true copy of the letter embodying the demands including the office hours was forwarded to the Company for comments by a letter, dated 12th August 1958. The Company submitted its comments upon those demands and on 18th February 1959 the Assistant Secretary to the Government of West Bengal, Labour Department, intimated to the Secretary of Aero Employees' Union as also to the Company that the demands made by the Aero Employees' Union regarding grades and scales of pay and working hours were not justified and that Government did not consider any further intervention to be made in the matter. With regard to the working hours, as it is found from the letter, the Government stated that the Company was following working hours generally observed by a number of such concerns. So, the dispute raised by the Union regarding working hours of the Head Office staff in July 1958 found its burial in February 1959. After that on 1st August 1959 the existing working hours for the Head Office staff, namely, from 9-30 a.m. to 5 p.m. with half-an-hour's break for tiffin were fixed [vide paragraph 11(v) of the written statement of the Company which is not challenged by the Union]. It is admitted that the present working hours are from 9-30 a.m. to 5 p.m. with half-an-hour's recess for tiffin.

Thereafter the Union appears to have suddenly revived the dispute regarding the working hours in its letter, dated 8th April 1959, to the Assistant Secretary, Government of West Bengal, Labour Department, amongst other matters. That was referred to the Company for comments. But from that letter annexure C (the original of which is Ext. B) to the written statement of the Company and the reply of the Company to the same (annexure D) it is not found that the dispute regarding the working hours was real or that it called for any adjudication whatsoever. From annexure D it is found that there were several discussions between the management and the Labour Officer over the matter and it was confined only to the grades and scale and transport arrangement.

The Company's specific case is that prior to the present reference there was no industrial dispute between the management and its Head Office employees at 31 Chittaranjan Avenue regarding the revision of existing working hours for the Head Office staff. This contention of the Company is supported by evidence of two witnesses, namely, D.W. 1 Shri Rangaswami, Manager of Airways (India) Ltd., and D.W. 2 Shri Malayranjan Gupta, an employee in the Accounts Department of the Head Office of Airways (India) Ltd. at 31 Chittaranjan Avenue. Both these witnesses have categorically said that the Head Office employees never raised any dispute regarding the working hours nor there is at present any such dispute between the employees and the management. On behalf of the Union none has been examined to support the claim of the Union.

From all these documents and oral evidence adduced on behalf of the Company it is established beyond doubt that, as a matter of fact, there was no dispute between the employees of the Head Office and the management regarding the existing working hours in the Head Office of the Company at 31 Chittaranjan Avenue immediately before the present order of reference was made. As such there having been no industrial dispute regarding the working hours between the Head Office employees and the present Company in existence or apprehended the present reference is bad in law and is not maintainable.

Next I come to the second objection. Even if it be taken for granted that the reference is valid and legal the Union has no case so far as the present reference is concerned. It transpires from evidence of D.Ws. 1 and 2 who are unshaken in cross-examination that there are about 12 employees excluding the officers in the Head Office of Airways (India) Limited and that this number includes subordinate staff, namely, bearers and chaprashis also. Out of these 12 employees or so 11 submitted a representation to the Directors, Airways (India) Ltd., on 17th August 1960 (Ext. A) stating that they have no

grievance regarding the present working hours and that they did not authorise or request the Aero Employees' Union to raise or to prosecute any such dispute on their behalf regarding the working hours before this Tribunal. One of the 11 signatories to this representation is Malayranjan Gupta (D.W. 2). Both he and D.W. 1 have proved the signatures of the other 10 signatories and their evidence goes to show that all the signatories expressed their opinion and views with regard to the alleged dispute pending before this Tribunal. This representation was received by Shri N. Chakravarty, the Secretary of the Company, on 17th August 1960. His signature has been proved by D.W. 1 the Manager. Shri N. Chakravarty has also signed the written statement of the Company as Secretary of the Company. On behalf of the Union a technical objection was taken that Shri N. Chakravarty signed the written statement for Aeronautical Services Ltd., admittedly a sister concern with Head Office at 31 Chittaranjan Avenue. But it is admitted by both parties that the Director and the Secretary of both the Companies, namely, Aeronautical Services Ltd. and Airways (India) Ltd. are the same. So it is not improbable that through oversight the seal of Aeronautical Services was put at the bottom of the written statement. But it is found from the verification portion of the written statement filed by the present Company before this Tribunal that Shri Narendra Chakravarty (N. Chakravarty) has signed the written statement as Secretary of Messrs. Airways (India) Ltd. In fact, it is found from the notice issued by this Tribunal to the present Company that it was received by Shri N. Chakravarty on 14th January 1960 for and under the seal of Airways (India) Ltd. as its Secretary. Therefore, the technical point raised by the Union regarding the legal capacity of Shri N. Chakravarti to sign the written statement is of no substance.

Be that as it may, from the above evidence it is clear that all the Head Office employees of this Company or all except one signed this representation Ext. A on 17th August 1960 submitted by the Head Office staff to the Directors of the Company stating that they have no grievance regarding the present working hours and that they never authorised the present Union to raise or prosecute any dispute on their behalf regarding the working hours before this Tribunal. As such there is no longer any dispute pending between the Head Office employees and the present Company regarding the working hours existing for the Head Office staff. So no adjudication is called for regarding the working hours as there is no longer any industrial dispute as stated in the order of reference.

But for the sake of completeness I must also discuss point No. 3, namely, the claim of the Union on merits. Admittedly the existing working hours for the Head Office staff are from 9-30 a.m. to 5 p.m. with half-an-hour's break from 1 p.m. to 1-30 p.m. for lunch. The contention and the evidence adduced on behalf of the Company go to show that these working hours are also prevailing in a number of similar concerns and are fair. This was also the view of the Government in its letter, dated 18th February 1959 (annexure B of the written statement of the Company). Furthermore, it is established in this case that the employees concerned do not make any grievance about the existing working hours. Therefore, there is no justification for revision of the working hours by fixing the working hours from 10 a.m. to 5 p.m. with a recess of 45 minutes as claimed by the Union before this Tribunal.

In view of my above findings I hold that both on points of law and on merits the claim of the Union is unjustified and must be rejected as I find that there never was immediately before the present reference, or is at present, any dispute between the management and its employees in the Head Office regarding the existing working hours in the Head Office and that the reference is bad in law. The claim of the Union is accordingly rejected.

This is my award.

Shri HEM RANJAN DEB, Presiding Officer, Second Labour Court.

An industrial dispute between the Cotton Mill Owners of West Bengal and their workmen was referred to the First Industrial Tribunal by the Government of West Bengal by order No. 4100-Dis./D/8L-14/56, dated 12th September 1956. During the pendency of that dispute Shri Srish Chandra Sarker, an employee of Messrs. Oriental Cotton Cultivation and Mills Ltd., filed a complaint under section 33A of the Industrial Disputes Act before that Tribunal. That Tribunal, as authorised by Government notification No. 1916-I.R./IR/3A-1/58, dated 13th May 1958, transferred the case to this Court for disposal on 2nd November 1959.

The case was fixed on 3rd August 1960 for hearing. On that day Shri Srish Chandra Sarkar, the complainant, filed a petition stating that he would not proceed with the case. So I hold that there is no complaint under section 33A of the Industrial Disputes Act.

ANNEXURE

In the matter of an industrial dispute between Messrs. South Calcutta Hotel, 45 Rash Behari Avenue, Calcutta, and their workmen represented by the Hotel Restaurant Karmachari Union, 1/1 Tarak Mitra Lane, Calcutta-26. (Case No. VIII-C-302 of 1959.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

For the Union: Shri Hiralal Roy, Advocate.

By order No. 5192-I.R./IR/11L-64/58, dated Calcutta, the 3rd November 1959, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. South Calcutta Hotel and their workmen represented by the Hotel Restaurant Karmachari Union to the Second Labour Court, for adjudication regarding the issue mentioned in the order of reference.

Issue

Whether the termination of employment of Sarbashri (i) P. C. Misra, (ii) Dilip Bhanja and (iii) Malin Chandra Dey is justified? To what relief, if any, are they entitled?

The case of the Union, briefly stated, is as follows:—

The Proprietor of South Calcutta Hotel did not abide by the provisions of the Shops and Establishments Act as regards working hours, leave, holidays and other matters relating to his employees. He also used to pay poor wages to his employees. So for betterment of their lot the employees became members of Hotel Restaurant karmachari Union. On 16th January 1958 the Union submitted a Charter of demands on behalf of the employees of the Hotel. Sarbashri P. C. Misra, Dilip Bhanja and Malin Chandra Dey who were the spearheads of the agitation for betterment of the lot of the employees, naturally incurred the displeasure of the Proprietor. He asked them to sign on a paper stating that they had no grievances against him. They refused to do so. As a result he dismissed them. He forced them to sign on a piece of paper to the effect that they were resigning their services. So the Union contends that their dismissal is unjustified.

The employer, on the other hand, contends that he did not dismiss the above three workmen in question, nor did he force them to write to the effect that they were resigning their services. He contends that they left their services of their own

accord and received their wages in full and final settlement of their claims. As such there can be no industrial dispute over their voluntary resignation.

So the point for determination is whether Sarbashri P. C. Misra, Dilip Bhanja and Malin Chandra Dey resigned their services or were dismissed by the employer.

DECISION

At the outset the lawyer on behalf of the employer has argued that whereas the name of the hotel is admittedly "South Calcutta Hindu Hotel", in the order of reference the name appears as "South Calcutta Hotel". On this he contends that the order of reference is bad and cannot be entered into. But this is obviously a technical mistake and has not any way misled either of the parties. So I overrule this objection and enter into the merits of the case.

The employer has produced a page of the pay register wherein the three workmen in question have written to the effect that they received their up-to-date wages and were resigning of their own accord. Shri P. C. Misra, the only workman who has deposed before me says that they were forced by threat to write to the above effect. He says that they went to Tollygunge Thana and made a diary there about their being forced to write the above. But that diary or any evidence in support of the existence of such a diary has not been produced before me. He also says that they reported the matter to the Union which wrote a letter to the Proprietor of the hotel; but no copy of such a letter has been produced before me. It appears from his evidence that he is in the habit of working in different hotels and he does not allege that he was dismissed from those hotels. So the contention of the employer that he resigned the service in the hotel in question is probable. The other two workmen in question have not appeared before me. So they have not stated before me the circumstances about the termination of their services. Further, the question arises as to why the Proprietor of the hotel should dismiss them. In the written statement of the Union it has been stated that the Proprietor dismissed them as they were the spearheads of the agitation for the betterment of the conditions of services of the employees. But Shri P. C. Misra in his evidence says that they were dismissed, as they asked for leave. This contradiction between the statement of the Union and the evidence of Shri P. C. Misra makes the contention of the Union unbelievable. So I hold that Sarbashri P. C. Misra, Dilip Bhanja and Malin Chandra Dey resigned their services of their own accord. Hence the question whether the termination of their employment is justified raised in the issue in the order of reference, does not arise.

AWARD

By order No. 4130-I.R./IR/11L-72/59, dated the 25th August 1959, the Government of West Bengal in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Dabur (Dr. S. K. Burman) Private Ltd., 142 Rash Behari Avenue, Calcutta-29, and their workmen represented by Dabur Employees' Union, 292/6 Upper Chitpur Road, Calcutta, regarding the matter specified in the schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Pay for the strike period.

The reference was received by this Tribunal on 29th August 1959. After notices were duly served upon the parties, the Union, namely, Dabur Employees' Union representing the workmen of the Company Messrs. Dabur (Dr. S. K. Burman) Private Ltd. filed its written statement of claim on 7th December 1959. The Company filed its

written statement on 7th March 1960. After some adjournments were taken by the parties for amicable settlement of the dispute, which ultimately failed, reference was taken up for hearing on 21st June 1960. Evidence was gone into on that date as well as on 22nd June 1960. But as the learned lawyer for the Union suddenly fell ill, the further hearing was adjourned to 21st July 1960. Evidence was concluded on that date and arguments of the parties were heard on 22nd July 1960. Award was reserved.

DECISION

The only issue for adjudication under this reference is "Pay for the strike period". It is an admitted fact that the workmen of Messrs. Dabur (Dr. S. K. Burman) Private Ltd. with its workshops at Garia and Ballygunge staged a strike on and from 30th January 1959 and it continued till 15th March 1959 when a settlement was arrived at between the Company and the Union. So, admittedly the period of strike is from 30th January 1959 to 15th March 1959. The present Union representing the workmen of this Company prays before this Tribunal for payment of full wages for the period of strike.

The case of the Union in its written statement is that the strike was legal and justified as well as provoked by the management and that as such the workmen are entitled to full wages for the period of strike, i.e., from 30th January 1959 to 15th March 1959. The Union has stated in its own way the facts which led to the strike. According to the Union the strike was due to the fact that the Company did not agree to consider its charter of demands submitted to the management on 1st December 1958 (Ext. B on admission) and that it dismissed six prominent members of the Union without just and sufficient cause on 5th December 1958 and dismissed them for the second time with effect from 22nd January 1959.

The Company meets the case of the Union with its contentions that the strike of the workmen was improper and unjustified and was not at all provoked by the management but that it was the result of a deliberate plan to coerce the management to accept their unfair demands. The Company further contends that the alleged ground for resorting to the strike on behalf of the workmen was dismissal of six persons mentioned in paragraph 4 of Union's written statement who were guilty of gross misconduct and were properly dismissed after issue of charge-sheets against them and on proper enquiry into the charge-sheets on consideration of explanation submitted by the workmen concerned. So, according to the Company the strike being unjustified and unprovoked the workmen are not entitled to any wages for the strike period.

Before I go into the merits of the case I must consider the legal position regarding the strike. It is one of recognised principles of law that strike is a legal weapon in the hands of the workmen for collective bargaining and for redress of their grievances against the employer. The right to strike is in the nature of a fundamental right of workmen. As it has been very recently observed by the Hon'ble Supreme Court in the case of Swadeshi Industries Ltd. vs. their workmen reported in 1960 L.L.J., Vol. II, page 78 at page 81. collective bargaining for securing improvement on matters like basic pay, dearness allowance, bonus, provident fund, gratuity, leave and holidays is the primary object of a trade union, and when demands like these are put forward and thereafter a strike is resorted to in an attempt to induce the company to agree to the demands or at least to open negotiations, the strike must prima facie be considered justified.

Under the Industrial Disputes Act, 1947, some strikes have been prohibited and those are illegal strikes. Sections 22 to 25 of the said Act refer to such strikes and lock-outs. Unless a strike is prohibited under the provisions of these sections of the Industrial Disputes Act, it must be treated as a legal strike because it is a weapon which can be legally employed by the employees against their employer for redress of grievances by constitutional means. As defined under section 2(q) of the Industrial Disputes Act, 1947, a strike means a cessation of work by a body of persons employed in any industry acting in combination, or concerted refusal, or a refusal under a common understanding, of any number of persons who are or have been so employed to continue to work or to accept employment. So far as the instant case of strike is concerned, it is not disputed that it was a strike within this definition and was not a strike prohibited under sections 22 to 25 of the Industrial Disputes Act. So, the strike which the employees of the present Company resorted to from 30th January 1959 to 15th March 1959 must be considered to have been a legal strike.

It is now well-settled that if a strike is illegal it cannot be justified and the workmen resorting to such a strike are not entitled to any wages for the strike period (vide the case of Rohtas Industries Ltd., reported in F.J.R., Vol. XVI, page 397). The Hon'ble Supreme Court has held in the case of Indian General Navigation and Railway Company Ltd. (1960 L.L.J., Vol. I, page 13) that the law has made a distinction between strike which is legal and which is not and that an illegal strike cannot be justified.

I have already found that the present strike was a legal strike, i.e., recognised under the law. But in order to claim wages for the strike period the Union representing the workmen must prove that the strike was not only legal but was justified. The principle recognised in the decisions of the tribunals is that if a strike is not illegal, and is justified, the workmen resorting to such a strike will be entitled to the wages for the period of strike.

So, in the present case it has got to be seen whether the strike in question was justified.. The justifiability of a strike depends upon proof of several factors, which are among others, (1) conduct of employer and also of the employees which includes provocation on the part of the employer by its high-handed action and unsustainable reasons for the strike on the part of the workmen, (2) the nature of the strike, whether peaceful or violent is also a relevant fact, and (3) whether the strike was resorted to after exhausting all the means of redress allowed under the law.

Now, I shall discuss merits of the case to ascertain whether the strike which was launched

upon by the workmen of the present Company on 30th January 1959 and was continued till 15th March 1959 was justified. As I have already stated the Union's positive case is that the strike was provoked by the management and that it was caused also by the refusal of the management to accede to the demands of the workmen as per charter of demands submitted on 1st December 1958 (Ext. B on admission) coupled with dismissal of six prominent members of the Union by the management on two occasions, namely, on 5th December 1958 and on 22nd January 1959 without just and sufficient reasons.

I shall now examine evidence to see whether this case of the Union finds support from the evidence on record. It is admitted that between the workmen and the Company there was an agreement, dated 17th January 1958 (Ext. A on admission). This agreement purports to have given redress to the workmen on various demands of the workmen, namely, grades and scales of pay, dearness allowance, bonus, quarters, annual leave with wages and holidays. Under clause 11 of that agreement it was agreed that the Union could not have any pecuniary demand for the employees till the end of 1960 and under clause 12 it was agreed that the provisions of this agreement could be reviewed at the end of the second year, i.e., in December 1959 if there would be any substantial change in the economic situation in the country. In spite of these two clauses of the agreement Ext. A the union raised six demands in its charter of demands, dated 1st December 1958 (Ext. B on admission), in which demands Nos. 3, 5, 6 and 9 were pecuniary demands which the Union was not competent to raise at least before the end of 1959, if not after the expiry of 1960, in view of clauses 11 and 12 of the agreement Ext. A. So, these economic demands cannot be treated as lawful demands raised by the workmen for immediate redress. The Company's reply to the charter of demands, dated 5th December 1958 (Ext. B/1) clearly points out this fact. But in the evidence adduced on behalf of the Union the receipt of this letter is denied. It is found from Ext. B/1 that a copy of this letter was given to the Labour Commissioner, Government of West Bengal, but it does not appear that a copy was given to the Union. Be that as it may, the financial demands mentioned above could not be legitimately raised on 1st December 1958 by the Union in view of clauses 11 and 12 of the agreement Ext. A. The Company would have been justified in refusing these demands outright. But the letter Ext. B/1 shows the demands were brought to the attention of the Board of Directors for consideration. Whatever might be the fate of the consideration of the demands it can safely and rightly be said that the four economic demands out of 8 in Ext. B, were not reasonable demands justified to be raised in view of the agreement Ext. A and the refusal of the Company to meet these demands then and there could not be a sustainable reason for resorting to strike on and from 30th January 1959. With regard to demand No. 3 in Ext. B, P.W. 1, Hriday Narayan Singh, Joint Secretary of Dabur Employees' Union, admitted that the Company agreed to the said demand for the recreation club room. The evidence has not substantiated the genuineness of demand No. 2, namely, unlawful working method at Kushumkanan. The demand No. 8 was postponed on the protest made by the workmen as is admitted by P.W. 1. Regarding item No. 4 evidence as to genuineness of this grievance is not at all convincing. So only demand which could reasonably be raised by the workmen on 1st December 1958 was demand No. 1, namely, withdrawal of the charge-sheets which were issued to the six workers. It is an admitted fact that before the submission of the charter of demands Ext. B on admission on 1st December 1958 six employees of the Company, namely, (1) Shri Alok Shaw, (2) Rammoni Pandey, (3) Laksman Munia, (4) Hari Nandan Singh (P.W. 2), (5) Jagdish Jha and (6) Shri Kanduri Shaw who are alleged by the Union to have been prominent and active members of the Union, had been charge-sheeted for misconduct in October 1958 and that they were actually dismissed on 5th December 1958. So demand No. 1 in Ext. B could be a reasonable demand on the part of the workmen on 1st December 1958 for withdrawal of the charge-sheet against the above six workmen.

According to the Company the only reason for the strike by the workmen on and from 30th January 1959 was the dismissal of the aforesaid six workmen. This is, in fact, admitted by P.W. 2 Shri Hari Nandan Singh, one of the charge-sheeted workmen. He categorically says in his evidence "We resorted to strike on account of these dismissals," although P.W. 1 Shri Hriday Narayan Singh has vaguely said in his evidence "We resorted to strike for redress of above grievances." It is admitted that the Union served a notice of strike upon the Company after submission of the charter of demands but it was withdrawn by 16th December 1958 as per letter of the President of the Union Shri Nepal Chandra Roy, dated 16th December 1958, to the Works Manager of Messrs. Dabur (Dr. S. K. Burman) Private Ltd. (Ext. E on admission). Another notice of strike was served upon the Company by the Union on 29th January 1959, i.e., just on the eve of commencement of the strike. This notice is Ext. D on admission. In that notice it is stated that as the management had refused to agree with the charter of demands and as the management had discharged six loyal and innocent employees at their sweet will without prior notice, the Union would be on a peaceful strike in support of their previous demands with effect from 30th January 1959. But I have already pointed out that all the four economic demands in Ext. B could not reasonably and legitimately be raised by the Union on 1st December 1958 in view of clauses 11 and 12 of the agreement Ext. A. The genuineness of the demands Nos. 2 and 4 cannot be supported by evidence. The demand No. 3 was immaterial as that demand had already been met as admitted by P.W. 1. So, the only demand, namely, demand No. 1 withdrawal of the charge sheet—issued to the six workmen named above, was the only relevant and reasonable demand which the Union could legitimately raise on 1st December 1958. So, the contention of the Company is supported by evidence, namely, that the dismissal of the six workmen was the only direct cause for the strike staged by the workmen of the Company from 30th January 1959 to 15th March 1959.

It is now for me to consider whether the demand No. 1 was at all a sustainable reason for resorting to the strike. Admittedly the six workmen Sarbashri Alok Shaw, Rammuni Pandey, Laksman Munia, Hari Narayan Singh, Jagdish Jha and Kanduri Saha had been charge-sheeted in October 1958, i.e., before submission of the charter of demands Ext. B on 1st December 1958. The charge-sheets against Shri Alok Shaw and Shri Rammuni Pandey (Exts. G and G/12) were issued on 21st December 1958. The charge-sheets against them were for assault upon fellow chain-mates and that was a misconduct within the clause 19 of the standing orders. Charge-sheet against Jagdish Jha (Ext. G/3) is dated 30th October 1958, the charge-sheets against Lakshman Munia and Hari Nandan Singh (P.W. 2) are Exts. G/6 and G/9, respectively, dated 31st October 1958 and the charge-sheet against Kanduri Saha (Ext. G/15) is dated 2nd December 1958. The facts stated in the charge-sheet of the above six workmen prima facie disclose a gross misconduct on the part of each of these workmen within clause 19 of the standing orders. P.W. 2 Shri Hari Nandan Singh admits that he received his charge-sheet in October 1958. It is admitted that upon enquiry into the charge-sheets these six workmen were dismissed by the Company on 5th December 1958. The grievance of the Union is that this is a direct attack by the Company upon the Union to stifle the charter of demands submitted on 1st December 1958. But it is admitted that these persons had been charge-sheeted for the first time prior to the submission of the charter of demands on 1st December 1958. So, it cannot be said that the submission of the charter of demands was the proximate cause for taking action against the six workmen by the Company. But it is true that these six workmen were dismissed by the Company within 4 days after submission of the charter of demands. Whether these dismissals were justified or not is not a question to be investigated by this Tribunal. There were joint conferences between the management and the Union over the dismissal of these workmen and the matter was amicably settled when Shri Nepal Roy, the President of the Union, wrote the letter Ext. E to the Works Manager of the Company on 16th December 1958 requesting the Company to keep the dismissal orders in abeyance for a period of one month with effect from 16th December 1958, on the express condition that if these workmen would indulge in any misconduct within this period, the said dismissal orders would be given effect to without drawing any further proceedings against them. The Company was further requested to allow those six workmen to resume their duties with effect from 17th December 1958 and the Union withdrew its first strike notice. It is also admitted that after this letter the Company reinstated these six workmen with effect from 17th December 1958. After these negotiations and this letter Ext. E from the President of the Union, the question of propriety or otherwise of the dismissal of these workmen could not arise, more so, after those workmen were taken back. So, the first order of dismissal against these six workmen on 5th December 1958 could not be reasonably questioned by the Union and could not reasonably be employed by the Union as the legitimate ground for launching upon the strike on 30th January 1959. The propriety of dismissal of these six workmen on 5th December 1958 for misconduct appears to have been accepted by the Union for all intents and purposes and with the reinstatement of these workmen on 17th December 1958 as per request of the President of the Union contained in Ext. E, dated 16th December 1958, the chapter of dispute as to first dismissal of these workmen was closed and could not be reopened except in terms of Ext. E.

Next I come to the dismissal of the aforesaid six workmen over again on 21st January 1959 with effect from 22nd January 1959. Ext. G/1, dated 14th January 1959, Ext. G/4, dated 9th January 1959, Ext. G/7, dated 13th January 1959, Ext. G/10, dated 13th January 1959, Ext. G/13, dated 16th January 1959, and Ext. G/16, dated 13th January 1959 are the second charge-sheets against the aforesaid six workmen, namely, Sarbashri Alok Shaw, Jagdish Jha, Laksman Munia, Hari Nandan Singh, Rammuni Pandey and Kanduri Saha respectively and the respective orders of dismissal of these workmen with effect from 22nd January 1959 are contained in the letters of dismissal Exts. G/2, G/5, G/8, G/11, G/14, and G/17—all of 20th January 1959. All these six employees were charge-sheeted on this occasion for misconduct as they refused to punch the cards in connection with going out and coming in from the working shed or place of work during duty hours and this conduct on the part of the workmen according to the Company amounted to gross misconduct and offence as per clause 19 of the certified standing orders. It is admitted that the system of punching of cards by the workmen was introduced as per clause 7 of the tripartite agreement, dated 17th January 1958 (Ext. A). In their replies to these charge-sheets the three of the workmen, namely, Jagdish Jha, Rammuni Pandey and Alok Shaw (Exts. 1 to 1/2) admitted that they violated the order regarding punching of cards as they had been instructed by the President of their Union not to comply with that order. Therefore, it is prima facie proved that all these workmen intentionally violated the order regarding punching of cards and as such it was a misconduct within the meaning of the standing orders. For this misconduct these workmen were dismissed by the Company without any further enquiry as per negotiations between the Company and the Union as contained in the request letter, dated 16th December 1958 (Ext. E on admission). In this letter the Company was definitely given to understand that the dismissal orders passed against the workmen on 5th December 1958 should be kept in abeyance for one month with effect from 17th December 1958 and that the said orders should be given effect to without drawing any further proceedings against the workmen if they would indulge in any misconduct within this period. From the second charge-sheets it appeared that during the period of one month while the dismissal orders of 5th December 1958 were in abeyance these six employees refused to punch cards intentionally and that amounted to a misconduct under the standing orders. Therefore, the Company was justified in giving effect to the dismissal orders of 5th December 1958 without any further enquiry and the Union had no reasonable or legitimate grievance to make about that. The second order of dismissal took effect from 22nd

January 1959 and the strike was launched upon on 30th January 1959.

In view of the above facts and circumstances disclosed in evidence I come to find that the second order of dismissal could not be a reasonable and sustainable ground for the workmen to go on strike. The conduct on the part of the employer before the strike cannot be looked upon as having given provocation for the strike. There was no motive for victimisation or any unfair labour practice on the part of the employer to give effect to the order of dismissal dated 5th December 1958 from 22nd January 1959 in the circumstances of the case. So, the dismissal of these six workmen on 5th December 1958 or on 22nd January 1959 cannot be looked upon as a legitimate and reasonable ground for the workmen to go on strike from 30th January 1959 to 15th March 1959. I, therefore, find that the reason for the present strike was unreasonable and unsustainable. The employer's conduct cannot be looked upon as giving provocation for the strike. The Union's allegation that Company provoked the strike has not been substantiated. Furthermore, it transpires from the evidence that the strike was not wholly peaceful. There were occasional outbursts of violence resulting in assault on an officer of the Company and criminal cases against some of the strikers which were ultimately withdrawn or not proceeded with as a result of the agreement Ext. A/1 which brought the strike to a close. I, therefore, hold that the strike resorted to by the workmen of the Company from 30th January 1959 to 15th March 1959 though not illegal was not all justified and as such the workmen concerned are not entitled to any wages for the period of the strike. Thus I answer this issue against the workmen.

Before I leave, I must add that the Company had advanced a sum of Rs. 20 to each of the strikers as an ex-gratia payment as per clause 5 of the agreement, dated 15th March 1959 (Ext. A/1 on admission) which ended the strike and on the basis of which the workmen returned to their work. No further relief is admissible to the workmen by way of wages for the strike period. It is also admitted that out of the six dismissed workmen the Company took back Alok Shaw, Harinandan Singh (P.W. 2) and Jagdish Jha (vide Exts. H to H/2) and the other 3, namely, Rammuni, Laksman Munia and Kanduri resigned their job (vide P.W. 1 Hriday Narayan Singh). By the agreement Ext. A/1, dated 15th March 1959, peace and industrial harmony have been restored between the Company and the workmen after termination of the strike and it is hoped that both sides should respect the agreement and act well their parts. Under the said agreement only the pay for the strike period was referred to this Tribunal for adjudication and on evidence on record I am unable to give any relief to the workmen on this count, though I feel that non-payment of wages for the strike period would mean a lot of hardship to the workmen. The strike being not justified in the circumstances disclosed in evidence, the workmen are not entitled to any wages for the strike period as claimed by the Union representing the workmen.

This is my award.

For the Union: Shri Anadi Das, President of the Union.

For the Company: Shri S. K. Bhanja Chowdhury, Labour Advisor, and Shri N. K. Das, Assistant Labour Adviser of Howrah Manufacturers' Association.

AWARD

By order No. 1100I.R./IR/11L-336/59, dated the 14th March 1960, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Nandy & Co., 125 Belilious Road, Howrah, and their workmen represented by the Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constitued under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

(1) Wages and dearness allowance.

(2) Is the periodical lay off of the workmen without benefit justified? What relief, if any, are they entitled to?

The present reference relates to a dispute between Messrs. Nandy & Co. (hereinafter to be described as the Company) and their workmen represented by the Howrah Small Factories Workers' Union (hereinafter to be described as the Union) over the two issues mentioned above. The reference was received by this Tribunal for adjudication on 16th March 1960. Due notices were served upon the parties. The Union did not file any written statement. On 21st April 1960 Shri N. K. Das, appearing for the Company, stated that the matters in dispute referred to this Tribunal under the aforesaid reference had been amicably settled between the parties outside the Tribunal and that a joint petition would be filed before this Tribunal in due course. Several dates were fixed for filing the joint petition embodying the terms of the alleged settlement and for necessary orders as the parties did not take any steps. Thereafter, the reference was put up on 22nd August 1960 for hearing in case the joint petition for compromise was not filed or no steps were taken by the parties on that date. On 22nd August 1960 Shri N. K. Das, Assistant Labour Adviser of the Company and Shri Anadi Das, President of the Union, appeared and intimated the Tribunal that the compromise petition had been signed by them and that the same would be filed before this Tribunal by 31st August 1960.

On 31st August 1960 Shri S. K. Bhanja Chowdhury, the Labour Adviser for Howrah Manufacturers' Association, appeared and filed the petition of compromise along with the copy of the terms of the settlement arrived at and signed between the parties on 7th April 1960. The petition of compromise and the terms of settle- should have been filed much earlier before this Tribunal and the parties should not have kept the Tribunal waiting for so many months. However, when the matters in dispute have been amicably settled between the parties and peace and harmony have been restored between them by virtue of this amicable settlement, I do not feel it proper to decline to accept the terms of the settlement which appear to me to be fair and reasonable.

I have carefully gone through the terms of the settlement. Clause 4 of the settlement read with the list of increment of wages of workmen mentioned in page 3 of the terms of the settlement covers issue No. 1 (wages and dearness allowance) of the present reference. Issue No. 2, namely, periodical lay off of workmen without benefits appears to be covered by clause 3 of the terms of settlement. In the joint petition filed on behalf of the parties it is clearly stated that the disputes under the present reference have been amicably settled between the parties, that the parties have already taken steps and have gone ahead towards implementation of the said settlement and that, in the circumstances, there is no dispute whatsoever at present between the parties. The parties, therefore, pray that an award may be passed in terms of that settlement.

As I have already stated the terms of settlement appear to me to be fair and reasonable and have amicably ended the dispute between the parties. So, I give effect to the terms of settlement and pass this award in terms of the joint petition of compromise and the terms of settlement filed by the parties which do form parts of this award as Annexures "A" and "B" respectively.

This is my award.

AWARD

DECISIONS

Issue No. 1

6. The Mazdoor Union, in its written statement, states as follows: The workmen had to raise the minimum wages by awards of tribunals to Rs. 58 and thereafter to Rs. 65 in the Award of the Fifth Industrial Tribunal, published in the "Calcutta Gazette" on 26th September 1957, which was the immediate cause of the sufferings of the five important leaders of the Union involved in the present case. The unity of the workmen under the leadership of Bengal Chemical Mazdoor Union was a source of hope and inspiration and the five persons named in the issue of the order of reference were important personalities of the said Union, which was disliked by the Company for their bona fide trade union activities. They are named below:—

(1) Shri Satya Ranjan Sen, at Manicktola office, Secretary of the Union.

(2) Shri Binoy Kumar Ghosh and

(3) Shri Bai Bhal, both at Panihati factory and Assistant Secretaries of the Union.

(4) Shri Digendra Kumar Bhattacharyya,

(5) Shri Saroj Ranjan Biswas, both at Manicktola Factory and members of the Executive Committee of the Union.

The Company was looking for a chance to discredit and dismiss and victimise the aforesaid five important leaders of the Union on some plea or other, and in their frustration after the defeat in the Hon'ble Supreme Court of India in the application for stay of the award of the Fifth Industrial Tribunal, published in the "Calcutta Gazette", dated 26th September 1957, and after the Union's Special Leave petition before the Hon'ble Supreme Court of India against the said award was allowed inspite of the Company's serious opposition, they became furious and in a high-handed and perfunctory manner decided to dismiss the five Union leaders named above. Paragraph (7) of the written statement of the Union states a series of events chronologically as mentioned below:

13th August 1956: A dispute over the claim of increased dearness allowance on the basis of an earlier agreement was referred to the Second Industrial Tribunal and thereafter transferred to the Fifth Industrial Tribunal.

26th August 1957: The learned Tribunal gave his award increasing the dearness allowance by Rs. 7 less Rs. 2 given earlier as interim relief.

26th September 1957: The said award was published in the "Calcutta Gazette".

25th October 1957: The said award came into operation and was enforceable under the provisions of the Industrial Disputes Act, 1947.

4th/5th November 1957: The increased wage should have been paid along with the periodical wages paid, but the Company failed to do so to the great resentment of the workers.

13th November 1957: The Union wrote to the Company for implementation of the award enquirying about the probable date of implementation.

19th November 1957: The second periodical payment was made after the award became enforceable, but the Company did not implement the award, nor gave any date when they intended to implement the award.

20th November 1957: The aggrieved and frustrated workmen staged a spontaneous strike against the non-implementation of the award and waited on a deputation before the Hon'ble Labour Minister, West Bengal.

27th November 1957: The Union wrote a letter to the Chairman of the Board of Directors of the Company requesting for immediate implementation of the award. Copy of the same is Annexure "A" to the Union's written statement.

3rd December 1957: The Manager of the Company in a letter vaguely stated that the award could not be implemented, as they intended to move the higher Court.

3rd December 1957: The Union replied to the same expressing its great dissatisfaction. Copy of the same is Annexure "B" to the Union's written statement.

4th/5th December 1957: Third periodical payment was made without implementation and without any step being taken to stay the award, legally binding upon the Company.

10th December 1957: The Union again wrote to the Managing Director, requesting implementation of the award, and stated therein all about the Assistant Labour Commissioner's advice, copy of which is marked Annexure "C" to the written statement, but the Managing Director took a rough attitude on that day when the Union's representatives met him and the leaders were threatened with consequences.

11th December 1957: The workers spontaneously stopped work and continued the same till the next day, claiming implementation of the award in a peaceful and disciplined manner.

12th December 1957: Shri Hemanta Kumar Basu, M.L.A., President of the Union, met the Manager of the Company with Shri Satya Ranjan Sen and other leaders of the Union and ultimately the Union leaders succeeded in persuading the striking workmen to resume their duties at about 12 noon of the same date.

12th December 1957: At about 3 p.m. the Company came to an agreement at the intervention of the Conciliation Officer, and the Company agreed to implement the award, which was being so long delayed. Copy of the said agreement is marked "Annexure D". The Company never made any grievance against any particular worker or leader of the Union, nor ever indicated any sign of proceeding against any individual worker or any leader of the Union.

18th December 1957: The Company filed a Special Leave petition for appeal to the Hon'ble Supreme Court of India with a prayer for an interim stay of the award.

23rd December 1957: Special Leave to Appeal, as well as interim stay was allowed in terms of the prayer of the Company by the Hon'ble Supreme Court of India.

7th January 1958: The said interim stay of the award was vacated and an order was made by the Hon'ble Supreme Court of India to continue payment for six months in terms of the award.

17th January 1958: The five leaders of the Union involved in this case were charge-sheeted over the alleged incidents on 20th November 1957 and 11th/12th December 1957. Specimen copy of the charge-sheet appears as Annexure "E" to the Union's written statement.

18th January 1958: The five workmen replied to the said charge-sheet, denying the allegations. Specimen copy of the said explanation is marked Annexure "F" to the Union's written statement.

3rd February 1958: The Union's Special Leave petition for appeal against the award of Shri G. Palit, Judge, Fifth Industrial Tribunal, was allowed by the Hon'ble Supreme Court of India inspite of the Company's opposition.

8th February 1958: The Company in a spirit of vindictiveness invited the said five workmen to appear before an enquiry board. This was during the period of absence of Shri S. P. Sen, Manager of the Company, who was then in Geneva in an I.L.O. Conference.

13th February 1958: The workmen requested the management to postpone the enquiry till the Manager's return, and claimed that he should be either on the board of enquiry or should be examined as a witness.

13th February 1958: The Company gave a reply refusing to accommodate any of the suggestions.

14th February 1958: The enquiry was held in a perfunctory manner with some preconceived notion to find the workmen guilty and by adopting procedure which compelled the workmen to lose all faith in the enquiry proceedings and to withdraw therefrom.

28th February 1958: The Company decided to dismiss the said five workmen and to stop all agitations against dismissal of the five workmen, declared lock-out at Manicktala in the night of 28th February 1958.

1st March 1958: The Company effected the aforesaid dismissal by notices hung on the notice board at Manicktala and Panihati. Specimen copy of the order of dismissal appears as Annexure "I" to the Union's written statement.

13th May 1958: The West Bengal Government was pleased to appoint this Tribunal to adjudicate the case of five dismissed workmen.

7. The Union further states that the Company took a highly provocative attitude, defied the neutral advice of the Labour Directorate and compelled the workmen to stop work on 20th November 1957 and 11th December 1957 and 12th December 1957, to vindicate their legal and legitimate rights enforced under an award and the strikes were spontaneous under grave provocation.

8. Charges against the workmen were belated, false and were inspired by the motive of victimisation of the workers in question. At any event, the charges were not established by any evidence whatsoever and the decision based on them was void. The enquirying officer did not consider any extenuating circumstances and it was not considered that the five workmen had clean and meritorious service for long periods. The additional charge against Shri Satya Ranjan Sen, Shri Saroj Ranjan Biswas and Shri Digendra Kumar Bhattacharyya over the alleged incident of 28th February 1958, was never brought against them, nor was there any scope of defence, nor could the same be the subject-matter of the charge in justification of dismissal, and the same has been added to the letter of dismissal only to create a bias against the said leaders of the Union.

9. On the aforesaid facts, the Tribunal may be pleased to hold that the dismissal of all the five workmen was unjustified, mala fide and an instance of victimisation and unfair labour practice, and grant them relief of reinstatement with back wages, including bonus, for the period of forced unemployment.

10. The Company, in its written statement, states as follows: By an award of 1951, as modified in the judgment of the Hon'ble Labour Appellate Tribunal, wages of the employees had been standardised. Thereafter, by an agreement, dated 15th September 1954, the Company introduced incremental pay scales and other amenities to the employees. The Fifth Industrial Tribunal under an order of reference, dated 9th April 1957, made an award by which the dearness allowance was increased. In the said award, there was an apparent clerical mistake, for which an application was made under rule 20 of the Bengal Industrial Disputes Rules, for correction of the clerical mistake and the Union on receipt of the same objected to the proposed correction and addressed a letter to the Company regarding the same. Thereafter, the Tribunal corrected the clerical mistake. A copy of the order of correction, dated 29th November 1957, was received by the Company on 3rd December 1957, and published in the "Calcutta Gazette" on 19th December 1957.

11. The five persons concerned in the dispute were guilty of misconducts, for which the Management was justified in dismissing them. The fact of correction was known to the Union and inspite of the same, the Union leaders, particularly the five persons concerned in this reference, were making various agitations, creating gross indiscipline and spreading hatred amongst the employees against the management, for implementation of the award as published in the "Calcutta Gazette" on 26th September 1957, which could not be implemented, inasmuch as, there had been a correction reducing the dearness allowance by Rs. 2 for the category of employees drawing basic salary above Rs. 50 per month, and also that the Company being aggrieved against the direction of the award, intended to move the higher court. The Company clearly stated that the Union should wait so far as the implementation of the award was concerned till 26th December 1957, pending receipt of the stay order from the higher court, viz., the Supreme Court. It is false to allege that the Company took any action against these five persons concerned for the order, dated 7th January 1958, of the Hon'ble Supreme Court in connection with the stay application. On the other hand, the Company agreed to continue to pay advance as per agreement, dated 12th December 1957, before the Labour Commissioner on the suggestion of the Hon'ble Judges of the Supreme Court. It is denied that the Company became furious at the result of the Supreme Court and decided to dismiss the said workmen.

12. The award, dated 26th September 1957, was incapable of implementation on 25th October 1957 for the reason of apparent mistake therein as stated above. The Union's statement in respect of the incident, dated 20th November 1957, is absolutely false. On 10th December 1957 the Union representatives did not meet the Managing Director at all, and there was no occasion for him to threaten the leaders as falsely alleged. As regards the incident, dated 11th December 1957 and 12th December 1957, being the stay-in-strike and other subversive acts, the same were not spontaneous, as alleged, but they were calculated, premeditated and were done at the incitement and instance of these five persons under reference. The agreement, dated 12th December 1957, was made on the basis of the Company's letter, dated 12th December 1957, a copy whereof is marked Annexure "A" to the Company's written statement. The said agreement was made in order to end the dead-lock created by the subversive activities of the employees at the instance and instigation of these five persons under reference.

13. There was no victimisation or violation of natural justice in dismissing the five persons concerned. There was no provocation, as alleged. On the other hand, these five persons concerned committed gross misconduct and were prime movers for the commission of misconducts by the workmen on 20th November 1957, as well as on 11th December 1957 and 12th December 1957, by way of instigation, incitement and coercion of the workers. Three workers of Manicktala out of the five under reference and also some other workmen were also responsible and prime movers for commission of gross misconduct on 28th February 1958, necessitating declaration of lock-out at Manicktala with effect from 1st March 1958.

14. On 19th November 1957 in the evening after the close of the factory at Manicktala, a gate meeting was organised at the instance of three employees under reference of Manicktala establishment, and fiery lectures were delivered by them for staging a strike on 20th November 1957, and to lead a procession to wait on the Hon'ble Labour Minister. Similarly, a gate meeting was organised at Panihati by the two persons under reference of Panihati factory for the aforesaid purpose. Accordingly, at the incitement and instigation of these five persons under reference, an illegal and unjustified strike was staged both at Manicktala and Panihati and a combined procession of the employees under these five persons

under reference, who were the prime mover for such illegal and unjustified strike, went to the Hon'ble Labour Minister, West Bengal. An industrial dispute was pending in respect of an other reference at that time. The strike by the workers in general on 20th November 1957 was not spontaneous for any reason of non-implementation, as alleged.

15. After the illegal and unjustified strike on 20th November 1957, these persons under reference being aware of the fact of correction as indicated by the Union's letter, dated 22nd November 1957, in reply to the Company's notice in connection with the illegal and unjustified strike on 20th November 1957, were making various allegations and also holding meeting inciting the employees for doing various acts subversive of discipline in order to coerce the management to implement the award as published in the "Calcutta Gazette" on 26th September 1957, i.e., without the correction.

16. After receipt of the corrigendum, the Company wrote a letter to the Union on 4th December 1957, explaining the position arising out of the correction of the award as made. The Company also informed the Union by a letter, dated 7th December 1957, of the Company's intention of moving the higher Court against the direction of the award. The Company also informed the Union and its leaders about the threats and inflamatory statements made by these leaders and also informing them that if the leaders indulged in those activities, they would do so at their own risk and responsibility. In a joint conference held on 10th December 1957, the Company's representative requested for at least two weeks' time, i.e., up to 26th December 1957, so that the Company in the meantime might move the Hon'ble Supreme Court and obtain a Stay Order from the said Court. The said discussion was confirmed by letter, dated 10th December 1957, to the Assistant Labour Commissioner, copies of which are marked as Annexure "B" series to the Company's written statement. In spite of the management's request to the Union leaders for allowing them time up to 26th December 1957, as stated above, these five persons under reference held meetings in front of the gates of the respective establishments after the closing hours delivering provocative speeches against the Company enjoining the employees to do various acts of indiscipline and subversive acts. The Company also wrote a letter to the Secretary of the Union on 11th December 1957, as regards the stay-in-strike and other subversive activities on 11th December 1957 by letters of the same date and also informed the Union that the management viewed with grave concern the above subversive activities and reserved the right to take action according to law. The five persons under reference continued to commit the misconducts as stated in items 3 to 5 of the charge-sheet, and they were the prime-movers of the strikes and other subversive activities on the dates in question.

17. At the incitement and instigation of these five persons under reference, the workers at Manicktala and Panihati factories took over the possession of the respective factories, dispossessing the authority of the management, keeping the personnel of the management under their control and subjugation. This state of affairs continued throughout the working hours on 11th December 1957 and thereafter after the closing hours throughout the night and also continued in like manner on 12th December 1957. In view of the above situation, the Company wrote a letter to the Labour Commissioner, apprising him of the various supersive activities and other matters and also stated that in order to end the deadlock created by way of subversive activities, the Company was agreeable to make an advance to be adjusted on the result of the application to the Hon'ble Supreme Court. On the basis of the above letter, in the afternoon of 12th December 1957, an agreement was made to advance the amount under award as corrected by corrigendum.

18. The management considered that for maintaining discipline in the Company and for the interest of the industry, it was essential that disciplinary action should be taken against the persons under reference for the commission of misconducts explained of.

19. Even after the settlement, dated 12th December 1957, anti-management attitude and disorderly feelings among the workers at the instance and instigation of these five persons under reference and others continued unabated. Workers had no regard for discipline, and besides the unruly atmosphere created by the above five persons under reference, as well as others, remained very tense. It was considered desirable to take disciplinary action and to issue charge-sheets against the five persons under reference after some time when the unruly atmosphere would subside and the situation at least tended to become normal to some extent, so that there might be least disturbance and the work of the industry might be carried on smoothly as far as possible. In these circumstances, the Company gave a notice on 3rd January 1958 for not paying the wages to the workers for the 11th and 12th December 1957. The persons under reference were charge-sheeted on 17th January 1958. All the persons under reference submitted their explanation in the same manner. Thereafter, a notice, dated 8th February 1958, was issued on the persons under reference informing that an enquiry would be held in respect of the charges by an enquiry committee on 14th February 1958 at the Company's City Office. The enquiry committee consisting of four responsible officers of the Company was constituted by the Managing Director on 8th February 1958 in the usual manner. Shri Satya Sen, as representative of the persons under reference, and as Union Secretary, raised various pleas to frustrate the holding of the enquiry stated above. The said enquiry committee held its sitting on 14th February 1958 as notified and the persons under reference attended the said enquiry. They also took part on that date. The five charge-sheeted persons were examined and their statements were duly recorded, but they refused to sign. Witnesses as to the charges complained of were examined and they were cross-examined by some of the persons under reference. At he request of

Shri Satya Sen for and on behalf of the five persons under reference, the next date of enquiry was fixed on 18th February 1958. On 18th February 1958 Shri Benoy Ghosh and Shri Baibhal of Panihati factory attended the enquiry. The others did not attend. Shri Benoy Ghosh and Shri Baibhal left the enquiry after some time, stating that as instructions had just then been received, they would not take any further part in the enquiry. The enquiry was conducted in a fair and impartial manner and any allegation in this respect to the contrary is absolutely baseless and is denied.

20. On 27th February 1958 the enquiry committee, after thorough enquiry and investigation into the charges, submitted its report in respect of the charges complained of to the Managing Director. On 28th February 1958 at about 10-30 a.m. Shri Satya Ranjan Sen, Shri Saroj Kumar Biswas and Shri Digendra Kumar Bhattacharjee along with some others taking leading part and forming an unlawful assembly with a large number of workers, after leaving their respective places of work and under the leadership of the above three persons under reference of Maniktala establishment, as well as others stated above, forcibly entered with a large number of workers in the office room of Shri N. N. Chatterjee, one of the members of the enquiry committee, and did various subversive acts. The three persons of the Maniktala establishment with others, assaulted him and gave blows on different parts of his body. He was kept confined by these three persons of Maniktala establishment under reference along with others. Shri Satya Sen ordered and coerced Shri N. N. Chatterjee to write, under threats of killing him, a memo. addressing the Manager to withdraw the charge-sheet against five persons under reference and also asking the Manager to pay wages for 11th and 12th December, which was not paid by order of the management, dated 3rd January 1958. A similar memo. had to be written addressing the Union Secretary under similar tactics of subversive activities as stated above. Shri Chatterjee had been compelled to write the same as dictated by Shri Satya Sen only to save his life. Shri S. K. Chakraborty, another member of the enquiry committee, was forcibly dragged inside the room and he was also threatened and coerced to put his signature on the said memo. under threats of violence. The Company's Labour Officer was also dragged in the said room and severely assaulted by kicks and blows and his clothes were torn into pieces and his spectacles were broken. Shri N. B. Adhikari, who was the Chairman of the enquiry committee, for fear of being assaulted by the mob under the leadership of the three persons of the Maniktola establishment under reference and some others, took shelter in a room and bolted the door. These three persons of the Maniktala establishment under reference along with some others with a large number of workers, started pushing the door with blows to forcibly enter the same, whereupon Shri Adhikari was compelled to open the door and he was also forced to countersign the said memo. under threats of violence.

21. Immediately after the incident of 28th February 1958, the victims of the subversive activities of the three persons under reference of Maniktala establishment and others made statements, both written and verbal, to the Managing Director, who on enquiry and investigation into the same, found and was satisfied that these three persons of Maniktala establishment under reference and some others were the prime movers of the aforesaid subversive activities.

22. The management duly considered the report of the enquiry committee in respect of the charges under charge-sheets, dated 17th January 1958 and was satisfied that the persons under reference were guilty of gross misconducts under clause 10(B), class of offences of sub-clauses (a), (f), (i) and (l) under the Company's Standing Orders, for which they should be dismissed. The management immediately on being satisfied as to the commission of misconduct by these three persons of Maniktala establishment, informed the same to the Labour Commissioner by letter, dated 28th February 1958, and also had to declare lock-out in Maniktala establishment with effect from 1st March 1958, by notice, Annexure "I" to the Company's written statement. Accordingly, these persons under reference were dismissed by letter, dated 1st March 1958, enclosing the relevant portion of the enquiry report, viz., paragraph 5—report of the Enquiry Committee in respect of the charges.

23. In the above circumstances, the management states that all the said persons were charged with serious acts of gross misconduct and were guilty of each of the said acts of misconduct and the punishment in the circumstances can only be dismissal. The Company was fully justified in dismissing all the said five persons under reference for commission of misconducts stated above, and they are not entitled to any relief at all.

24. From what has been stated above, it will appear that following an award made by the Fifth Industrial Tribunal increasing the dearness allowance of the workmen of the Company, the Company applied for correction of a clerical mistake in the award, upon which the dearness allowance was reduced by Rs. 2 for the category of employees drawing basic salary over Rs. 50 per month. The Company also considered themselves aggrieved against the direction of the award and intended to move the higher Court and informed the Union to wait for implementation till the end of December 1957. The Union, however, pressed for immediate implementation of the awarded dearness allowance on the first day of payment after the award came into operation. On 20th November 1957, there was a strike at both the places. The Union's case is that the strike was a spontaneous one by the workmen on account of non-implementation of the original award. The Union insisted on implementation of the award, and the Company wanted some time to move higher Courts against the award on dearness allowance. On 11th December 1957 and 12th December 1957, there

was a stay-in-strike of the workers in both the establishments at Maniktala and Panihati. The Union's case is that was a spontaneous stay-in-strike by the workers and the five charge-sheeted workmen had no responsibility in the matter. The Company's case is that these five persons incited the workmen to stage a stay-in-strike commencing from the morning of 11th December 1957 till the afternoon of 12th December 1957. The Company's case is that at the incitement and instigation of the five persons under reference, the workers at the Maniktala and Panihati factories took over the possession of the respective factories, dispossessing the authority of the management and keeping the personnel of the management under their control and subjugation. The Company took disciplinary action against these five persons under reference and issued charge-sheets on 17th January 1958. The enquiry was held on 14th February 1958 and 18th February 1958. On 14th February 1958 all the five persons under reference appeared and on 18th February 1958, only two out of five persons appeared and thereafter they retired from the enquiry proceedings. The enquiry committee, after thorough enquiry and investigation into the charges, submitted report on 27th February 1958. On 28th February 1958, it is alleged, that Shri Satya Ranjan Sen, Shri Saroj Ranjan Biswas and Shri Digendra Kumar Bhattacharjee, along with some other workmen, forcibly entered with a large number of workers in the office room of Shri N. N. Chatterjee, one of the members of the enquiry committee, and forced him to write two memos at their dictation. The Union's case is that the charge-sheets were issued against the workmen in question after their failure in the Hon'ble Supreme Court to secure interim stay of the award on 7th January 1958, and the enquiry was held in a perfunctory manner, and the workmen in question lost all faith in the enquiry proceedings and withdrew therefrom. On 28th February 1958, the Company decided to declare lock-out at Manicktala in the night on a false and malicious pretext. The Union states that the additional charge against Shri Satya Ranjan Sen, Shri Saroj Ranjan Biswas and Shri Digindra Kumar Bhattacharjee for the alleged incident of 28th February 1958, was never brought against them, and they had no scope of defence, and this allegation was added in the letter of dismissal to create a bias against the said three leaders. The Company's case is that the enquiry was held in a proper manner, that the charge-sheeted persons were given every opportunity of defending themselves, and on 27th February 1958, the enquiry committee submitted its report. On 28th February 1958 the victims of the subversive activities made statements, both written and verbal, to the Managing Director, who was satisfied that these three persons and some others were the prime-movers of the various subversive activities. The management duly considered the report in respect of the charges under charge-sheets, dated 17th January 1958, and considered the additional misconducts on 28th February 1958 in respect of the three persons of Maniktala establishment, and the management in a *bona fide* manner, dismissed the five employees from service.

25. The question is whether the dismissal of the five persons in question was justified in the circumstances, as mentioned above. Evidence was adduced by both the parties in respect of their respective cases. Evidence before the enquiry committee was also proved in this proceeding. P.W. 1 Shri Satya Ranjan Sen, Secretary of the Union and one of the dismissed workers, P.W. 2 Shri Benoy Kumar Ghosh, Assistant Secretary of the Union and one of the dismissed workmen, P.W. 3 Shri Saroj Ranjan Biswas, a member of the Executive Committee and one of the dismissed workers and P.W. 4 Shri Digendra Kumar Bhattacharjee, one of the dismissed workers and a member of the Executive Committee, deposed for the Union. Documents Ext. 1 to Ext. 9 were marked for the Union. O.P.W. 1 Shri Rabindra Nath Roy, Works Superintendent of Panihati factory, O.P.W. 2 Shri Ananta Kumar Munshi, Gate Officer of Panihati factory, O.P.W. 3 Shri Amiya Kumar Lahiri, Chemist of Maniktala factory, O.P.W. 4 Shri Prokash Mitra, Resident Gate Officer of Maniktala factory, O.P.W. 5 Dr. Nirmal Chandra Das Gupta, Assistant Manager of the Pharmacy Department at Maniktala factory, O.P.W. 6 Shri Josendra Kishore Gupta Roy, Works Superintendent of Maniktala factory, O.P.W. 7 Shri Ajit Kumar Ghosh, Correspondence Clerk of Maniktala factory and O.P.W. 8 Shri N. N. Chatterjee, Special Officer, deposed for the Company. Documents Ext. A to Ext. Z(1) were marked for the Company.

26. The incidents that culminated in the stay out strike on 20th November 1957 and the stay-in strike on 11th December 1957 and 12th December 1957, and the subsequent dismissal of the five workmen under reference arose out of the claims and counter-claims regarding the implementation of the award of the Fifth Industrial Tribunal on the dearness allowance of the workmen. This award was published in the "Calcutta Gazette" on 26th September 1957, and was operative with effect from 26th October 1957. The Company pays wages to the workmen fortnightly, i.e., twice in the month. The first pay day after 26th October 1957 was 4th November 1957 and 5th November 1957 and the second pay day was on 19th November 1957. The increased wage was not paid on these dates. There was a strike of the workmen in both Maniktala and Panihati factories on 20th November 1957. The evidence is that all the workmen in these two factories did not join their work on 20th November 1957, and went in a procession to Calcutta to wait on a deputation to the Hon'ble Labour Minister, West Bengal. At Maniktala the main factory is at 164 Maniktala Main Road. There is an adjacent building which houses an office called the Main Office at 168 Maniktala Main Road. The Comany has another considerable factory at Panihati on the Barrackpore Trunk Road. The dispute in the award under reference was framed as between Messrs. Bengal Chemical and Pharmaceutical Works Ltd., 164 Manicktala Main Road, and their employees represented by Bengal Chemical Mazdoor Union. There was another dispute pending between the same parties in respect of bonus, house-rent allowance, fixation of grades and scales of pay of some categories of workmen, etc. The award on this

reference was published in the "Calcutta Gazette", dated 12th December 1957, and the proceedings relating to this reference were, therefore, pending till 11th January 1958. In this award, the learned Tribunal decided that the Panihati Branch and the Head Office Branch workmen were outside the scope of the reference.

27. The learned Tribunal corrected a clerical mistake and error in the award published on 26th September 1957, and this correction was published under notification, dated 29th November 1957, which was published in the "Calcutta Gazette", dated 19th December 1957. Exhibit R is the copy of this notification that was forwarded to the Company by the Government under a memorandum, dated 29th November 1957. It appears from letter [Ext. E(5)], dated 4th December 1957, written by the Manager to the Union that the copy of the notification correcting the error was received by the Company on 4th December 1957. The result of the correction was that for pay ranges over Rs. 50 per month, the increase in dearness allowance was at Rs. 5 per month in place of Rs. 7 as it appeared in a part of the award.

28. The learned Advocate for the Union pressed that in view of the decision of the Tribunal in the award which was published on 12th December 1957, the establishment of the Company at the Main Office at 168 Manicktala Main Road was not also covered by that award. It was, therefore, pressed that the strike on 20th November 1957 was not illegal so far as the employees of the Panihati factory and in the Main Office at 168 Manicktala Main Road were concerned. I shall accept the contention of the learned Advocate for the Union that the award between the Union and the Company, published in the "Calcutta Gazette", dated 12th December 1957, was binding only between the Company and their workmen at 164 Manicktala Main Road. That being so, there can be no doubt that for the workmen at 164 Manicktala Main Road, the strike on 20th November 1957 was illegal, inasmuch as, it was in violation of section 23(b) of the Industrial Disputes Act. The strike on 20th November 1957 was not illegal in respect of the employees at the Panihati Branch and at 168 Maniktola Main Road. Of the five employees in question, Shri Satya Ranjan Sen, Secretary of the Union, worked at 168 Maniktola Main Road as a clerk. Shri Digendra Kumar Bhattacharjee and Shri Saroj Ranjan Biswas worked in the Maniktola factory at 164 Maniktala Main Road in the Pharmacy Department. Shri Benoy Kumar Ghosh and Shri Bai Bhal worked at Panihati factory, the former as a clerk and the latter as a worker. It will, therefore, appear that Shri Satya Ranjan Sen, Secretary of the Main Office at 168 Maniktola Main Road and and Shri Benoy Kumar Ghosh and Shri Bai Bhal of the Panihati factory did not take part in an illegal strike when they struck work on 20th November 1957. If, however, it is found that Shri Satya Ranjan Sen incited and instigated the strike of the workmen at 164 Maniktola Main Road, he would be guilty of inciting an illegal strike, which is a criminal offence under section 27 of the Act. The cause of the strike on 20th November 1957 appears to be the workmen's objection against the Tribunal's correcting the clerical mistake under rule 20 of the Industrial Disputes Rules. P.W. 1 Shri Satya Ranjan Sen, Secretary, states that the workmen decided to submit a memorandum to the Hon'ble Chief Minister enquirying if the awarded dearness allowance had been reduced, and if so, why. The Secretary also states that on 20th November 1959, he learnt at the Secretariat that the Tribunal had recommended for the alteration of the award in respect of dearness allowance. The Secretary also states that he and his companions were of the impression that if they could have the award implemented by the Company, then the Company would not get any stay order from the Hon'ble Supreme Court, and usually the amount of an award is not curtailed by the Hon'ble Supreme Court in appeal. They, therefore, decided that the Company should be made to implement the award, and they did not want that the Stay Order should be obtained by the Company from the Hon'ble Supreme Court ,and they were under the impression that a strike would somehow force the Company to implement the award. I find that this is the reason that impelled the Union to stage the strike on 20th November 1957 and the stay-in-strikes on 11th December 1957 and 12th December 1957.

29. I shall now tress the events from 21st November 1957 that culminated in the stay-in-strikes in December. Exhibit E is a notice dated 21st November 1957 issued by the Company, stating their dissatisfaction at the subversive activities by way of illegal and unjustified strikes. The Company also warns that the Management reserves the right of taking necessary disciplinary action against the ring-leaders. It appears from the evidence of O.P.W. 7 that there was a hunger-strike over the claim of dearness allowance by Shri Satya Ranjan Sen, Shri Monoranjan Sarkar and Parimal Babu. This was before the strike on 20th November 1957. Exhibit E(1), dated 22nd November 1957, is the reply of the Union Secretary to notice (Ext. E.). It states that the workmen are very much aggrieved for the illegal action of the Tribunal in changing the award, and the notice (Ext. E.), was provocative. It also assures that the grievances and agitation at the moment were directed against the Government and its officials, and this agitation was spontaneous and not aided by the Union. Exhibit E(2), dated 27th November 1957, is a letter by the Union Secretary demanding payment of dearness allowance according to the award. It states that if the Government or any higher Court changes the award later on, the excess payment may be adjusted. Exhibit E(3), dated 3rd December 1957, is a letter by the Company Manager to the Union Secretary, informing him that an amendment by way of correction of the award has been made but only a copy of the same was received by the Company, the question of implementation of the award could not be taken up. The Manager also informs that the Company is considering moving higher Courts in the matter of the award, for which also it was impossible to implement the award forthwith. The letter,

[Ext. E(4)] is the reply by the Union Secretary to Ext. E(3). It states that the reasons shown in the letter for non-implementation of the award are meaningless and the Company is violating the law. The Union will not be responsible if anything illegal is done by the workers in retaliation of the non-implementation of the award. Exhibit E(5), dated 4th December 1957, is a reply of the Company Manager to the letter [Ext. E(4)]. It states that a copy of the correction of error in the award has been received by the Company on that date, i.e., on 4th December 1957, and that the date of enforcement of the modified award will commence on the expiry of 30 days from the date of the publication of the correction in the "Calcutta Gazette". On these facts, the Union should not indulge in organising illegal lightening strike. The Union was also exciting workers against discipline on alleged violation of law by the Company by delivering inflammatory speeches. It may be noted in passing that the Company was not correct in claiming that the modified award was to be in operation after 30 days from the date of the publication of the correction in the "Calcutta Gazette". The award was not modified, but a clerical mistake was corrected. The award was published on 26th September 1957, and was in operation from 26th October 1957. This date was not affected by the correction of a clerical mistake. Exhibit E(6), dated 5th December 1957, is the letter of the Union Secretary to the Company Manager stating that the award was already in operation from the date one month ahead of the publication of the award, and the Union Secretary states that the Company is provocating the workers by not implementing the award, and he warns that the workers may take steps to vindicate their rights, if the provocation of the Company continues. Exhibit E(7) is a letter, dated 7th December 1957, by the Managing Director to the Secretary of the Union, informing him that the Corrigendum has been published by the Government in a notification and the Company intends to move the higher Court against the direction of the award and to obtain a Stay Order from the same Court at an early date. In view of the above, the award in question could not be implemented. The Managing Director also states that various threats are given by the Union and the Union leaders. Inflammatory statements are being made to paralyse the Company's work and against the personnel of the Management. The letter states that if the Union leaders indulge in the aforesaid activities, they will do so at their own risk. Exhibit E(8), dated 10th December 1957, is the reply by the Union Secretary to the letter, [Ext. E(7).]. The Secretary states that he regrets very much to observe that the Company was determined to continue its illegal and provocative activities, which is being continued even after the request from the Assistant Labour Commissioner, West Bengal, for immediate implementation of the award. The Secretary warns that the risk and responsibility of doing so was with the Management. Exhibit E(9), dated 10th December 1957, is a letter by the Company Manager to Shri N. C. Kundu, Assistant Labour Commissioner, where the Manager requests the Assistant Labour Commissioner to allow the Company at least two weeks' time, i.e., up to 26th December 1957, so that in the meantime, the Company could bring a Stay Order from the Hon'ble Supreme Court. The Company requests the Assistant Labour Commissioner to pass necessary order for staying implementation of the award up to 26th December 1957. It may be observed that this request to the Assistant Labour Commissioner is wholly incompetent, as the Assistant Labour Commissioner was not in a position to stay the implementation of the award for any period or at all. Exhibit E(10), dated 11th December 1957, is another letter from the Company Manager to the Assistant Labour Commissioner, Shri N. C. Kundu, stating that the Union executives held a meeting on 10th December 1957 in front of the factory gate on the street after the closing of the factory and in provocative speeches against the Company, enjoined the employees not to enter the factory at the usual time, 8-30 a.m., but to rally on the street and enter in a body at 9-30 a.m. and abstain from any kind of work. Following the same, the employees did not enter the factory before 9-30 a.m., and thereafter they are not doing any work. Being asked by the departmental heads, the employees are saying that they will not work till the awarded dearness allowance is implemented. Such being the case, it has become impossible to deal with the situation as the Union leaders are often taking recourse to illegal strikes and jeopardising Company's work in every respect. The Manager asks the Assistant Labour Commissioner to realise the situation and do the needful. Exhibit E(11), dated 11th December 1957, is the letter by the Manager to the Secretary of the Mazdoor Union, stating that the Union has advised the workers, both at Maniktala and Panihati factories to resort to an illegal stay-in-strike from the morning of 11th December 1957, in violation of the provisions of the Industrial Disputes Act, 1947. The Union is inciting workers to resort to violence and that the Management viewed with grave concern the activities of the Union and reserve their right to take action according to law. Exhibit E(12), dated 12th December 1957, is a letter by the Managing Director to the Labour Commissioner, West Bengal, stating the fact of the publication of the award on 26th September 1957, and the amendment thereof, by notification, dated 29th November 1957. The Company informed the Union and the Labour Directorate that it was moving the higher Courts against the award. The Company again prays for 15 days' time up to 26th December 1957 for securing the Stay Order from the Hon'ble Supreme Court. The employees at Panihati and Maniktala staged an illegal stay-out strike up to 9-30 a.m. on 11th December 1957, and thereafter they entered the factory and even staged an illegal stay-in-strike and are continuing to stay after their usual working hours against the wishes of the Management. The Company again states that they are of the opinion that the award would be enforceable for implementation after 30 days from the date of publication of the amendment, as notified by order, dated 29th November 1957, in the "Calcutta Gazette". The Company also states that in order to establish industrial peace that has been disturbed by the Union leaders as

a result of their subversive activities, the Company is agreeable to make an advance to be adjusted on the result of the Company's application to the Hon'ble Supreme Court. It also states that on reference to the second award, published on 5th December 1957, employees in the Panihati factory cannot be covered by this award. The Company also states that the said advance could be made to the employees on the basis of the agreement made before the Labour Commissioner on condition of adjustment, if any, in the result of the stay application before the Hon'ble Supreme Court. Exhibit F is the Agreement, dated 12th December 1957. The Agreement was signed by Shri N. N. Chatterjee for the Company, Shri Jyotish Datta and Shri Benoy Kumar Ghosh for the Workmen and Shri N. C. Kundu as Conciliation Officer. It states that the advance will be made with effect from 16th December 1957 and continue to be paid till the disposal of the stay petition to be filed by the Company before the Hon'ble Supreme Court. I was not informed that the advance was given only to Maniktala employees and not to the Panihati employees. On the contrary, I understood that the advance has been made to all the employees, including those at Panihati. Exhibit G, dated 7th December 1957, is a letter from the Assistant Labour Commissioner, Shri N. C. Kundu, to the Union Secretary, stating that there has been an industrial unrest in the establishment. After the Agreement was made, there were appeals by special leave filed both by the Company and the Union. Page 33 of the Paper Book of the Appeals No. 125 and No. 164 (Ext. 2), shows the order of the Hon'ble Supreme Court on the application for stay of the award filed by the Company. This Order is dated 7th January 1958. The Order shows that the arrangement entered into by and between the parties on 12th December 1957, shall continue for six months from the date of the order, that is, 7th January 1958. The decision of the Hon'ble Supreme Court in the two appeals have been published in 1959(I) L.L.J., 413. The appeals were heard on 28th January 1958, and both the appeals were dismissed with costs. The Union's case is that after the Company failed in securing the Stay Order from the Hon'ble Supreme Court on 7th January 1958, it decided to issue charge-sheets on the five Union leaders. These charge-sheets are dated 17th January 1958. Exhibit 1 is the copy of the charge-sheet on the three workmen, viz., Shri Satya Ranjan Sen, Shri Digindra Kumar Bhattacharjee and Shri Saroj Ranjan Biswas, and Ext. 2 is the copy of the charge-sheet on Shri Benoy Kumar Ghosh and Shri Bai Bhal of Panihati. Exhibit B to Ext. B(4) are the explanations of the five workmen on these charge-sheets. The evidence of Shri Satya Ranjan Sen, P.W. 1, is that they discussed amongst themselves and settled a common line of reply. Exhibit V, dated 8th February 1958, is a registered letter by the Managing Director to Shri Satya Ranjan Sen Gupta, stating that with reference to the charge-sheet, dated 17th January 1958 and his explanation thereto, an enquiry would be made into the same by the Enquiry Committee on 14th February 1958 at 12 noon in the City Office of the Company at 6 Ganesh Chandra Avenue, Calcutta. Exhibit E, dated 8th February 1958, is the order of the Managing Director, showing the constitution of the Enquiry Committee. The employee is asked to appear at the enquiry on the date, time and place mentioned above with defence, if any. Exhibit H is a letter, dated 13th February 1958, in reply to the Managing Director's letter, (Ext. V). The Secretary, Shri Satya Ranjan Sen Gupta states in this letter that the Committee should be impartial and so he suggests that 50 per cent. members of the Committee should be representatives of Bengal Chemical Mazdoor Union. The employee has been asked to appear before the committee with his defence, if any. The evidence of almost all the employees of Maniktala Factory, including the officers, is absolutely necessary in this connection. So, he requests the Managing Director to permit him to take the employees with him by way of defence. He also states that pending settlement of the aforesaid points, viz., composition of the Enquiry Committee, and the number of witnesses to be allowed, the enquiry should be postponed. He further states that Shri S. P. Sen, Manager, should be either a member of the Enquiry Committee or a witness in the proceedings and without him the enquiry should not proceed. He further states that the venue of the enquiry should be the Main Office where he works, so that he can easily get witnesses as his defence, instead of the City Office. Exhibit H(1), dated 13th February 1958, is the reply of the Managing Director to the five charge-sheeted persons on Ext. H. It is stated that the Enquiry Committee has been formed in the usual manner and there was no reason to take any Union representative. The Managing Director could not advise as regards the number of witnesses. It further states that the Company did not see any reason to postpone the date of enquiry, which will be held in the City Office as informed. They are, therefore, asked to be present at the enquiry at the appointed date, time and place.

30. The enquiry was held on 14th February 1958, as informed before, and all the five charge-sheeted persons appeared and made statements before the Enquiry Committee. Extensions 0, 0(1), 0(2), 0(3) and 0(4) are the statements beofre the Enquiry Committee of Shri Satya Ranjan Sen, Shri Digindra Kumar Bhattacharjee, Shri Saroj Kumar Biswas, Shri Benoy Kumar Ghosh and Shri Bai Bhal respectively. P.W. 1 Shri Satya Ranjan Sen admits that he and his companions did not sign on the statements. He did not, therefore, admit the statements recorded in the Enquiry Committee, purporting to have been made by them. This was proved by the Company. It appears from the evidence that the second date of the enquiry was fixed on 18th February 1958 at the request of the charge-sheeted workers, and on that date, Shri Benoy Ghosh and Shri Bai Bhal appeared. O.P.W. 8 Shri N. N. Chatterjee, one of the members of the Enquiry Committee, states in his evidence that the enquiry was not held on the 15th at the request of Shri Satya Ranjan Sen, as he had some inconvenience before the 18th, and the enquiry was, therefore, fixed for 18th February 1958. On 18th February 1958 only two, viz., Shri Benoy Kumar Ghosh and Shri Bal Bhal, came. The other three did not

come. These two attended the enquiry till 1 p.m. and then went away, telling the Committee that they were going away under instructions from Shri Satya Ranjan Sen, the General Secretary. On the 14th, Shri Rabindra Nath Roy, Works Superintendent of Panihati, was examined, over and above the five charge-sheeted workmen, and the other witnesses, viz., Shri Ananta Kumar Munshi, Gate Officer of Panihati, Shri Amiya Kumar Lahiri, Chemist of Manicktala, Shri Prakesh Chandra Mitra, Gate Officer of Manicktala, Dr. N. C. Das Gupta, Officer-in-charge of Pharmacy Department, Shri Prafulla Ratan Ghosh, a Chemist of Panihati factory, Shri S. Krishnan, a Chemist of Panihati factory and Dr. S. N. Ghosh of the Biological Department, were examined. It appears from the evidence before the Tribunal that Shri Prafulla Ratan Ghosh and Shri S. Krishnan are not in the service of the Company now. Of these witnesses, Shri Rabindra Nath Roy, O.P.W. 1, Shri Ananta Kumar Munshi O.P.W. 2, Shri Amiya Kumar Lahiri O.P.W. 3, Shri Prakesh Mitra O.P.W. 4, and Dr. N. C. Das Gupta, O.P.W. 5., have been examined before the Tribunal. O.P.W. 8 Shri N. N. Chatterjee is one of the Enquiring Officers. Exts. J to J(4) and Exts. P to P(2) are the statements of the witnesses before the Enquiry Committee. Ext. C is the report of the Enquiry Committee, which was submitted to the Managing Director on 27th February 1958 under the signatures of the four members of the Enquiry Committee, viz., N. Adhikari, S. K. Chakrabarty, A. K. Bhattacharjee and N. N. Chatterjee. This report shows that another witness, viz., Shri Jasendra Kisore Gupta Roy was also examined before the Enquiry Committee, but his statement does not appear on the record. This witness has, however, been examined before this Tribunal and is O.P.W. 6. The Enquiry Committee considered the evidence and came to the conclusion that the charge-sheeted employees are guilty of each of the charges as contained in the charge-sheets and they are guilty of gross misconduct meriting dismissal. The Committee held that the five employees are liable to be dismissed. Exhibit C(1) shows some questions which were put to the charge-sheeted employees and to the witnesses before the Enquiry Committee. Exhibit C, the report of the Enquiry Committee, shows that the subject of the enquiry was the charges as per charge-sheet, dated 17th January 1958, and the explanations given by the charge-sheeted employees to the above chare-sheet. The learned Advocate for the Union stated that the questions in Ext. C(1) did not contemplate the explanations given by the charge-sheeted employees and the enquiry was, therefore, defective. The letter (Ext. V) by the Managing Director to Shri Satya Ranjan Sen, dated 8th February 1958, shows that the enquiry was to be made on the charge-sheet, dated 17th January 1958, and the explanations thereto, and the report (Ext. C), shows that the subject of the enquiry was the charges as per charge-sheet, dated the 17th January 1958, and explanations given by the charge-sheeted employees to the above charge-sheet. I do not find that the objection of the learned Advocate for the Union on the questions on Ext. C(1) is of any substance. The charge-sheeted employees did not answer many of the questions at their choice and they were at liberty to make any statement they liked. They were also asked to produce witnesses, if they so desired. It appears that they cross-examined some of the witnesses on 18th February 1958. Exhibits I and I(1) are the orders of the Managing Director, dismissing the five employees in question. Exhibit I relates to the dismissal order on Shri Satya Ranjan Sen, Shri Saroj Ranjan Biswas and Shri Digendra Kumar Bhattacharjee of Manicktala and Ext. I(1) is the order of dismissal of Shri Benoy Kumar Ghosh and Shri Bai Bhal of Panihati.

31. The question that arises now is if the decision of the Enquiry Committee should be supported by this Tribunal. It has been decided by the Hon'ble Supreme Court in the case of Indian Iron & Steel Co., reported in 1958(1) L.L.J., 260, that the Management of a concern has power to direct its own administration and discipline; but the power is not unlimited and when a dispute arises, industrial tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In cases of dismissal, on misconduct, the Tribunal does not act as a court of appeal and substitute its own judgment for that of the Management. It will interfere (i) when there is want of good faith, (ii) when there is victimisation or unfair labour practice, (iii) when the management has been guilty of a basic error or violation of principle of natural justice, and (iv) when on the materials the finding is completely baseless or perverse. It is for the management to determine what constitutes major misconduct within its Standing Orders sufficient to merit dismissal of a workman, but in determining such misconduct, it must have facts upon which to base its conclusions and it must act in good faith without caprice or discrimination and without motives of vindictiveness, intimidation or resorting to unfair labour practice and there must be no infraction of the accepted rules of natural justice. When the Management does have facts from which it can conclude misconduct, its judgment cannot be questioned, provided the above-mentioned principles are not violated. But in the absence of these facts or in case of violation of the principles set out above, its position is untenable. The same principles have been accepted by the Hon'ble Supreme Court in the case of G. MaKenzie & Co. Ltd., reported in 1959(I) L.L.J., 285. The Hon'ble Supreme Court in the case of Balipara Tea Estate, reported in 1959(II) L.L.J., 245, observed that an Industrial Tribunal adjudicating on an industrial dispute relating to dismissal of a workman for misconduct, has not got to decide for itself whether the charge framed against the workman concerned has been established to its satisfaction. It has only to be satisfied that the Management was justified in coming to the conclusion in bona fide and proper domestic enquiry that the charge against the workman was well founded. If it finds in any given case that the Management was actuated by any sinister motives, or had indulged in unfair labour practice or that the workmen had been victimised for any activities of his in connection with the trade union, it would have reason to be critical of the enquiry held by the Management. These are substantially

the same principles as have been enunciated by the Hon'ble Court in the case of Indian Iron & Steel Co. and G. MaKenzie & Co. Ltd. The Hon'ble Court in the case of G. McKenzie & Co. observes that in Lakshmi Devi Sugar Mills Ltd., reported in 1957(I) L.L.J., 17, which was a case under section 22 of the Industrial Disputes (Appellate Tribunal) Act, 1950, the Hon'ble Supreme Court held that if it was established that the workmen had resorted to illegal strike, that a fair enquiry into the alleged misconduct and insubordination of the workmen had been held by the Management without violating any principles of natural justice and as a result of enquiry, the Management had found the workmen guilty of misconduct and insubordination with which they had been charged and the Management had come to the conclusion that continuing the workmen in its employ was dangerous in the interest of the Company, the Tribunal would not interfere with such order. The same principles in substance were enunciated by the Hon'ble Labour Appellate Tribunal in the case of Buckingham & Carnatic Mills, reported in 1952 L.A.C, 490. In the case of Lakshmi Devi Sugar Mills Ltd., reported in 1957(I) L.L.J. 17 at page 23, it is stated that if on service of due notice the respondents do not avail themselves of the opportunity of presenting themselves and defending their action at the enquiry, they are only themselves to blame for it. It was within the province of the Management to hold such an enquiry after giving due notice thereof to the respondent to come to its own conclusion as a result of such enquiry whether the respondents were guilty of the charges which have been levelled against them. If full and free opportunity was given to the employees to present themselves at the enquiry and defend themselves, it could not be said that the enquiry was anything but fair. No principles of natural justice were violated and the Management was at liberty to come to its own conclusion in regard to the culpability of the respondents and also to determine what punishment should be meted out to the respondents for the misconduct and insubordination proved against them. In this present case, the employees in question appeared at the enquiry on 14th February 1958 and two of them also appeared on the second day of enquiry on 18th February 1958, and they retired alleging partiality against the Enquiry Committee. I do not consider that there was any violation of natural justice in the holding of the enquiry in the present case. The letter of the Union Secretary (Ext. II), dated 13th February 1958, objecting against the composition of the Enquiry Committee and demanding production of all the two thousand employees in the Company in his defence is unworthy of support and appears to be an attempt at obstructing the proceedings of the Committee. This was also the opinion of the Enquiry Committee in the last paragraph of the report (Ext. C). In fact, the employees did not examine any witness at all. The plea that the Company resorted to victimisation is unworthy of acceptance, as there are 51 members of the Executive Committee and 200 members of Special Committees. In this case, the Secretary of the Union, two members of the Executive Committee and two Assistant Secretaries are involved. If the misconduct is proved against the Union officials, it cannot be claimed that there is vitimisation. It has been decided above that the strike on 20th November 1957 at Manicktala was an illegal strike on account of the pendency of the second proceedings, the award on which was published on 5th December 1957. I hold that the strike at Panihati on 20th November 1957, was not illegal as Panihati factory was not involved in the second case. The stay-in-strike on 11th December 1957 and 12th December 1957 at Manicktala was doubtlessly illegal, both on account of the operation of section 23 of the Industrial Disputes Act, as well as the fact that it was a stay-in-strike, which was associated with the offence of criminal trespass. The stay-in-strike at Panihati on the same dates was also illegal and unjustified. It has been decided by the Hon'ble Supreme Court in the case of I. G. N. Ry. Co., Ltd., reported in 1960(1) L.L.J. 13, that an illegal strike is always unjustified. In the decision of the Hon'ble Rajasthan High Court, in the case of Sadul Textile Mills, reported in 1958(2) L.L.J. 628 the Hon'ble Chief Justice Sanchoo lays down that even without violence a stay-in-strike or a sit-down strike is an invasion of the rights of the employer and there can be no justification for such a strike. By staging a stay-in-strike the workers commit wrong and put themselves out of court even though they might not have actively committed acts of violence or sabotage. By remaining on the property, they practically deprive the employer of his property and also practically stop him from carrying on business with the help of others. There is at the very least an element of trespass upon the property of the employer in the case of a sit-down or stay-in-strike and such a strike must, therefore, be held to be unjustified, whatever may be the justification of an ordinary strike in similar circumstances. The Hon'ble Judge quotes at page 631 an extract from the observation of the United States Supreme Court in the Fansteel case, where the principles to be observed in the case of a stay-in-strike have been laid down. This paragraph is as follows:—

"For the unfair labour practices of respondent, the Act provides a remedy..... But reprehensible as was that conduct of the respondent, there is no ground for saying that it made respondent an outlaw or deprived it of its legal rights to the possession and protection of its property. The employees had the right to strike but they had no licence to commit acts of violence or to seize their employer's plant**. The seizure and holding of the buildings was itself a wrong apart from any acts of sabotage. But in its legal aspect the ousting of the owner from lawful possession is not essentially different from an assault upon the officers of an employing company, or the seizure and conversion of its goods, or the despoiling of its property or other unlawful acts in order to force compliance with demands. To justify such conduct because of the existence of a labour dispute or of an unfair labour practice would be to put a premium on resort to force instead of legal remedies and to subvert the principles of law and order which lie at the foundation of society.

As respondent's unfair labour practices afforded no excuse for the seizure and holding of its buildings, respondent had its normal rights of

redress. Those rights, in their most obvious scope, included the right to discharge the wrong-doers from its employ."

It is, therefore, clear that any unfair labour practice which the Company might have committed by way of non-implementation of the award, will not justify the launching of the stay-in-strike by the workmen. The learned Advocate for the Union laid great stress on the fact of the Company not implementing the award with effect from 26th October 1957, and it was stated with emphasis that this non-implementation of the award was a violation of the Industrial Disputes Act and was, therefore, an unfair labour practice and a provocation on the part of the employer which justified at least partially the workmen to launch a stay-in-strike. The evidence of Shri Satya Ranjan Sen shows that the immediate grievance that resulted in the strike was the non-implementation of the award of the Fifth Industrial Tribunal, dated 26th September 1957. The witness states in his cross-examination that the Union decided that the Company should be made to implement the award and they did not want that a Stay Order should be obtained by the Company from the Hon'ble Supreme Court and they were under the impression that a strike would somehow force the Company to implement the award. The Union Secretary and the other Union leaders who deposed in this case, stated that they all tried their utmost to see that there was no untoward incidents during the period of the strikes. Even though there was no violence, a stay-in-strike is an invasion of the rights of the employer and is a grave misconduct on the part of the employees. The Hon'ble Judge in the case of Sadul Textile Mills observes that even without violence a stay-in or sit-down strike is an invasion of the rights of the employer in the property of the Company and the reason why there was no violence in that case seemed to the Hon'ble Judge to be due to either the weakness or forbearance of the employer. The Hon'ble Judges state that they have little doubt that if the employer had insisted on the removal of the striking employees, there would have been trouble. The same principles have been enunciated by the Hon'ble Supreme Court in the case of the Punjab National Bank and their workmen, reported in 1959 (II) L.L.J., 666. The Hon'ble Judges at page 686 approved of the decision of the Supreme Court of America in the case of Fansteel Metallurgical Corporation. In this case, as has been mentioned above in the case of Sadul Textile Mills, the Hon'ble Court observes that this was not really the exercise of the right to strike to which the Act referred. It was wholly seizure of the buildings in order to prevent their use by the employer in a lawful manner and thus by acts of force and violence compelled the employer to submit. This is exactly what happened in the present case.

32. The learned Advocate for the Union made the case that whatever the facts that happened were, the five charge-sheeted employees were not the instigators of the strikes and the strikes were spontaneous. This was exactly the evidence of the four charge-sheeted employees, who deposed before the Tribunal, but the evidence on record before the Tribunal, as well as before the Enquiry Committee, clearly show that the charge-sheeted employees, Shri Satya Ranjan Sen, Shri Digendra Kumar Bhattacharjee and Shri Saroj Ranjan Biswas of the Manicktala factory held meetings before the gate of the factory and addressed the workers in inflammatory speeches on 19th November 1957, urging them to launch a strike on the following day and also on 10th December 1957 to wait in front of the gate of the factory for one hour after 8-30 a.m. and then to enter into the factory in a body and stay in without doing any work and demanding the awarded dearness allowance, if any of the Supervisors wanted them to work. The same is the evidence in regard to Shri Benoy Ghosh and Shri Bai Bhal in respect of the strikes at Panihati. They also delivered inflammatory speeches on 19th January 1957, for effecting the strike on 20th November 1957 and on 10th December 1957 for effecting a similar strike as at Manicktala on 11th December 1957. The stay-in-strike which was launched in the morning of 11th December 1957 continued till the evening of 12th December 1957. The evidence before the Enquiry Committee, as also before the Tribunal, shows that the establishments went to the possession of the workmen and the officials of the Management were rendered powerless. At the conclusion of the strikes on 12th December 1957, the Union leaders also asked the Officers to take charge of their establishments and to see if everything was alright. The evidence of the four charge-sheeted workmen before this Tribunal was that the workmen stated only that they had no confidence on the Union leaders, as they could not realise the awarded dearness allowance and, they, therefore, launched the strikes of their own accord and on their own responsibility. This plea is unworthy of acceptance. It has been discussed above that Shri Satya Ranjan Sen, the Secretary of the Union, even went to the length of launching a hunger strike for increasing the dearness allowance. The letters (Ext. E series), discussed above, clearly show that the Union Secretary Shri Satya Ranjan Sen was taking a most active and intelligent part in the fight with the Company over the claim of the implementation of the award of 26th September 1957. The evidence of Shri Satya Ranjan Sen before the Tribunal shows that the launching of the strike was deliberately conceived in order to force the Company to pay the awarded dearness allowance before it could get the Stay Order from the Hon'ble Supreme Court. The stay-in-strike was to secure a quick result which was partly successful, as the Company had to execute the Agreement (Ext. F), on 12th December 1957 before the stay-in-strike was withdrawn. I do consider that the members of the Enquiry Committee were perfectly justified in fixing the responsibility of the strikes on the Union leaders who are involved in this proceeding.

33. The learned Advocate for the Union conceded at the time of his argument that it was improper for the workmen to stay inside the factory for 36 hours. He pointed out to the Tribunal that there was provocation from the Management, as the award was not implemented and the employees thought that there was no other alternative for the Union than to launch the stay-in-strike to secure quick results. It was pointed out that the Management should have considered the extenuating circumstances and that the element of

illegality in the Company's conduct was such a piece of circumstance. It was pointed out that mere filing of an appeal to the Hon'ble Supreme Court did not operate as an automatic stay of the award and the decision of the Hon'ble Supreme Court in the case of I.G.N.R. Co., reported in 1960(I) L.L.J., 13 at page 18 was cited. As has been noted above, the Company was bound to implement the award of 26th September 1958, unless there was a stay of the award by a competent Court, and the failure of the Company to implement the award was illegal and could be taken as a provocation to the workmen. I have noted above the observations of the Hon'ble Judge of the Supreme Court of America in the Fansteel case, as quoted at page 631, in the decision of the Hon'ble Court in the Sadul Textile Mills case, reported in 1958 (II) L.L.J., 628. The Hon'ble Judges state that for the unfair labour practice the Act provides a remedy and that although the conduct of the Company was reprehensible, there was no ground for saying that it made the Company an outlaw and deprived it of its legal rights to the possession and protection of its property. The Hon'ble Court at page 632 agreed with the observations in the Fansteel case, as quoted at page 631. The principles enunciated in the paragraph at page 631 should, therefore, be accepted as good law in India. The Industrial Disputes Act makes ample provision for a remedy in case of non-implementation of an award in section 29. The Union should consider that this is a sufficient remedy for non-implementation of the award by the Company. The Union cannot be permitted to choose its own remedy for non-implementation of the award instead of the remedy provided under the Act and plead the fact of non-implementation as a sufficient excuse for the unlawful seizure of the employers' establishment. The principal argument of the learned Advocate in this case in defence of the dismissed employees and in suggesting for a lesser punishment than dismissal is, therefore, unworthy of support.

34. It was next suggested that in view of the decisions of the Hon'ble Supreme Court in the case of Model Mills, reported in 1958 (I) L.L.J., 539, the cessation of work by the employees on 20th November 1957 and on 11th and 12th December 1957, were not strikes under the Industrial Disputes Act, as they were not in furtherance of an industrial dispute. It was pointed out that non-implementation of an award did not give rise to an industrial dispute, as the dispute between the parties had merged in the award. This argument is not worthy of support. This case of Model Mills was governed by the C.P. and Berar Industrial Disputes Settlement Act, 1947, and not the Industrial Disputes Act. The C.P. Act has its own definition for a strike in section 2(27) of the Act. The C.P. Act also defines industrial dispute in section 2(12) of the Act and makes a question pertaining to a right or claim under an award in an industrial dispute. The strikes in question were, therefore, strikes under the C.P. Act. Under the I.D. Act, a strike means a cessation of work by a body of persons employed in an industry acting in combination. It need not be in connection with an industrial dispute. There can be, therefore, no doubt that the cessations of work by the workmen on 20th November 1957 and on 11th and 12th December 1957, were strikes under section 2(q) of the Industrial Disputes Act. The plea that there was no strikes on the dates in question is, therefore, unacceptable.

35. The learned Advocate for the Union further pointed out that in the letter of dismissal [Exts. I and I(1)], the Managing Director put in an erroneous argument, attempting to show in the third paragraph that the plea of non-implementation of the award was untenable. This paragraph is not relevant for the purpose of the order. The same is the case with the next following paragraph. The Managing Director in his order [Exts. I and I(1)], was only to consider if he accepted the findings of the Enquiry Committee, and this he did in the first paragraph of the order. The paragraphs relating to the incident on 28th February 1958 in Ext. I was within the competence of the dismissing authority and I shall consider this matter hereafter. I do not consider that the order [Exts. I and I(1)], have been in any way defective in so far as the Managing Director accepted the findings of the Enquiry Committee in Ext. C, only because he chose to add some details of the incident and made an attempt to explain them in favour of the Company in his own way. These paragraphs do not cloud the fact that the Managing Director accepted the findings of the Enquiry Committee and agreeing with them, dismissed the employees in question.

36. On giving my most anxious consideration to the whole matter, I find that the orders of the Managing Director in so far as it accepted the findings of the Enquiry Committee, did not suffer from any of the defects mentioned in the case of Indian Iron & Steel Co., Ltd. and G. Mackenzie & Co., Ltd., reported in 1958 (I) L.L.J., 260, and in 1959 (I) L.L.J., 285 respectively.

37. I do not consider that there is any evidence to show that there was want of good faith on the part of the Company in the matter of the enquiry and disciplinary action. There is no evidence on record to justify the conclusion that there has been any victimisation or unfair labour practice on the part of the employer in the matter of the proceedings in question. There is nothing to show that the management has been guilty of a basic error or violation of the principles of natural justice. I do not also consider that on the materials the findings of the Managing Director is completely baseless or perverse.

38. It has been decided that the Hon'ble Labour Appellate Tribunal in the case of Caltex (India) Ltd. reported in 1954 L.A.C. 211 at page 216 that a wrong finding is not necessarily a perverse finding and a finding cannot be held to be perverse merely because it is possible for another authority on the materials to come to a different finding and that a perverse finding is one that is not only against the weight of the evidence but is altogether against the evidence. It has been decided in this case that if there is some evidence from which the management could come to the decision as it did the findings could not be said to be perverse. The Tribunal has merely to see that the decision of the management is a possible view on the evidence before it. The tribunal has

no power to make an enquiry into the allegation itself and on the basis of evidence received by it to decide whether the findings of misconduct was correct or not [vide 1957(2) L.L.J. 15].

39. It is, therefore decided that the report of the enquiry committee was rightly accepted by the Managing Director and the order of dismissal passed by him on the 5 employees in question, as based on the report Ext. C, is competent and should be accepted by the Tribunal, and I award accordingly.

40. The decision of the Managing Director to dismiss the three employees of the Maniktala Factory, namely, Shri Satya Ranjan Sen, Shri Soroj Ranjan Biswas, and Shri Digendra Kumar Bhattacharyya as per Ext. I, is also based on the incident of rowdyism and misconduct committed by them along with other workers on 28th February 1958 at the Maniktala Factory in the room of Shri N. N. Chatterjee, Special Officer and a member of the Enquiry Committee. The order of dismissal, on this charge on the three employees was passed without any charge-sheet having been issued or any explanation called for or enquiry held. The order of dismissal on this count was therefore, summary. It has been observed by the Hon'ble Supreme Court in the case of Punjab National Bank versus Their workmen, reported in 1959 (II) L.L.J., 666 at page 682 as follows:—

"But it follows that if no enquiry has in fact been held by the employer, the issue about the merits of the impugned order of dismissal is at large before the tribunal and on the evidence adduced before it, the tribunal has to deal for itself whether the misconduct alleged is proved, and if yet what would be proper order to make in such a case, the point about the exercise of managerial function does not arise at all. This answers the argument which Mr. Sanyal has raised before us in his appeal."

The same view was also held by the Hon'ble Labour Appellate Tribunal, in the case of Bathgate Employees Union reported in 1953 L.A.C. at page 149, in the Swadeshi Cotton Mills' case and Ganges Flour Mills reported in 1954 L.A.C., pages 153 and 156, respectively. Detailed evidence was adduced on the incident by O.P.W. 3 Shri Amiya Kumar Lahiri, O.P.D. 5 Dr. Nirmal Chandra Dasgupta and O.P.W. 8 Shri N. N. Chatterjee who was a member of the Enquiry Committee. O.P.W. 8 states that he went to the office at 10 a.m. and Dr. Nirmal Chandra Dasgupta came to his chamber where the two held discussions about sale matters. Satya Ranjan Sen, Shri Digendra Kumar Bhattacharyya and Shri Saroj Ranjan Biswas entered the room followed by a large number of workmen and the room was filled up within a few minutes by the workmen. Shri N. N. Chatterjee asked them why they had entered into the room when he was working. He asked them to go away and told them that he would hear them after sometime. Satya Babu at that time told him that they would not go out and the charge-sheets against them would have to be withdrawn at once. The witness told them that charge-sheets had been issued by the Manager and he was not competent to withdraw it. Satya Babu then asked him to write to the Manager recommending the withdrawal of the charge-sheets. Satya Babu asked his companions to bring Saroj Chakraborty and the Labour Officer, Shri Biren Mukherjee. In the course of another two minutes, Shri Biren Mukherjee was brought into the room. He was pushed down and thrown on the floor and was assaulted by kicks and blows. At that time, Satya Babu told the witness that he would be in an extremely sorry plight unless he wrote according to his dictation at once. Saroj Biswas commanded the witness to write at once. Others uttered threatening words against him. Digen Babu also warned him to write out as he was ordered. Within another two minutes Saroj Chakrabarty was pushed into the room. In the meantime witness got 2/3 slaps at his back and shoulder. Satya Babu produced 2 letter heads of the company from his pocket and asked the witness to write thereon. One was addressed to the Manager of the Company recommending withdrawal of the charge-sheets against the five workmen and payment of wages for 11th and 12th December 1957. The witness was also asked to write another letter addressed to the Secretary of the Mazdoor Union informing him that the charge-sheets against the five workmen were being withdrawn and payment of wages for 11th and 12th December was being recommended. The two memos were written at the dictation of Satya Babu. The witness signed on the two memos and then Saroj Chakraborty and Dr. N. C. Dasgupta were made to sign on these two letters. Satya Babu then said that the work there had been finished and that they would have to go to Shri Nadia Behari Adhikary who was the Chairman of the Enquiry Committee. In the afternoon at about 4 p.m. the witness submitted a report to the Managing Director. Similar reports were also submitted by Dr. N. C. Das Gupta, Shri Saroj Chakrabarty, Shri N. B. Adhikary and Shri B. Mukherjee, Labour Officer [Ext. K and Exts. S to S(3)]. The evidence of O.P.W. 5, Shri N. C. Das Gupta on the incident of 28th February 1958, fully corroborates the evidence given by O.P.W. 8, Shri N. N. Chatterjee. The report of this witness to the Managing Director is Ext. K. Exhibit S is the report of O.P.W. 8. Exhibit S(1) is the report of Shri S. K. Chakrabarty and Ext. S(2) is that of Shri N. Adhikary. Exhibit S(3) is the report of the Labour Officer, Shri B. N. Mukherjee. All these reports are dated 28th February 1958 and addressed to the Managing Director. The three employees who are alleged to be involved in this incident deposed in this case and denied that any such incident happened on 28th February 1958. P.W. 1 Shri Satya Ranjan Sen states that the Company filed a criminal case against him and other workers, alleging the incident of assault against them on 28th February 1958, but they were acquitted in that case. The judgment in this case is Ext. 4. P. W. 3 Shri Saroj Ranjan Biswas and P. W. 4 Shri Digindra Kumar Bhattacharyya also denied having committed any assault on anybody within the factory on 28th February 1958.

41. The reports [Ext. K and Exts. S to S(3)] by persons who are directly involved in the occurrence and submitted on 28th February 1958

the Managing Director, have got evidentiary ue. These reports fully corroborate the state- s of the witnesses, O.P.W. 5 and O.P.W. 8 entioned above. The suggestion of the learned cate for the Union was that this incident was y invented to create a situation for declaring ck-out on 1st March 1958 at the Maniktala py with a view to crush the Union. It was suggested that Shri Narendra Nath Chatterjee Officer on extension and he was selected to imaginary victim under somewhat humiliat- rcumstances. It was further suggested that ficials, e.g. O.P.W. 5, Dr. N. C. Das Gupta, this case, got advance in salary as encouragement to depose falsely in this case. the suggestions were denied and there is no stantial evidence to justify the suggestion. I not consider that these suggestions are sufficient discredit the evidence of the witnesses, some of whom are highly placed officials of the Manage- ent and have no enmity with any of the employees concerned. There was a criminal case incident at the instance of the Company, cusing the three employees named others, were acquitted by the crimi- judgment (Ext. 4). The learned Union pressed that the judgment al court should be accepted as an wing the innocence of the three question in respect of the incident bruary 1958. The fact that the three question were acquitted is not sufficient fore the Tribunal and acquittal in the ase was not a determining factor here ribunal could consider the evidence the workmen afresh and arrive at its own on [vide 1952(II) L.L.J., 36]. The con- the workmen may not amount to an offence Indian Penal Code but may be a mis- fficient to justify disciplinary action. ment of the criminal court, Ext. 4, only t the offence against the accused was not eyond a reasonable doubt. This is not a or considering that the Tribunal cannot hat their conduct was sufficiently objec- to entail disciplinary action under the g Orders (vide 1957 L.A.C., 381).

The evidence on record clearly shows that n February 1958 Shri Satya Ranjan Sen, igin Bhattacharjee and Shri Saroj Kumar with a large body of workmen, entered he office room of Shri Narendra Nath rjee, O.P.W. 8, and by threats and insults, to write two memoranda, one for the commending withdrawal of the charge- ast the five employees under reference, t of wages for 11th and 12th December, her to the Secretary of the Union, in- n about the matter. I find that Shri ra Nath Chatterjee received some slaps nidentified persons during the incident and he workers at the instance of the three per- amed above took signatures from Shri Saroj abarty, Shri Nadia Bihari Adhikari and N. C. Dutta on the nite which were written by Shri Narendra Nath Guha at the instance of Shri Satya Ranjan Sen. that the incident on 28th February 1958 occurred at the instigation and leadership of Shri Satya Ranjan Sen, Shri Digin Bhattacharjee and Shri Saroj Biswas and they should be dismissed under the Standing Orders for this misconduct as was decided by the Managing Director. Exhibit W is the Standing Orders of the Company. The conduct of Shri Satya Ranjan Sen, Shri Saroj Biswas and Shri Dighin Bhattacharjee during the occurence on 28th February 1958 is a misconduct under paragraph 10 of the Standing Orders and clause B offences. The offence was riotous and disorderly behaviour during the working hours on the factory premises or any act subversive of discipline, as stated in sub-clause (f) under clause B offences. The offence also came under sub-clauses (a) and (i) of the same group. It is, therefore, awarded that Shri Satya Ranjan Sen, Shri Digin Bhattacharjee and Shri Saroj Biswas should be dismissed also for their misconduct on 28th February 1958.

43. The question arose if in view of the principles enunciated by the Hon'ble Supreme Court in the case of Susa Musa Sugar Works, reported in 1957(II) L.L.J. 388, and Phulbari Tea Estate, 1959(II) L.L.J. 663, the employers are bound to pay any wages to Shri Satya Ranjan Sen, Shri Digindra Kumar Bhattacharjee and Shri Saroj Ranjan Biswas till the date of the award, as they did not hold any enquiry over the misconduct of 28th February 1958. The principles enunciated in those cases do not apply to the present case, in view of the fact that these three employees were not kept under suspension after 28th February 1958; but were dismissed on account of other items of misconduct with effect from 1st March 1958. I do not find that any question of payment of wages to any of the workmen arise in the circumstances of the case.

44. From what has been discussed above, it is awarded that the dismissal of the five employees, namely, Shri Satya Ranjan Sen, Shri Saroj Kumar Biswas, Shri Digendra Kumar Bhattacharjee, Shri Benoy Kumar Ghosh and Shri Bai Bhal is justified and they are not entitled to any relief.

45. This Issue is accordingly answered.
